

Acknowledgements

The community of Belchertown thanks the hundreds of local people who contributed to our collective knowledge and perspective by responding to the 2000 Community Survey, by expressing themselves at the Community Plan booth at the 2000 and 2001 town fairs, and by participating in the three Community Plan forums and the workshop for town officials. More thanks go to those who participated in the 2007 public forum and the many anonymous residents who participated in the 2007 survey for this 2009 revision.

It is impossible to list everyone who has helped in the preparation of this Community Plan. However, the following chronology is to recognize those individuals who gave generously of their time and knowledge for our town. We are truly grateful.

Oct 1998 - May 1999

John Whelihan
Douglas Albertson
