About This Coverage Manual

Contract

This coverage manual describes your rights and responsibilities under your group health plan. You and your covered dependents have the right to request a copy of this coverage manual, at no cost to you, by contacting your employer or group sponsor.

Please note: Your employer or group sponsor has the authority to terminate, amend, or modify the coverage described in this coverage manual at any time. Any amendment or modification will be in writing and will be as binding as this coverage manual. If your contract is terminated, you may not receive benefits.

You should familiarize yourself with the entire manual because it describes your benefits, payment obligations, provider networks, claim processes, and other rights and responsibilities.

This group health plan consists of medical benefits and prescription drug benefits. Your Wellmark Health Plan of Iowa, Inc., (Wellmark) benefits are called Blue Access. The prescription drug benefits are called Blue Rx Complete. This coverage manual will indicate when the service, supply or drug is considered medical benefits or drug benefits by using sections, headings, and notes when necessary.

Charts

Some sections have charts, which provide a quick reference or summary but are not a complete description of all details about a topic. A particular chart may not describe some significant factors that would help determine your coverage, payments, or other responsibilities. It is important for you to look up details and not to rely only upon a chart. It is also important to follow any references to other parts of the manual. (References tell you to “see” a section or subject heading, such as, “See *Details – Covered and Not Covered*.” References may also include a page number.)

Complete Information

Very often, complete information on a subject requires you to consult more than one section of the manual. For instance, most information on coverage will be found in these sections:

- At a Glance – Covered and Not Covered
- Details – Covered and Not Covered
- General Conditions of Coverage, Exclusions, and Limitations

However, coverage might be affected also by your choice of provider (information in the *Choosing a Provider* section), certain notification requirements if applicable to your group health plan (the *Notification Requirements and Care Coordination* section), and considerations of eligibility (the *Coverage Eligibility and Effective Date* section).

Even if a service is listed as covered, benefits might not be available in certain situations, and even if a service is not specifically described as being excluded, it might not be covered.

Read Thoroughly

You can use your group health plan to the best advantage by learning how this document is organized and how sections are related to each other. And whenever you look up a particular topic, follow any references, and read thoroughly.

Your coverage includes many services, treatments, supplies, devices, and drugs. Throughout the coverage manual, the words *services or supplies* refer to any services, treatments, supplies, devices, or drugs, as applicable in the context, that may be used to diagnose or treat a condition.

Grandfathered Health Plan Status

This group health plan was in effect on March 23, 2010 and is being categorized as a “grandfathered health plan” under the Patient Protection and Affordable Care Act (the “Affordable Care Act”).

As permitted under the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when the law was enacted and does not have to include certain consumer protections that apply to non-grandfathered health plans, such as coverage of preventive health services without any cost-sharing obligation. (Certain other consumer protections such as the elimination of lifetime limits on benefits apply to all group health plans, regardless of their status as a grandfathered health plan.)

For questions regarding which consumer protections apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status contact your employer or group sponsor.

You may also contact the *U.S. Department of Health and Human Services (HHS)* at www.hhs.gov.

Questions

If you have questions about your group health plan, or are unsure whether a particular service or supply is covered, call the Customer Service number on your ID card.

1. What You Pay

This section is intended to provide you with an overview of your payment obligations under this group health plan. This section is not intended to be and does not constitute a complete description of your payment obligations. To understand your complete payment obligations you must become familiar with this entire coverage manual, especially the *Factors Affecting What You Pay* and *Choosing a Provider* sections.

Provider Network

Under the medical benefits of this plan, your network of providers consists of Wellmark Blue HMOSM Providers. All other providers are not in your network. Which provider type you choose will affect what you pay.

Generally, you are only covered for services received from Wellmark Blue HMO Providers; however, you may be covered for services received from Participating Providers only in the case of an emergency, accidental injury, guest membership, or approved referrals. You may be covered for services received from Out-of-Network Providers in the case of an emergency, accidental injury, or approved Out-of-Network referrals.

Wellmark Blue HMO Providers. These providers participate with the Wellmark Blue HMO network. Throughout this coverage manual we will refer to these providers as “Network” Providers. Benefits for most covered services are available only when received from Wellmark Blue HMO Providers.

Participating Providers. These providers participate with a Blue Cross and/or Blue Shield Plan, but not with the Wellmark Blue HMO network. Generally, you are only covered for services received from Participating Providers in case of emergency, accidental injury, guest membership, or approved referrals.

Out-of-Network Providers. Out-of-Network Providers do not participate with the Wellmark Blue HMO network or any other Blue Cross and/or Blue Shield Plan. Generally, you are only covered for services received from Out-of-Network Providers in case of emergency, accidental injury, or approved Out-of-Network referrals.

Drugs that are Covered

The Wellmark Blue Rx Complete Drug List

The Wellmark Blue Rx Complete Drug List is a reference list that includes generic and brand-name prescription drugs and pharmacy durable medical equipment devices that have been approved by the U.S. Food and Drug Administration (FDA) and are covered under your Blue Rx Complete prescription drug benefits. The Wellmark Blue Rx Complete Drug List is established and maintained by Wellmark's Pharmacy & Therapeutics (P&T) Committee. The P&T Committee is an independent group of practicing healthcare providers such as physicians and pharmacists who regularly meet to review the safety, effectiveness, and value of new and existing medications and make any necessary changes to the Drug List. The Drug List is updated on a quarterly basis. Changes to the Drug List may occur more frequently, when new versions or generic versions of existing drugs become

available, new safety concerns arise, and as discontinued drugs are removed from the marketplace. Additional changes to the Drug List that could have an adverse financial impact to you (e.g., drug exclusion, drug moving to a higher payment tier/level) occur semi-annually.

To determine if a drug is covered, you must consult the Wellmark Blue Rx Complete Drug List. You are covered for drugs listed on the Wellmark Blue Rx Complete Drug List. If a drug is not on the Wellmark Blue Rx Complete Drug List, it is not covered.

If you need help determining if a particular drug is on the Drug List, ask your physician or pharmacist, visit our website, *Wellmark.com*, or call the Customer Service number on your ID card and request a copy of the Drug List.

The Drug List is subject to change.

Specialty Drugs

Specialty drugs are high-cost injectable, oral, or inhaled drugs typically used for treating or managing chronic illnesses. These drugs often require special handling (e.g., refrigeration) and administration. You must purchase specialty drugs through the specialty pharmacy program. They are not available through the mail order drug program.

Specialty drugs may be covered under your Blue Rx Complete prescription drug benefits or under your medical benefits. To determine whether a particular specialty drug is covered under your Blue Rx Complete prescription drug benefits or under your medical benefits, consult the Wellmark Blue Rx Complete Drug List at *Wellmark.com*, check with your pharmacist or physician, or call the Customer Service number on your ID card. See *Specialty Pharmacy Program*, page 46.

Where to Purchase Prescription Drugs

Specialty Drugs. You must purchase specialty drugs through the specialty

pharmacy program. If you purchase specialty drugs outside the specialty pharmacy program, you are responsible for the entire cost of the drug. See *Specialty Pharmacy Program*, page 46.

Limits on Prescription Drug Coverage

We may exclude, discontinue, or limit coverage for any drug by removing it from the Drug List or by moving a drug to a different tier on the Drug List for any of the following reasons:

- New drugs are developed.
- Generic drugs become available.
- Over-the-counter drugs with similar properties become available or a drug's active ingredient is available in a similar strength in an over-the-counter product or as a nutritional or dietary supplement product available over the counter.
- There is a sound medical reason.
- Scientific evidence does not show that a drug works as well and is as safe as other drugs used to treat the same or similar conditions.
- A drug receives FDA approval for a new use.

Drugs, Services, and Items that are Not Covered

Drugs, services, and items that are not covered under your prescription drug benefits include, but are not limited to:

- Drugs not listed on the Wellmark Blue Rx Complete Drug List.
- Specialty drugs purchased outside the specialty pharmacy program unless the specialty drug is covered under your medical benefits.
- Drugs in excess of a quantity limitation. See *Quantity Limitations* later in this section.
- Antigen therapy.
- Drugs that are not FDA-approved.
- Drugs that are not approved to be covered by Wellmark's P&T Committee.

- Investigational or experimental drugs.
- Compounded drugs that do not contain an active ingredient in a form that has been approved by the FDA and that require a prescription to obtain.
- Compounded drugs that contain bulk powders or that are commercially available as a similar prescription drug.
- Drugs determined to be abused or otherwise misused by you.
- Drugs that are lost, damaged, stolen, or used inappropriately.
- Contraceptive medical devices, such as intrauterine devices and diaphragms. These are covered under your medical benefits. See *Contraceptives*, page 13.
- Convenience packaging. If the cost of the convenience packaged drug exceeds what the drug would cost if purchased in its normal container, the convenience packaged drug is not covered.
- Cosmetic drugs.
- Infused drugs. These may be covered under your medical benefits. See *Specialty Drugs*, page 25.
- Irrigation solutions and supplies.
- Medication Therapy Management (MTM) when billed separately.
- Therapeutic devices or medical appliances.
- Infertility drugs.
- Nicotine dependency drugs.
- Weight reduction drugs.

Prescription Purchases Outside the United States

To qualify for benefits for prescription drugs purchased outside the United States, all of the following requirements must be met:

- You are injured or become ill while in a foreign country.
- The prescription drug's active ingredient and dosage form are FDA-approved or an FDA equivalent and has the same

name and dosage form as the FDA-approved drug's active ingredient.

- The prescription drug would require a written prescription by a licensed practitioner if prescribed in the U.S.
- You provide acceptable documentation that you received a covered service from a practitioner or hospital and the practitioner or hospital prescribed the prescription drug.

- The refill is not limited by state law. You are allowed one early refill per medication per calendar year if you will be away from home for an extended period of time.

If traveling within the United States, the refill amount will be subject to any applicable quantity limits under this coverage. If traveling outside the United States, the refill amount will not exceed a 90-day supply.

To receive authorization for an early refill, ask your pharmacist to call us.

Quantity Limitations

Most prescription drugs are limited to a maximum quantity you may receive in a single prescription.

Federal regulations limit the quantity that may be dispensed for certain medications. If your prescription is so regulated, it may not be available in the amount prescribed by your physician.

In addition, coverage for certain drugs is limited to specific quantities per month, benefit year, or lifetime. Amounts in excess of quantity limitations are not covered.

For a list of drugs with quantity limits, check with your pharmacist or physician, consult the Wellmark Blue Rx Complete Drug List at *Wellmark.com*, or call the Customer Service number on your ID card.

Refills

To qualify for refill benefits, all of the following requirements must be met:

- Sufficient time has elapsed since the last prescription was written. Sufficient time means that at least 75 percent of the medication has been taken according to the instructions given by the practitioner.
- The refill is not to replace medications that have been lost, damaged, stolen, or used inappropriately.
- The refill is for use by the person for whom the prescription is written (and not someone else).
- The refill does not exceed the amount authorized by your practitioner.

4. General Conditions of Coverage, Exclusions, and Limitations

The provisions in this section describe general conditions of coverage and important exclusions and limitations that apply generally to all types of services or supplies.

Conditions of Coverage

Medically Necessary

A key general condition in order for you to receive benefits is that the service, supply, device, or drug must be medically necessary. Even a service, supply, device, or drug listed as otherwise covered in *Details - Covered and Not Covered* may be excluded if it is not medically necessary in the circumstances. Unless otherwise required by law, Wellmark determines whether a service, supply, device, or drug is medically necessary, and that decision is final and conclusive. Wellmark's medically necessary analysis and determinations apply to any service, supply, device, or drug including, but not limited to, medical, mental health, and chemical dependency treatment, as appropriate. Even though a provider may recommend a service or supply, it may not be medically necessary.

A medically necessary health care service is one that a provider, exercising prudent clinical judgment, provides to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms, and satisfies all of the following criteria:

- Provided in accordance with generally accepted standards of medical practice. Generally accepted standards of medical practice are based on:
 - Nationally recognized utilization management standards as utilized by Wellmark; or
 - Wellmark's published Medical and Drug Policies as determined applicable by Wellmark; or
 - Credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community; or
 - Physician Specialty Society recommendations and the views of physicians practicing in the relevant clinical area.
 - Clinically appropriate in terms of type, frequency, extent, site and duration, and considered effective for the patient's illness, injury or disease,
 - Not provided primarily for the convenience of the patient, physician, or other health care provider, and
 - Not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of the illness, injury or disease.
- An alternative service, supply, device, or drug may meet the criteria of medical necessity for a specific condition. If alternatives are substantially equal in clinical effectiveness and use similar therapeutic agents or regimens, we reserve the right to approve the least costly alternative.
- If you receive services that are not medically necessary, you are responsible for the cost if:
- You receive the services from an Out-of-Network Provider; or
 - You receive the services from a Network or Participating provider and:
 - The provider informs you in writing before rendering the services that Wellmark determined the services to be not medically necessary; and

- The provider gives you a written estimate of the cost for such services and you agree in writing, before receiving the services, to assume the payment responsibility.

If you do not receive such a written notice, and do not agree in writing to assume the payment responsibility for services that Wellmark determined are not medically necessary, the Network or Participating provider is responsible for these amounts.

- You are also responsible for the cost if you receive services from an Out-of-Network Provider that Wellmark determines to be not medically necessary. This is true even if the provider does not give you any written notice before the services are rendered.

Member Eligibility

Another general condition of coverage is that the person who receives services must meet requirements for member eligibility. See *Coverage Eligibility and Effective Date*, page 59.

General Exclusions

Even if a service, supply, device, or drug is listed as otherwise covered in *Details - Covered and Not Covered*, it is not eligible for benefits if any of the following general exclusions apply.

Investigational or Experimental

You are not covered for a service, supply, device, biological product, or drug that is investigational or experimental. You are also not covered for any care or treatments related to the use of a service, supply, device, biological product, or drug that is investigational or experimental. A treatment is considered investigational or experimental when it has progressed to limited human application but has not achieved recognition as being proven effective in clinical medicine. Our analysis of whether a service, supply, device, biological product, or drug is considered investigational or experimental is applied to

medical, surgical, mental health, and chemical dependency treatment services, as applicable.

To determine investigational or experimental status, we may refer to the technical criteria established by the Blue Cross Blue Shield Association, including whether a service, supply, device, biological product, or drug meets these criteria:

- It has final approval from the appropriate governmental regulatory bodies.
- The scientific evidence must permit conclusions concerning its effect on health outcomes.
- It improves the net health outcome.
- It is as beneficial as any established alternatives.
- The health improvement is attainable outside the investigational setting.

These criteria are considered by the Blue Cross Blue Shield Association's Medical Advisory Panel for consideration by all Blue Cross and Blue Shield member organizations. While we may rely on these criteria, the final decision remains at the discretion of our Medical Director, whose decision may include reference to, but is not controlled by, policies or decisions of other Blue Cross and Blue Shield member organizations. You may access our medical policies, with supporting information and selected medical references for a specific service, supply, device, biological product, or drug through our website, Wellmark.com.

If you receive services that are investigational or experimental, you are responsible for the cost if:

- You receive the services from an Out-of-Network Provider; or
- You receive the services from a Network or Participating provider and:
 - The provider informs you in writing before rendering the services that Wellmark determined the services to

be investigational or experimental;
and

- The provider gives you a written estimate of the cost for such services and you agree in writing, before receiving the services, to assume the payment responsibility.

If you do not receive such a written notice, and do not agree in writing to assume the payment responsibility for services that Wellmark determined to be investigational or experimental, the Network or Participating provider is responsible for these amounts.

- You are also responsible for the cost if you receive services from an Out-of-Network Provider that Wellmark determines to be investigational or experimental. This is true even if the provider does not give you any written notice before the services are rendered.

Complications of a Noncovered Service

You are not covered for a complication resulting from a noncovered service, supply, device, or drug. However, this exclusion does not apply to the treatment of complications resulting from:

- Smallpox vaccinations when payment for such treatment is not available through workers' compensation or government-sponsored programs; or
- A noncovered abortion.

Nonmedical or Administrative Services

You are not covered for telephone consultations, charges for failure to keep scheduled appointments, charges for completion of any form, charges for medical information, recreational therapy and other sensory-type activities, administrative services (such as interpretive services, pre-care assessments, health risk assessments, case management, care coordination, or development of treatment plans) when billed separately, and any services or supplies that are nonmedical.

Provider Is Family Member

You are not covered for a service or supply received from a provider who is in your immediate family (which includes yourself, parent, child, or spouse or domestic partner).

Covered by Other Programs or Laws

You are not covered for a service, supply, device, or drug if:

- Someone else has the legal obligation to pay for services, has an agreement with you to not submit claims for services or, without this group health plan, you would not be charged.
- You require services or supplies for an illness or injury sustained while on active military status.

Workers' Compensation

You are not covered for services or supplies for which we learn or are notified by you, your provider, or our vendor that such services or supplies are related to a work related illness or injury, including services or supplies applied toward satisfaction of any deductible under your employer's workers' compensation coverage. We will comply with our statutory obligation regarding payment on claims on which workers' compensation liability is unresolved. You are also not covered for any services or supplies that could have been compensated under workers' compensation laws if:

- you did not comply with the legal requirements relating to notice of injury, timely filing of claims, and medical treatment authorization; or
- you rejected workers' compensation coverage.

The exclusion for services or supplies related to work related illness or injury does not exclude coverage for such illness or injury if you are exempt from coverage under Iowa's workers' compensation statutes pursuant to Iowa Code Section 85.1 (1)-(4), unless you or your employer has elected or obtained workers' compensation

coverage as provided in Iowa Code Section 85.1(6).

For treatment of complications resulting from smallpox vaccinations, see *Complications of a Noncovered Service* earlier in this section.

Wellmark Medical and Drug Policies

Wellmark maintains Medical and Drug Policies that are applied in conjunction with other resources to determine whether a specific service, supply, device, biological product, or drug is a covered service under the terms of this coverage manual. These policies are hereby incorporated into this coverage manual. You may access these policies along with supporting information and selected medical references through our website, *Wellmark.com*.

Benefit Limitations

Benefit limitations refer to amounts for which you are responsible under this group health plan. These amounts are not credited toward your out-of-pocket maximum. In addition to the exclusions and conditions described earlier, the following are examples of benefit limitations under this group health plan:

- A service or supply that is not covered under this group health plan is your responsibility.
- If a covered service or supply reaches a benefits maximum, it is no longer eligible for benefits. (A maximum may renew at the next benefit year.) See *Details – Covered and Not Covered*, page 11.
- If you receive benefits that reach a lifetime benefits maximum applicable to any specific service, then you are no longer eligible for benefits for that service under this group health plan. See *Benefits Maximums*, page 6, and *At a Glance–Covered and Not Covered*, page 7.
- If you do not obtain precertification for certain medical services, benefits can be denied. You are responsible for benefit

denials only if you are responsible (not your provider) for notification. A Network Provider in the Wellmark Blue HMO network will handle notification requirements for you. If you see a provider outside the Wellmark Blue HMO network, you are responsible for notification requirements. See *Notification Requirements and Care Coordination*, page 47.

- If you do not obtain prior approval for certain medical services, benefits will be denied on the basis that you did not obtain prior approval. Upon receiving an Explanation of Benefits (EOB) indicating a denial of benefits for failure to request prior approval, you will have the opportunity to appeal (see the *Appeals* section) and provide us with medical information for our consideration in determining whether the services were medically necessary and a benefit under your medical benefits. Upon review, if we determine the service was medically necessary and a benefit under your medical benefits, benefits for that service will be provided according to the terms of your medical benefits.

You are responsible for these benefit denials only if you are responsible (not your provider) for notification. A Network Provider in the Wellmark Blue HMO network will handle notification requirements for you. If you see a provider outside the Wellmark Blue HMO network, you are responsible for notification requirements. See *Notification Requirements and Care Coordination*, page 47.

- If you do not obtain prior authorization for certain prescription drugs, benefits can be denied. See *Notification Requirements and Care Coordination*, page 47.
- The type of provider you choose can affect your benefits and what you pay. See *Choosing a Provider*, page 39, and *Factors Affecting What You Pay*, page

53. An example of a charge that depends on the type of provider includes, but is not limited to:

- Any difference between the provider's amount charged and our amount paid is your responsibility if you receive services from an Out-of-Network Provider.

5. Choosing a Provider

Medical

Provider Network

Under the medical benefits of this plan, your network of providers consists of Wellmark Blue HMO Providers. All other providers are not in your network. Which provider type you choose will affect what you pay.

Providers who do not participate with the network utilized by these medical benefits are called Out-of-Network Providers.

Benefits for most covered services are available only when received from Network Providers.

To determine if a provider participates with this medical benefits plan, ask your provider, refer to our online provider directory at *Wellmark.com*, or call the Customer Service number on your ID card. Our provider directory is also available upon request by calling the Customer Service number on your ID card.

Providers are independent contractors and are not agents or employees of Wellmark Health Plan of Iowa, Inc. For types of providers that may be covered under your medical benefits, see *Hospitals and Facilities*, page 19 and *Physicians and Practitioners*, page 24.

Please note: Even though a facility may be a Wellmark Blue HMO network facility, particular providers within the facility may not be Wellmark Blue HMO Providers. Examples include Out-of-Network physicians on the staff of a Wellmark Blue HMO network hospital, home medical equipment suppliers, and other independent providers. Therefore, when you are referred by a Wellmark Blue HMO Provider to another provider, or when you are admitted into a facility, always ask if the providers are Wellmark Blue HMO Providers.

Always carry your ID card and present it when you receive services. Information on it, especially the ID number, is required to process your claims correctly.

Pharmacies that contract with our pharmacy benefits manager are considered Participating Providers. Pharmacies that do not contract with our pharmacy benefits manager are considered Out-of-Network Providers. To determine if a pharmacy contracts with our pharmacy benefits manager, ask the pharmacist, consult the directory of participating pharmacies on our website at *Wellmark.com*, or call the Customer Service number on your ID card. See *Choosing a Pharmacy and Specialty Pharmacy Program* later in this section.

Referrals

If there are no providers in the Wellmark Blue HMO network who can treat your condition, you will be referred to a provider outside the Wellmark Blue HMO network who has expertise in diagnosing and treating your condition. Wellmark must approve referrals outside of the Wellmark Blue HMO network before you receive services or the services will not be covered.

Please note: Even when your referral outside the Wellmark Blue HMO network is approved, you are still responsible for complying with notification requirements. See *Notification Requirements and Care Coordination*, page 47. **Please note:** Even when your referral outside the Wellmark Blue HMO network is approved, you may be responsible for the difference between the amount an Out-of-Network Provider bills and our payment amount.

Services Outside the Wellmark Blue HMO Network

BlueCard Program

This program ensures that members of any Blue Plan have access to the advantages of Participating Providers throughout the United States. Participating Providers have a contractual arrangement with the Blue Cross or Blue Shield Plan in their home state (“Host Blue”). The Host Blue is responsible for contracting with and generally handling all interactions with its Participating Providers.

The BlueCard Program is one of the advantages of your coverage with Wellmark Health Plan of Iowa, Inc. It provides conveniences and benefits outside the Wellmark Blue HMO network area for emergency care or accidental injury similar to those you would have in the Wellmark Blue HMO network area when you obtain covered medical services from a Network Provider. Always carry your ID card (or BlueCard) and present it to your provider when you receive care. Information on it, especially the ID number, is required to process your claims correctly.

In an emergency situation, seek care at the nearest hospital emergency room. Whenever possible, before receiving services outside the Wellmark Blue HMO network, you should always ask the provider if he or she participates with a Blue Cross and/or Blue Shield Plan in that state. To locate Participating Providers in any state, call **800-810-BLUE**, or visit www.bcbs.com.

When you receive covered services from Participating Providers outside the Wellmark Blue HMO network, all of the following statements are true:

- Claims are filed for you.
- These providers agree to accept payment arrangements or negotiated prices of the Blue Cross and/or Blue Shield Plan with which the provider contracts. These

payment arrangements may result in savings.

- The group health plan payment is sent directly to the providers.
- Wellmark requires claims to be filed within 180 days following the date of service. However, if the Participating Provider’s contract with the Host Blue has a requirement that a claim be filed in a timeframe exceeding 180 days following the date of service, Wellmark will process the claim according to the Host Blue’s contractual filing requirement. If you receive services from an Out-of-Network Provider, the claim has to be filed within 180 days following the date of service.

Typically, when you receive covered services from Participating Providers outside the Wellmark Blue HMO network, you are responsible for notification requirements. See *Notification Requirements and Care Coordination*, page 47. However, if you are admitted to a BlueCard facility outside the Wellmark Blue HMO network, any Participating Provider should handle notification requirements for you.

Wellmark Health Plan of Iowa, Inc., is an affiliate of Wellmark, Inc., doing business as Wellmark Blue Cross and Blue Shield of Iowa, independent licensees of the Blue Cross Blue Shield Association. We have a variety of relationships with other Blue Cross and/or Blue Shield Plans and their Licensed Controlled Affiliates (“Licensees”). Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever you obtain healthcare services outside the Wellmark Blue HMO network, the claims for these services may be processed through one of these Inter-Plan Arrangements.

When you receive care outside of our service area, you will receive it from one of two kinds of providers. Most providers (“Participating Providers”) contract with the

local Blue Cross and/or Blue Shield Plan in that geographic area (“Host Blue”). Some providers (“Out-of-Network Providers”) don’t contract with the Host Blue. In the following paragraphs we explain how we pay both kinds of providers.

We cover only limited healthcare services received outside of our service area. As used in this section, “out-of-area covered services” include accidental injuries, emergencies, continuity of care, out-of-network referrals, and Guest Membership obtained outside the geographic area we serve. Any other services will not be covered when processed through any Inter-Plan Arrangements, unless authorized by us.

Inter-Plan Arrangements Eligibility – Claim Types

All claim types are eligible to be processed through Inter-Plan Arrangements, as described previously, except for all dental care benefits (except when paid as medical benefits), and those prescription drug benefits or vision care benefits that may be administered by a third party contracted by us to provide the specific service or services.

BlueCard® Program

Under the BlueCard® Program, when you receive out-of-area covered services within the geographic area served by a Host Blue, we will remain responsible for doing what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its Participating Providers.

The BlueCard Program enables you to obtain covered out-of-area services, as defined previously in this section, from a healthcare provider participating with a Host Blue, where available. The Participating Provider will automatically file a claim for the covered out-of-area services provided to you, so there are no claim forms for you to fill out. You will be responsible for your payment obligations. See *Referrals* earlier in this section. In addition notification requirements may apply, See

Notification Requirements and Care Coordination, page 47.

Emergency Care Services: If you experience a medical emergency while traveling outside the Wellmark Blue HMO network, go to the nearest emergency or urgent care facility.

When you receive covered out-of-area services outside our service area and the claim is processed through the BlueCard Program, the amount you pay for the covered out-of-area services, if not a flat dollar copayment, is calculated based on the lower of:

- The billed charges for your out-of-area covered services; or
- The negotiated price that the Host Blue makes available to us.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of modifications of past pricing of claims, as noted previously. However, such adjustments will not affect the price we have used for your claim because they will not be applied after a claim has already been paid.

Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax, or other fee that applies to insured accounts. If applicable, we will include any such surcharge, tax, or

other fee as part of the claim charge passed on to you.

Out-of-Network Providers Outside the Wellmark Service Area

Your Liability Calculation. When covered out-of-area services are provided outside of our service area by Out-of-Network Providers, the amount you pay for such services will normally be based on either the Host Blue's Out-of-Network Provider local payment or the pricing arrangements required by applicable state law. In these situations, you may be responsible for the difference between the amount that the Out-of-Network Provider bills and the payment we will make for the covered out-of-area services as set forth in this coverage manual. Federal or state law, as applicable, will govern payments for Out-of-Network emergency services.

In certain situations, we may use other payment methods, such as billed charges for covered out-of-area services, the payment we would make if the healthcare services had been obtained within our service area, or a special negotiated payment to determine the amount we will pay for services provided by Out-of-Network Providers. In these situations, you may be liable for the difference between the amount that the Out-of-Network Provider bills and the payment we will make for the covered out-of-area services as set forth in this coverage manual.

Change of Residence

You must notify us prior to relocating outside the Wellmark Health Plan of Iowa, Inc., geographic service area because you will have no benefits for medical or laboratory services provided outside of Wellmark Health Plan of Iowa, Inc.'s provider network except for emergencies or accidental injuries.

Care in a Foreign Country

For covered services you receive in a country other than the United States, payment level assumes the provider category is Out-of-Network except for

services received from providers that participate with Blue Cross Blue Shield Global Core. You are only covered for emergency care or care for an accidental injury when you receive care in a foreign country.

Blue Cross Blue Shield Global® Core Program

If you are outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands, you may be able to take advantage of the Blue Cross Blue Shield Global Core Program when accessing covered services. The Blue Cross Blue Shield Global Core Program is unlike the BlueCard Program available in the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands in certain ways. For instance, although the Blue Cross Blue Shield Global Core Program assists you with accessing a network of inpatient, outpatient, and professional providers, the network is not served by a Host Blue. As such, when you receive care from providers outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands, you will typically have to pay the providers and submit the claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a doctor or hospital) outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands, you should call the Blue Cross Blue Shield Global Core Service Center at **800-810-BLUE** (2583) or call collect at **804-673-1177**, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a physician appointment or hospitalization, if necessary.

Inpatient Services. In most cases, if you contact the Blue Cross Blue Shield Global Core Service Center for assistance, hospitals will not require you to pay for covered inpatient services, except for your deductibles, etc. In such cases, the hospital will submit your claims to the Blue Cross Blue Shield Global Core Service Center to

begin claims processing. However, if you paid in full at the time of service, you must submit a claim to receive reimbursement for covered services. **You must contact us to obtain precertification for non-emergency inpatient services.**

Outpatient Services. Physicians, urgent care centers and other outpatient providers located outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands will typically require you to pay in full at the time of service. You must submit a claim to obtain reimbursement for covered services. See *Claims*, page 69.

Submitting a Blue Cross Blue Shield Global Core Claim

When you pay for covered services outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands, you must submit a claim to obtain reimbursement. For institutional and professional claims, you should complete a Blue Cross Blue Shield Global Core International claim form and send the claim form with the provider's itemized bill(s) to the Blue Cross Blue Shield Global Core Service Center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your claim. The claim form is available from us, the Blue Cross Blue Shield Global Core Service Center, or online at www.bcbsglobalcore.com. If you need assistance with your claim submission, you should call the Blue Cross Blue Shield Global Core Service Center at **800-810-BLUE** (2583) or call collect at **804-673-1177**, 24 hours a day, seven days a week.

You are eligible for benefits for covered services received from Out-of-Network or Participating providers (including out-of-country providers) only in the following situations:

- **Accidental Injuries.**
- **Emergencies.**

If you are unable to reach a Network Provider, it is usually to your advantage

to receive services from a Participating Provider. Participating Providers participate with a Blue Cross and/or Blue Shield Plan, but not with the Wellmark Blue HMO network.

Out-of-Network Providers do not participate with this plan or any other Blue Cross and/or Blue Shield Plan.

For information on how benefits for accidental injuries and emergency services will be administered when received outside of the Wellmark Blue HMO network, see *BlueCard Program* earlier in this section and *Out-of-Network Providers*, page 53.

When you receive covered services for emergency medical conditions from Out-of-Network Providers, all of the following statements are true:

- Out-of-Network Providers are not responsible for filing your claims.
- We do not have contracts with Out-of-Network Providers and they may not agree to accept our payment arrangements. Therefore, you are responsible for any difference between the amount charged and our payment.
- We make claims payments to you, not Out-of-Network Providers.
- You are responsible for notification requirements.
- **Continuity of Care.** You may be eligible to continue care from an Out-of-Network Provider for treatment of a terminal illness, a complex medical condition, or during the second or third trimester of pregnancy if:
 - You had been receiving care for the condition from a Network Provider but the provider's contract with us terminates; or
 - You were previously covered by a different carrier or plan and had been receiving care for the condition from an Out-of-Network Provider when you begin coverage under your medical benefits.

If either situation applies, you may continue Out-of-Network treatment as follows:

- Terminal illness (as determined by the provider): for 90 days after the provider’s contract terminates or the patient begins coverage with Wellmark while under the care of an Out-of-Network Provider for treatment of the terminal illness, whichever applies.
- Complex medical condition: for a time period or benefit maximum determined by medical management. You or your provider must notify us before receiving services under these medical benefits, and the medical condition must warrant continued treatment by the Out-of-Network Provider.
- Pregnancy in second or third trimester: through postpartum care related to the childbirth and delivery.

To assist you in making a transition to a Network Provider, you or your provider must call us at **800-552-3993**.

- **Referrals.** See *Referrals* earlier in this section.

Guest Membership. Members traveling long-term, any covered dependents attending college out of state, or covered family members living apart are eligible to become a guest member any time they are outside the Wellmark Blue HMO network area for at least 90 days. Not all services covered under your medical benefits are covered under Guest Membership. To determine which services are covered under the Guest Membership program, call us.

To receive covered services under the Guest Membership program, you must receive the service(s) from a Participating Provider.

Before you leave the Wellmark Blue HMO network area, call the Customer Service number on your ID card to set up a guest membership.

Laboratory services. You may have laboratory specimens or samples collected by a Network Provider and those laboratory specimens may be sent to another laboratory services provider for processing or testing. If that laboratory services provider does not have a contractual relationship with the Blue Plan where the specimen was drawn,* the service will not be covered and you will be responsible for the entire amount charged.

*Where the specimen is drawn will be determined by which state the referring provider is located.

Home/durable medical equipment. If you purchase or rent home/durable medical equipment from a provider that does not have a contractual relationship with the Blue Plan where you purchased or rented the equipment, the service will not be covered and you will be responsible for the entire amount charged.

If you purchase or rent home/durable medical equipment and have that equipment shipped to a service area of a Blue Plan that does not have a contractual relationship with the home/durable medical equipment provider, the service will not be covered and you will be responsible for the entire amount charged. This includes situations where you purchase or rent home/durable medical equipment and have the equipment shipped to you in the Wellmark Blue HMO network, when Wellmark does not have a contractual relationship with the home/durable medical equipment provider.

Prosthetic devices. If you purchase prosthetic devices from a provider that does not have a contractual relationship with the Blue Plan where you purchased the prosthetic devices, the service will not be covered and you will be responsible for the entire amount charged.

If you purchase prosthetic devices and have that equipment shipped to a service area of a Blue Plan that does not have a contractual relationship with the provider, the service

will not be covered and you will be responsible for the entire amount charged. This includes situations where you purchase prosthetic devices and have them shipped to you in the Wellmark Blue HMO network, when Wellmark does not have a contractual relationship with the provider.

Talk to your provider. Whenever possible, before receiving laboratory services, home/durable medical equipment, or prosthetic devices, ask your provider to utilize a provider that has a contractual

arrangement with the Blue Plan where you received services, purchased or rented equipment, or shipped equipment, or ask your provider to utilize a provider that has a contractual arrangement with Wellmark.

To determine if a provider has a contractual arrangement with a particular Blue Plan or with Wellmark, call the Customer Service number on your ID card or visit our website, *Wellmark.com*.

See *Out-of-Network Providers*, page 53.

Prescription Drugs

Choosing a Pharmacy

Your prescription drug benefits are called Blue Rx Complete. Pharmacies that participate with the network used by Blue Rx Complete are called participating pharmacies. Pharmacies that do not participate with the network are called nonparticipating pharmacies.

To determine if a pharmacy is participating, ask the pharmacist, consult the directory of participating pharmacies on our website at *Wellmark.com*, or call the Customer Service number on your ID card. Our directory also is available upon request by calling the Customer Service number on your ID card.

Blue Rx Complete allows you to purchase most covered prescription drugs from almost any pharmacy you choose. However, you will usually pay more for prescription drugs when you purchase them from nonparticipating pharmacies. Remember, you are responsible for the entire cost if you purchase a drug that is not on the Wellmark Drug List. We recommend you:

- Fill your prescriptions at a participating retail pharmacy, through the specialty pharmacy program, or through the mail order drug program. See *Mail Order Drug Program* and *Specialty Pharmacy Program* later in this section.
- Advise your physician that you are covered under Blue Rx Complete.

- Always present your ID card when filling prescriptions. Your ID card enables participating pharmacists to access your benefits information.

Advantages of Visiting Participating Pharmacies

When you fill your prescription at participating pharmacies:

- You will usually pay less. If you use a nonparticipating pharmacy, you must pay the amount charged at the time of purchase, and the amount we reimburse you may be less than what you paid. You are responsible for this difference.
- The participating pharmacist can check whether your prescription is subject to prior authorization or quantity limits.
- The participating pharmacist can access your benefit information, verify your eligibility, check whether the prescription is a benefit under your Blue Rx Complete prescription drug benefits, list the amount you are expected to pay, and suggest generic alternatives.

Always Present Your ID Card

If you do not have your ID card with you when you fill a prescription at a participating pharmacy, the pharmacist may not be able to access your benefit information. In this case:

- You must pay the full amount charged at the time you receive your prescription, and the amount we reimburse you may

be less than what you paid. You are responsible for this difference.

- You must file your claim to be reimbursed. See *Claims*, page 69.

Specialty Pharmacy Program

Specialty pharmacies deliver specialty drugs directly to your home or to your physician's office. You must purchase specialty drugs through the specialty pharmacy program. You must register as a specialty pharmacy program user in order to fill your prescriptions through the specialty pharmacy program. For information on how to register, call the Customer Service number on your ID card or visit our website at *Wellmark.com*.

You are not covered for specialty drugs purchased outside the specialty pharmacy program unless the specialty drug is covered under your medical benefits.

The specialty pharmacy program administers the distribution of specialty drugs to the home and to physicians' offices.

Mail Order Drug Program

When you fill your prescription through the mail order drug program, you will usually pay less than if you use a nonparticipating mail order pharmacy.

You must register as a mail service user in order to fill your prescriptions through the mail order drug program. For information on how to register, visit our website, *Wellmark.com*, or call the Customer Service number on your ID card.

Mail order pharmacy providers outside our mail order program are considered nonparticipating pharmacies. If you purchase covered drugs from nonparticipating mail order pharmacies, you will usually pay more.

When you purchase covered drugs from nonparticipating pharmacies you are responsible for the amount charged for the drug at the time you fill your prescription, and then you must file a claim to be reimbursed. Once you submit a claim, you

will be reimbursed up to the maximum allowable fee of the drug, less your payment obligation. The maximum allowable fee may be less than the amount you paid. In other words, you are responsible for any difference in cost between what the pharmacy charges you for the drug and our reimbursement amount.

See *Participating vs. Nonparticipating Pharmacies*, page 57.

6. Notification Requirements and Care Coordination

Medical

Many services including, but not limited to, medical, surgical, mental health, and chemical dependency treatment services, require a notification to us or a review by us. If you do not follow notification requirements properly, you may have to pay for services yourself, so the information in this section is critical. For a complete list of services subject to notification or review, visit *Wellmark.com* or call the Customer Service number on your ID card.

Providers and Notification Requirements

Providers in the Wellmark Blue HMO network should handle notification requirements for you. If you are admitted to a Participating facility outside the Wellmark Blue HMO network, the Participating Provider should handle notification requirements for you.

If you receive any other covered services (i.e., services unrelated to an inpatient admission) from a Participating Provider outside the Wellmark Blue HMO network, or if you see an Out-of-Network Provider, you or someone acting on your behalf is responsible for notification requirements.

More than one of the notification requirements and care coordination programs described in this section may apply to a service. Any notification or care coordination decision is based on the medical benefits in effect at the time of your request. If your coverage changes for any reason, you may be required to repeat the notification process.

You or your authorized representative, if you have designated one, may appeal a denial of benefits resulting from these notification requirements and care coordination programs. See *Appeals*, page 79. Also see *Authorized Representative*, page 87.

Precertification

Purpose	Precertification helps determine whether a service or admission to a facility is medically necessary. Precertification is required; however, it does not apply to maternity or emergency services.
Applies to	For a complete list of the services subject to precertification, visit <i>Wellmark.com</i> or call the Customer Service number on your ID card.

Person Responsible for Obtaining Precertification	<p>You or someone acting on your behalf is responsible for obtaining precertification if:</p> <ul style="list-style-type: none"> ■ You receive services subject to precertification from an Out-of-Network Provider; or ■ You receive non-inpatient services subject to precertification from a Participating Provider outside the Wellmark Blue HMO network. <p>Please note: Services from Out-of-Network Providers or from Participating Providers must be approved through the Referral process described on page 39, except in the case of an emergency. The medical records also must support the level of service billed and document that the services have been provided by the appropriate personnel with the appropriate level of supervision.</p>

Process	<p>When you, instead of your provider, are responsible for requesting prior approval, call the number on your ID card to obtain a prior approval form and ask the provider to help you complete the form.</p> <p>Wellmark will determine whether the requested service is medically necessary and eligible for benefits based on the written information submitted to us. Importance	<p>If your request is approved, the service is covered provided other contractual requirements, such as member eligibility and benefits maximums, are observed. If your request is denied, the service is not covered, and you will receive a notice with the reasons for denial.</p> <p>If you do not request prior approval for a service, the benefit for that service will be denied on the basis that you did not request prior approval.</p> <p>Upon receiving an Explanation of Benefits (EOB) indicating a denial of benefits for failure to request prior approval, you will have the opportunity to appeal (see the <i>Appeals</i> section) and provide us with medical information for our consideration in determining whether the services were medically necessary and a benefit under your medical benefits. Upon review, if we determine the service was medically necessary and a benefit under your medical benefits, the benefit for that service will be provided according to the terms of your medical benefits.</p> <p>Approved services are eligible for benefits for a limited time. Approval is based on the medical benefits in effect and the information we had as of the approval date. If your coverage changes for any reason (for example, because of a new job or new medical benefits), an approval may not be valid. If your coverage changes before the approved service is performed, a new approval is recommended.</p>
-------------------	--

Concurrent Review

Purpose	Concurrent review is a utilization review conducted during a member's facility stay or course of treatment at home or in a facility setting to determine whether the place or level of service is medically necessary. This care coordination program occurs without any notification required from you.
Applies to	For a complete list of the services subject to concurrent review, visit <i>Wellmark.com</i> or call the Customer Service number on your ID card.
Person Responsible	Wellmark
Process	<p>Wellmark may review your case to determine whether your current level of care is medically necessary.</p> <p>Responses to Wellmark's concurrent review requests must include supporting clinical information to determine medical necessity as a condition of your coverage.</p>
Importance	Wellmark may require a change in the level or place of service in order to continue providing benefits. If we determine that your current facility setting or level of care is no longer medically necessary, we will notify you, your attending physician, and the facility or agency at least 24 hours before your benefits for these services end.

Case Management

Purpose	Case management is intended to identify and assist members with the most severe illnesses or injuries by collaborating with members, members' families, and providers to develop individualized care plans.
Applies to	<p>A wide group of members including those who have experienced potentially preventable emergency room visits; hospital admissions/readmissions; those with catastrophic or high cost health care needs; those with potential long term illnesses; and those newly diagnosed with health conditions requiring lifetime management. Examples where case management might be appropriate include but are not limited to:</p> <p>Brain or Spinal Cord Injuries</p> <p>Cystic Fibrosis</p> <p>Degenerative Muscle Disorders</p> <p>Hemophilia</p> <p>Pregnancy (high risk)</p> <p>Transplants</p>
Person Responsible	You, your physician, and the health care facility can work with Wellmark's case managers. Wellmark may initiate a request for case management.
Process	Members are identified and referred to the Case Management program through Customer Service and claims information, referrals from providers or family members, and self-referrals from members.
Importance	Case management is intended to identify and coordinate appropriate care and care alternatives including reviewing medical necessity; negotiating care and services; identifying barriers to care including contract limitations and evaluation of solutions outside the group health plan; assisting the member and family to identify appropriate community-based resources or government programs; and assisting members in the transition of care when there is a change in coverage.

Prescription Drugs

Prior Authorization of Drugs

Purpose	Prior authorization allows us to verify that a prescription drug is part of a specific treatment plan and is medically necessary.
Applies to	Consult the Drug List to determine if a particular drug requires prior authorization. You can locate this list by visiting <i>Wellmark.com</i> . You may also check with your pharmacist or practitioner to determine whether prior authorization applies to a drug that has been prescribed for you.
Person Responsible	You are responsible for prior authorization.

Process

Ask your practitioner to call us with the necessary information. If your practitioner has not provided the prior authorization information, participating pharmacists usually ask for it, which may delay filling your prescription. To avoid delays, encourage your provider to complete the prior authorization process before filling your prescription. Nonparticipating pharmacists will fill a prescription without prior authorization but you will be responsible for paying the charge.

Wellmark will respond to a prior authorization request within:

- 72 hours in a medically urgent situation.
- 15 days in a non-medically urgent situation.

Calls received after 4:00 p.m. are considered the next business day.

Importance

If you purchase a drug that requires prior authorization but do not obtain prior authorization, you are responsible for paying the entire amount charged.

7. Factors Affecting What You Pay

How much you pay for covered services is affected by many different factors discussed in this section.

Medical

Benefit Year

A benefit year is a period of 12 consecutive months beginning on January 1 or beginning on the day your coverage goes into effect. The benefit year starts over each January 1. Your benefit year continues even if your employer or group sponsor changes Wellmark group health plan benefits during the year or you change to a different plan offering mid-benefit year from your same employer or group sponsor.

Certain coverage changes result in your Wellmark identification number changing. In some cases, a new benefit year will start under the new ID number for the rest of the benefit year. In this case, the benefit year would be less than a full 12 months. In other cases (e.g., adding your spouse to your coverage) the benefit year would continue and not start over.

If you are an inpatient in a covered facility on the date of your annual benefit year renewal, your benefit limitations and payment obligations, including your out-of-pocket maximum, for facility services will renew and will be based on the benefit limitations and payment obligation amounts in effect on the date you were admitted. However, your payment obligations, including your out-of-pocket maximum, for practitioner services will be based on the payment obligation amounts in effect on the day you receive services.

The benefit year is important for calculating:

- Out-of-pocket maximum.
- Benefits maximum.

Provider Network

Under the medical benefits of this plan, your network of providers consists of Wellmark Blue HMO Providers. All other providers are not in your network.

Participating Providers

Participating Providers participate with a Blue Cross and/or Blue Shield Plan, but not with the Wellmark Blue HMO network.

When you receive services from Participating Providers:

- You are eligible for benefits only in limited situations. These are described in the *Choosing a Provider* section.
- Wellmark makes claim payments directly to these providers.

Network Providers

Wellmark has a contracting relationship with these providers. When you receive services from a Network Provider:

- The Network payment obligation amounts may be waived for certain covered services. See *Waived Payment Obligations*, page 6.

Out-of-Network Providers

Wellmark and Blue Cross and/or Blue Shield Plans do not have contracting relationships with Out-of-Network Providers, and they may not accept our payment arrangements. Pharmacies other than those participating in the specialty pharmacy program that do not contract with our pharmacy benefits manager are considered Out-of-Network Providers. Therefore, when you receive services from Out-of-Network Providers:

- You are not eligible for benefits. There may be exceptions to this rule for specific services. If so, these are described in the section *Details – Services Covered and Not Covered*.
- You are responsible for any difference between the amount charged and our payment for a covered service. In the case of services received outside Iowa or South Dakota, our maximum payment for services by an Out-of-Network Provider will generally be based on either the Host Blue's Out-of-Network Provider local payment or the pricing arrangements required by applicable state law. In certain situations, we may use other payment bases, such as the amount charged for a covered service, the payment we would make if the services had been obtained within Iowa or South Dakota, or a special negotiated payment, as permitted under Inter-Plan Programs policies, to determine the amount we will pay for services you receive from Out-of-Network Providers. See *Services Outside the Wellmark Blue HMO Network*, page 40.
- Wellmark does not make claim payments directly to these providers. You are responsible for ensuring that your provider is paid in full.
- The group health plan payment for Out-of-Network hospitals, M.D.s, and D.O.s in Iowa is made payable to the provider, but the check is sent to you. You are responsible for forwarding the check to the provider (plus any billed balance you may owe).

Amount Charged and Maximum Allowable Fee

Amount Charged

The amount charged is the amount a provider charges for a service or supply, regardless of whether the services or supplies are covered under your medical benefits.

Maximum Allowable Fee

The maximum allowable fee is the amount, established by Wellmark, using various methodologies, for covered services and supplies. Wellmark's amount paid may be based on the lesser of the amount charged for a covered service or supply or the maximum allowable fee.

Payment Arrangements

Payment Arrangement Savings

Wellmark has contracting relationships with Network Providers. We use different methods to determine payment arrangements, including negotiated fees. These payment arrangements usually result in savings.

The savings from payment arrangements and other important amounts will appear on your Explanation of Benefits statement as follows:

- *Network Savings*, which reflects the amount you save on a claim by receiving services from a Participating or Network provider. For the majority of services, the savings reflects the actual amount you save on a claim. However, depending on many factors, the amount we pay a provider could be different from the covered charge. Regardless of the amount we pay a Participating or Network provider, your payment responsibility will always be based on the lesser of the covered charge or the maximum allowable fee.
- *Amount Not Covered*, which reflects the portion of provider charges not covered under your health benefits and for which you are responsible. This amount may include services or supplies not covered; amounts in excess of a benefit maximum, benefit year maximum, or lifetime benefits maximum; denials for failure to follow a required precertification; and the difference between the amount charged and the maximum allowable fee for services from an Out-of-Network Provider. For general exclusions and examples of

benefit limitations, see *General Conditions of Coverage, Exclusions, and Limitations*, page 33.

- **Amount Paid by Health Plan**, which reflects our payment responsibility to a provider or to you. We determine this amount by subtracting the following amounts (if applicable) from the amount charged:
 - Copayment.
 - Amounts representing any general exclusions and conditions.
 - Network savings.

Payment Method for Services

When you receive a covered service or services that result in multiple claims, we will calculate your payment obligations based on the order in which we process the claims.

Provider Payment Arrangements

Provider payment arrangements are calculated using industry methods including, but not limited to, fee schedules, per diems, percentage of charge, capitation, or episodes of care. Some provider payment arrangements may include an amount payable to the provider based on the provider’s performance. Performance-based amounts that are not distributed are not allocated to your specific group or to your specific claims and are not considered when determining any amounts you may owe. We reserve the right to change the methodology we use to calculate payment arrangements based on industry practice or business need. Wellmark Blue HMO and Participating providers agree to accept our payment

arrangements as full settlement for providing covered services, except to the extent of any amounts you may owe.

Capitation

Payment to healthcare providers for certain services is made according to a uniform amount per patient as determined by Wellmark Health Plan of Iowa, Inc.

Pharmacy Benefits Manager Fees and Drug Company Rebates

Wellmark contracts with a pharmacy benefits manager to provide pharmacy benefits management services to its accounts, such as your group. Your group is to pay a monthly fee for such services.

Drug manufacturers offer rebates to pharmacy benefits managers. After your group has had Wellmark prescription drug coverage for at least nine months, the pharmacy benefits manager contracting with Wellmark will calculate, on a quarterly basis, your group’s use of drugs for which rebates have been paid. Wellmark receives these rebates. Your group will be credited with rebate amounts forwarded to us by the pharmacy benefits manager unless your group’s arrangement with us requires us to reduce such rebated amounts by the amount of any fees we paid to the pharmacy benefits manager for the services rendered to your group. We will not distribute these rebate amounts to you, and rebates will not be considered when determining your payment obligations.

Prescription Drugs

Benefit Year

A benefit year is a period of 12 consecutive months beginning on January 1 or beginning on the day your coverage goes into effect. The benefit year starts over each January 1. Your benefit year continues even if your employer or group sponsor changes Wellmark group health plan benefits during

the year or you change to a different plan offering mid-benefit year from your same employer or group sponsor.

Certain coverage changes result in your Wellmark identification number changing. In some cases, a new benefit year will start under the new ID number for the rest of the benefit year. In this case, the benefit year

would be less than a full 12 months. In other cases (e.g., adding your spouse to your coverage) the benefit year would continue and not start over.

Wellmark Blue Rx Complete Drug List

Often there is more than one medication available to treat the same medical condition. The Wellmark Blue Rx Complete Drug List (“Drug List”) contains drugs and pharmacy durable medical equipment devices physicians recognize as medically effective for a wide range of health conditions.

The Drug List is maintained with the assistance of practicing physicians, pharmacists, and Wellmark’s pharmacy department.

To determine if a drug or pharmacy durable medical equipment device is covered, you or your physician must consult the Drug List. If a drug or pharmacy durable medical equipment device is not on the Drug List, it is not covered.

If you need help determining if a particular drug or pharmacy durable medical equipment device is on the Drug List, ask your physician or pharmacist, visit our website, *Wellmark.com*, or call the Customer Service number on your ID card.

Although only drugs and pharmacy durable medical equipment devices listed on the Drug List are covered, physicians are not limited to prescribing only the drugs on the list. Physicians may prescribe any medication, but only medications on the Drug List are covered. **Please note:** A medication or pharmacy durable medical equipment device on the Drug List will not be covered if the drug or pharmacy durable medical equipment device is specifically excluded under your Blue Rx Complete prescription drug benefits, or other limitations apply.

If a drug or pharmacy durable medical equipment device is not on the Wellmark Blue Rx Complete Drug List and you believe

it should be covered, refer to *Exception Requests for Non-Formulary Prescription Drugs*, page 71.

The Wellmark Blue Rx Complete Drug List is subject to change.

Pharmacy DME. Devices available on this tier include select durable medical equipment (DME) that are used in conjunction with a drug and may be obtained from a pharmacy.

Quantity Limitations

Most prescription drugs are limited to a maximum quantity you may receive in a single prescription.

Federal regulations limit the quantity that may be dispensed for certain medications. If your prescription is so regulated, it may not be available in the amount prescribed by your physician.

In addition, coverage for certain drugs or pharmacy durable medical equipment devices is limited to specific quantities per month, benefit year, or lifetime. Amounts in excess of quantity limitations are not covered.

For a list of drugs and pharmacy durable medical equipment devices with quantity limits, check with your pharmacist or physician or consult the Wellmark Blue Rx Complete Drug List at *Wellmark.com*, or call the Customer Service number on your ID card.

Amount Charged and Maximum Allowable Fee

Amount Charged

The retail price charged by a pharmacy for a covered prescription drug or pharmacy durable medical equipment device.

Maximum Allowable Fee

The amount, established by Wellmark using various methodologies and data (such as the average wholesale price), payable for covered drugs and pharmacy durable medical equipment devices.

The maximum allowable fee may be less than the amount charged for the drug or pharmacy durable medical equipment device.

Participating vs. Nonparticipating Pharmacies

If you purchase a covered prescription drug at a nonparticipating pharmacy, you are responsible for the amount charged for the drug at the time you fill your prescription, and then you must file a claim.

Once you submit a claim, you will be reimbursed up to the maximum allowable fee of the drug, less your copayment or coinsurance. The maximum allowable fee may be less than the amount you paid. In other words, you are responsible for any difference in cost between what the pharmacy charges you for the drug and our reimbursement amount.

Your payment obligation for the purchase of a covered prescription drug at a participating pharmacy is the lesser of your copayment or coinsurance, the maximum allowable fee, or the amount charged for the drug.

To determine if a pharmacy is participating, ask the pharmacist, consult the directory of participating pharmacies on our website at *Wellmark.com*, or call the Customer Service number on your ID card. Our directory also is available upon request by calling the Customer Service number on your ID card.

Special Programs

We evaluate and monitor changes in the pharmaceutical industry in order to determine clinically effective and cost-effective coverage options. These evaluations may prompt us to offer programs that encourage the use of reasonable alternatives. For example, we may, at our discretion, temporarily waive your payment obligation on a qualifying prescription drug purchase.

Visit our website at *Wellmark.com* or call us to determine whether your prescription qualifies.

Savings and Rebates

Payment Arrangements

The benefits manager of this prescription drug program has established payment arrangements with participating pharmacies that may result in savings.

Pharmacy Benefits Manager Fees and Drug Company Rebates

Wellmark contracts with a pharmacy benefits manager to provide pharmacy benefits management services to its accounts, such as your group. Your group is to pay a monthly fee for such services.

Drug manufacturers offer rebates to pharmacy benefits managers. After your group has had Wellmark prescription drug coverage for at least nine months, the pharmacy benefits manager contracting with Wellmark will calculate, on a quarterly basis, your group's use of drugs for which rebates have been paid. We will not distribute these rebate amounts to you, and rebates will not be considered when determining your payment obligations.

8. Coverage Eligibility and Effective Date

Eligible Members

You are eligible for coverage if you meet your employer's or group sponsor's eligibility requirements. Your spouse may also be eligible for coverage if spouses are covered under this plan.

If a child is eligible for coverage under the employer's or group sponsor's eligibility requirements, the child must have one of the following relationships to the plan member or an enrolled spouse:

- A biological child.
- Legally adopted or placed for adoption (that is, you assume a legal obligation to provide full or partial support and intend to adopt the child).
- A child for whom you have legal guardianship.
- A stepchild.
- A foster child.
- A biological child a court orders to be covered.

A child who has been placed in your home for the purpose of adoption or whom you have adopted is eligible for coverage on the date of placement for adoption or the date of actual adoption, whichever occurs first.

Please note: You must notify us or your employer or group sponsor if you enter into an arrangement to provide surrogate parent services: Contact your employer or group sponsor or call the Customer Service number on your ID card.

In addition, a child must be one of the following:

- Under age 26.
- An unmarried full-time student enrolled in an accredited educational institution. Full-time student status continues during:
 - Regularly-scheduled school vacations; and

- Medically necessary leaves of absence until the earlier of one year from the first day of leave or the date coverage would otherwise end.
- An unmarried child who is deemed disabled. The disability must have existed before the child turned age 26 or while the child was a full-time student. Wellmark considers a dependent disabled when he or she meets the following criteria:
 - Claimed as a dependent on the employee's, plan member's, subscriber's, policyholder's, or retiree's tax return; and
 - Enrolled in and receiving Medicare benefits due to disability; or
 - Enrolled in and receiving Social Security benefits due to disability.Documentation will be required.

Providing Social Security Numbers or Tax Identification Numbers

In order for your employer or group sponsor to report your coverage status to the federal government, you must provide, to your employer or group sponsor your Social Security number or tax identification number and the Social Security numbers or tax identification numbers of all members covered under your coverage and of any member(s) added to your coverage. If you have a newborn child while you are covered under your group health plan, you must notify your employer or group sponsor of the newborn's social security number within six months of the child's birth. The IRS requires that your employer or group sponsor report this information using the Social Security number or tax identification number of the plan member and each dependent. If your employer or group sponsor does not have Social Security or tax identification numbers, your employer or group sponsor will be unable to report and send the information needed to complete

federal tax returns. If you have not previously provided your Social Security number or tax identification number to your employer or group sponsor for all members covered under your coverage, you should contact your employer or group sponsor. If you do not provide the Social Security numbers or taxpayer identification numbers to your employer or group sponsor for this purpose, you will be subject to a \$50 penalty per violation imposed by the Internal Revenue Service.

Please note: In addition to the preceding requirements, eligibility is affected by coverage enrollment events and coverage termination events. See *Coverage Change Events*, page 63.

Medicare Eligibility

If you become eligible for Medicare, you must notify your employer or group sponsor immediately. If you are eligible for Medicare Part B and do not elect coverage, your coverage under this plan will be administered as if you were covered under Medicare Part B.

When Coverage Begins

Coverage begins on the member's effective date. If you have just started a new job, or if a coverage enrollment event allows you to add a new member, ask your employer or group sponsor about your effective date. Services received before the effective date of coverage are not eligible for benefits.

Late Enrollees

A late enrollee is a member who declines coverage when initially eligible to enroll and then later wishes to enroll for coverage. However, a member is not a late enrollee if a qualifying enrollment event allows enrollment as a special enrollee, even if the enrollment event coincides with a late enrollment opportunity. See *Coverage Change Events*, page 63.

A late enrollee may enroll for coverage at the group's next renewal or enrollment period.

Changes to Information Related to You or to Your Benefits

Wellmark may, from time to time, permit changes to information relating to you or to your benefits. In such situations, Wellmark shall not be required to reprocess claims as a result of any such changes.

Qualified Medical Child Support Order

If you have a dependent child and you or your spouse's employer or group sponsor receives a Medical Child Support Order recognizing the child's right to enroll in this group health plan or in your spouse's benefits plan, the employer or group sponsor will promptly notify you or your spouse and the dependent that the order has been received. The employer or group sponsor also will inform you or your spouse and the dependent of its procedures for determining whether the order is a Qualified Medical Child Support Order (QMCSO). Participants and beneficiaries can obtain, without charge, a copy of such procedures from the plan administrator.

A QMCSO specifies information such as:

- Your name and last known mailing address.
- The name and mailing address of the dependent specified in the court order.
- A reasonable description of the type of coverage to be provided to the dependent or the manner in which the type of coverage will be determined.
- The period to which the order applies.

A Qualified Medical Child Support Order cannot require that a benefits plan provide any type or form of benefit or option not otherwise provided under the plan, except as necessary to meet requirements of Iowa Code Chapter 252E (2001) or Social Security Act Section 1908 with respect to group health plans.

The order and the notice given by the employer or group sponsor will provide

additional information, including actions that you and the appropriate insurer must take to determine the dependent's eligibility and procedures for enrollment in the benefits plan, which must be done within specified time limits.

If eligible, the dependent will have the same coverage as you or your spouse and will be allowed to enroll immediately. You or your spouse's employer or group sponsor will withhold any applicable share of the cost of the dependent's health care coverage from your compensation and forward this amount to us.

If you are subject to a waiting period that expires more than 90 days after we receive the QMCSO, your employer or group sponsor must notify us when you become eligible for enrollment. Enrollment of the dependent will commence after you have satisfied the waiting period.

The dependent may designate another person, such as a custodial parent or legal guardian, to receive copies of explanations of benefits, checks, and other materials.

Your employer or group sponsor may not revoke enrollment or eliminate coverage for a dependent unless the employer or group sponsor receives satisfactory written evidence that:

- The court or administrative order requiring coverage in a group health plan is no longer in effect;
- The dependent's eligibility for or enrollment in a comparable benefits plan that takes effect on or before the date the dependent's enrollment in this group health plan terminates; or
- The employer eliminates dependent health coverage for all employees.

The employer or group sponsor is not required to maintain the dependent's coverage if:

- You or your spouse no longer pay the cost of coverage because the employer or group sponsor no longer owes compensation; or

- You or your spouse have terminated employment with the employer and have not elected to continue coverage.

9. Coverage Changes and Termination

Certain events may require or allow you to add or remove persons who are covered by this group health plan.

Coverage Change Events

Coverage Enrollment Events: The following events allow you or your eligible child to enroll for coverage. The following events may also allow your spouse to enroll for coverage if spouses are eligible for coverage under this plan. If your employer or group sponsor offers more than one group health plan, the event also allows you to move from one plan option to another.

- Birth, adoption, or placement for adoption by an approved agency.
- Marriage.
- Exhaustion of COBRA coverage.
- You or your eligible spouse or your dependent loses eligibility for creditable coverage or his or her employer or group sponsor ceases contribution to creditable coverage.
- Spouse (if eligible for coverage) loses coverage through his or her employer.
- You lose eligibility for coverage under Medicaid or the Children's Health Insurance Program (CHIP) (the *hawk-i* plan in Iowa).
- You become eligible for premium assistance under Medicaid or CHIP.

The following events allow you to add only the new dependent resulting from the event:

- Dependent child resumes status as a full-time student.
- Addition of a biological child by court order. See *Qualified Medical Child Support Order*, page 60.
- Appointment as a child's legal guardian.
- Placement of a foster child in your home by an approved agency.

Coverage Removal Events: The following events require you to remove the affected family member from your coverage:

- Death.
- Divorce or annulment (if spouses are eligible for coverage under this plan). Legal separation, also, may result in removal from coverage. If you become legally separated, notify your employer or group sponsor.
- Medicare eligibility. If you become eligible for Medicare, you must notify your employer or group sponsor immediately. If you are eligible for this group health plan other than as a current employee or a current employee's spouse (if spouses are eligible for coverage under this plan), your Medicare eligibility may terminate this coverage.

In case of the following coverage removal events, the affected child's coverage may be continued until the end of the month on or after the date of the event:

- Completion of full-time schooling if the child is age 26 or older.
- Child who is not a full-time student or deemed disabled reaches age 26.
- Marriage of a child age 26 or older.

Reinstatement of Child

Reinstatement Events. A child up to age 26 who was removed from coverage may be reinstated on his or her parent's existing coverage under any of the following conditions:

- Involuntary loss of creditable coverage (including, but not limited to, group or *hawk-i* coverage).
- Loss of creditable coverage due to:
 - Termination of employment or eligibility.
 - Death of spouse.
 - Divorce.
- Court ordered coverage for spouse or minor children under the parent's health insurance.

- Exhaustion of COBRA or Iowa continuation coverage.
- The plan member is employed by an employer that offers multiple health plans and elects a different plan during an open enrollment period.
- A change in status in which the employee becomes eligible to enroll in this group health plan and requests enrollment. See *Coverage Enrollment Events* earlier in this section.

Reinstatement Requirements. A request for reinstated coverage for a child up to age 26 must be made within 31 days of the reinstatement event. In addition, the following requirements must be met:

- The child must have been covered under the parent's current coverage at the time the child left that coverage to enroll in other creditable coverage.
- The parent's coverage must be currently in effect and continuously in effect during the time the child was enrolled in other creditable coverage.

Requirement to Notify Group Sponsor

You must notify your employer or group sponsor of an event that changes the coverage status of members. Notify your employer or group sponsor within 60 days in case of the following events:

- A birth, adoption, or placement for adoption.
- Divorce, legal separation, or annulment.
- Your dependent child loses eligibility for coverage.
- You lose eligibility for coverage under Medicaid or the Children's Health Insurance Program (CHIP) (the *hawk-i* plan in Iowa).
- You become eligible for premium assistance under Medicaid or CHIP.

For all other events, you must notify your employer or group sponsor within 31 days of the event.

If you do not provide timely notification of an event that requires you to remove an affected family member, your coverage may be terminated.

If you do not provide timely notification of a coverage enrollment event, the affected person may not enroll until an annual group enrollment period.

Coverage Termination

The following events terminate your coverage eligibility.

- You become unemployed when your eligibility is based on employment.
- You become ineligible under your employer's or group sponsor's eligibility requirements for reasons other than unemployment.
- Your employer or group sponsor discontinues or replaces this group health plan.
- We decide to discontinue offering this group health benefit plan by giving written notice to you and your employer or group sponsor and the Commissioner of Insurance at least 90 days prior to termination.
- We decide to nonrenew all group health benefit plans delivered or issued for delivery to employers in Iowa by giving written notice to you and your employer or group sponsor and the Commissioner of Insurance at least 180 days prior to termination.
- The number of individuals covered under this group health plan falls below the number or percentage of eligible individuals required to be covered.
- Your employer sends a written request to terminate coverage.

Also see *Fraud or Intentional Misrepresentation of Material Facts*, and *Nonpayment* later in this section.

When you become unemployed and your eligibility is based on employment, your coverage will end on the last day of employment. When your coverage terminates for all other reasons, check with

your employer or group sponsor or call the Customer Service number on your ID card to verify the coverage termination date.

If you receive covered facility services as an inpatient of a hospital or a resident of a nursing facility on the date your coverage eligibility terminates, payment for the covered facility services will end on the earliest of the following:

- The end of your remaining days of coverage under this benefits plan.
- The date you are discharged from the hospital or nursing facility following termination of your coverage eligibility.
- A period not more than 60 days from the date of termination.

Only facility services will be covered under this extension of benefits provision. Benefits for professional services will end on the date of termination of your coverage eligibility.

Fraud or Intentional Misrepresentation of Material Facts

Your coverage will terminate immediately if:

- You use this group health plan fraudulently or intentionally misrepresent a material fact in your application; or
- Your employer or group sponsor commits fraud or intentionally misrepresents a material fact under the terms of this group health plan.

If your coverage is terminated for fraud or intentional misrepresentation of a material fact, then:

- We may declare this group health plan void retroactively from the effective date of coverage following a 30-day written notice. In this case, we will recover any claim payments made.
- Premiums may be retroactively adjusted as if the fraud or intentionally misrepresented material fact had been accurately disclosed in your application.
- We will retain legal rights, including the right to bring a civil action.

Nonpayment

If you or your employer or group sponsor fail to make required payments to us when due or within the allowed grace period, your coverage will terminate the last day of the month in which the required payments are due.

Coverage Continuation

When your coverage ends, you may be eligible to continue coverage under this group health plan.

COBRA Continuation

The federal Consolidated Omnibus Budget Reconciliation Act (COBRA) applies to most non-governmental employers with 20 or more employees. Generally, COBRA entitles you and eligible dependents to continue coverage if it is lost due to a qualifying event, such as employment termination, divorce, or loss of dependent status. You and your eligible dependents will be required to pay for continuation coverage. Other federal or state laws similar to COBRA may apply if COBRA does not. Your employer or group sponsor is required to provide you with additional information on continuation coverage if a qualifying event occurs.

Continuation for Public Group

Iowa Code Sections 509A.7 and 509A.13 may apply if you are an employee of the State, an Iowa school district, or other public entity supported by public funds. If this law applies to you, you may be entitled to continue participation in this medical benefits plan when you retire.

Coverage Continuation or Reenrollment Upon Death of Eligible Peace Officer or Fire Fighter in the Line of Duty

Pursuant to Iowa Code Section 509A.13C, a governing body, county board of supervisors, or city council that sponsors a health care coverage plan for its employees under Iowa Code chapter 509A shall permit continuation of existing coverage or reenrollment in previously existing health

coverage for the surviving spouse and each surviving child of an eligible peace officer or fire fighter. An “eligible peace officer or fire fighter” means a peace officer, as defined in Iowa Code Section 801.4, or a fire fighter, as defined in Iowa Code Section 411.1, to which a line of duty death benefit is payable pursuant to Iowa Code Section 97A.6, Subsection 16, Iowa Code Section 97B.52, Subsection 2, or Iowa Code Section 411.6, Subsection 15. A governing body, a county board of supervisors, or a city council shall also permit continuation of existing coverage for the surviving spouse and each surviving child of an eligible peace officer or fire fighter until such time as the determination is made as to whether to provide a line of duty death benefit.

Iowa Code Section 509A.13C applies retroactively to allow reenrollment in previously existing health coverage for the surviving spouse and each surviving child of an eligible peace officer or fire fighter who died in the line of duty on or after January 1, 1985. Coverage benefits will be provided for services on or after the date of reenrollment.

Eligibility for continuation and reenrollment are subject to any applicable conditions and limitations in Iowa Code Section 509A.13C. To request coverage continuation or reenrollment under Iowa Code Section 509A.13C, the surviving spouse, on his/her behalf and on behalf of each surviving child, must provide written notification to the applicable governing body, county board of supervisors, or city council. The governing body, county board of supervisors, or city council must then notify Wellmark of the continuation or reenrollment request.

The governing body, county board of supervisors, or city council is not required to pay for the cost of the coverage for the surviving spouse and children but may choose to pay the cost or a portion of the cost for the coverage. If the full cost of the coverage is not paid by the governing body, county board of supervisors, or city council, the surviving spouse, on his/her behalf and

on behalf of each surviving child, may elect to continue the health care coverage by paying that portion of the cost of the coverage not paid by the governing body, county board of supervisors, or city council.

The continuation and reenrollment options are not available if the surviving spouse or surviving child who would otherwise be entitled to continuation or reenrollment under this section was, through the surviving spouse’s or surviving child’s actions, a substantial contributing factor to the death of the eligible peace officer or fire fighter.

Continuation Under Iowa Law

Under Iowa Code Chapter 509B, you may be eligible to continue your medical care coverage for up to nine months if:

- You lose the coverage you have been receiving through your employer or group sponsor; and
- You have been covered by your medical benefits plan continuously for the last three months.

Your employer or group sponsor must provide written notice of your right to continue coverage within 10 days of the last day you are considered employed or your coverage ends. You will then have 10 days to give your employer or group sponsor written notice that you want to continue coverage.

Your right to continue coverage ends 31 days after the date of your employment termination or the date you were given notice of your continuation right, whichever is later.

If you lose your coverage because of divorce, annulment, or death of the employee, you must notify the employer or group sponsor providing the coverage within 31 days.

Benefits provided by continuation coverage may not be identical to the benefits that active employees have and will be subject to different premium rates. You will be responsible for paying any premiums to

your employer or group sponsor for continuation coverage.

If you believe the Iowa continuation law applies to you, you may contact your employer or group sponsor for information on premiums and any necessary paperwork.

If you are eligible for coverage continuation under both Iowa law and COBRA, your employer can comply with Iowa law by offering only COBRA continuation.

10. Claims

Once you receive services, we must receive a claim to determine the amount of your benefits. The claim lets us know the services you received, when you received them, and from which provider.

Neither you nor your provider shall bill Wellmark for services provided under a direct primary care agreement as authorized under Iowa law.

When to File a Claim

You need to file a claim if you:

- Use a provider who does not file claims for you. Network Providers file claims for you.
- Purchase prescription drugs from a nonparticipating pharmacy.
- Purchase prescription drugs from a participating pharmacy but do not present your ID card.
- Pay in full for a drug that you believe should have been covered.

Your submission of a prescription to a participating pharmacy is not a filed claim and therefore is not subject to appeal procedures as described in the *Appeals* section. However, you may file a claim with us for a prescription drug purchase you think should have been a covered benefit.

Wellmark must receive claims within 180 days following the date of service of the claim or if you have other coverage that has primary responsibility for payment then within 180 days of the date of the other carrier's explanation of benefits. If you receive services outside of Wellmark's service area, Wellmark must receive the claim within 180 days following the date of service or within the filing requirement in the contractual agreement between the Participating Provider and the Host Blue. If you receive services from an Out-of-Network Provider, the claim has to be filed within 180 days following the date of service.

How to File a Claim

All claims must be submitted in writing.

1. Get a Claim Form

Forms are available at *Wellmark.com* or by calling the Customer Service number on your ID card or from your personnel department.

2. Fill Out the Claim Form

Follow the same claim filing procedure regardless of where you received services. Directions are printed on the back of the claim form. Complete all sections of the claim form. For more efficient processing, all claims (including those completed out-of-country) should be written in English.

If you need assistance completing the claim form, call the Customer Service number on your ID card.

Medical Claim Form. Follow these steps to complete a medical claim form:

- Use a separate claim form for each covered family member and each provider.
- Attach a copy of an itemized statement prepared by your provider. We cannot accept statements you prepare, cash register receipts, receipt of payment notices, or balance due notices. In order for a claim request to qualify for processing, the itemized statement must be on the provider's stationery, and include at least the following:
 - Identification of provider: full name, address, tax or license ID numbers, and provider numbers.
 - Patient information: first and last name, date of birth, gender, relationship to plan member, and daytime phone number.
 - Date(s) of service.
 - Charge for each service.
 - Place of service (office, hospital, etc.).

- For injury or illness: date and diagnosis.
- For inpatient claims: admission date, patient status, attending physician ID.
- Days or units of service.
- Revenue, diagnosis, and procedure codes.
- Description of each service.

Prescription Drugs Covered Under Your Medical Benefits Claim Form.

For prescription drugs covered under your medical benefits (not covered under your Blue Rx Complete prescription drug benefits), use a separate prescription drug claim form and include the following information:

- Pharmacy name and address.
- Patient information: first and last name, date of birth, gender, and relationship to plan member.
- Date(s) of service.
- Description and quantity of drug.
- Original pharmacy receipt or cash receipt with the pharmacist's signature on it.

Blue Rx Complete Prescription Drug Claim Form. For prescription drugs covered under your Blue Rx Complete prescription drug benefits, complete the following steps:

- Use a separate claim form for each covered family member and each pharmacy.
- Complete all sections of the claim form. Include your daytime telephone number.
- Submit up to three prescriptions for the same family member and the same pharmacy on a single claim form. Use additional claim forms for claims that exceed three prescriptions or if the prescriptions are for more than one family member or pharmacy.
- Attach receipts to the back of the claim form in the space provided.

3. Sign the Claim Form

4. Submit the Claim

We recommend you retain a copy for your records. The original form you send or any attachments sent with the form cannot be returned to you.

Medical Claims for Services Received Outside the United States. Send the claim to the address printed on the claim form.

Blue Rx Complete Prescription Drug Claims. Send the claim to the address printed on the claim form.

We may require additional information from you or your provider before a claim can be considered complete and ready for processing.

Notification of Decision

You will receive an Explanation of Benefits (EOB) following your claim. The EOB is a statement outlining how we applied benefits to a submitted claim. It details amounts that providers charged, network savings, our paid amounts, and amounts for which you are responsible.

In case of an adverse decision, the notice will be sent within 30 days of receipt of the claim. We may extend this time by up to 15 days if the claim determination is delayed for reasons beyond our control. If we do not send an explanation of benefits statement or a notice of extension within the 30-day period, you have the right to begin an appeal. We will notify you of the circumstances requiring an extension and the date by which we expect to render a decision.

If an extension is necessary because we require additional information from you, the notice will describe the specific information needed. You have 45 days from receipt of the notice to provide the information. Without complete information, your claim will be denied.

If you have other insurance coverage, our processing of your claim may utilize coordination of benefits guidelines. See *Coordination of Benefits*, page 73.

Once we pay your claim, whether our payment is sent to you or to your provider, our obligation to pay benefits for the claim is discharged. However, we may adjust a claim due to overpayment or underpayment. In the case of Out-of-Network hospitals, M.D.s, and D.O.s located in Iowa, the health plan payment is made payable to the provider, but the check is sent to you. You are responsible for forwarding the check to the provider, plus any difference between the amount charged and our payment.

Exception Requests for Non-Formulary Prescription Drugs

Prescription drugs that are not listed on the Wellmark Blue Rx Complete Drug List are not covered. However, you may submit an exception request for coverage of a non-formulary drug (i.e., a drug that is not included on the Wellmark Blue Rx Complete Drug List). The form is available at *Wellmark.com* or by calling the Customer Service number on your ID card. Your prescribing physician or other provider must provide a clinical justification supporting the need for the non-formulary drug to treat your condition. The provider should include a statement that:

- All covered formulary drugs on any tier have been ineffective; or
- All covered formulary drugs on any tier will be ineffective; or

- All covered formulary drugs on any tier would not be as effective as the non-formulary drug; or
- All covered formulary drugs would have adverse effects.

Wellmark will respond within 72 hours of receiving the Exception Request for Non-Formulary Prescription Drugs form. For expedited requests, Wellmark will respond within 24 hours.

In the event Wellmark denies your exception request, you and your provider will be sent additional information regarding your ability to request an independent review of our decision. If the independent reviewer approves your exception request, we will treat the drug as a covered benefit for the duration of your prescription. You will be responsible for out-of-pocket costs (for example: deductible, copay, or coinsurance, if applicable) as if the non-formulary drug is on the highest tier of the Wellmark Blue Rx Complete Drug List. Amounts you pay will be counted toward any applicable out-of-pocket maximums. If the independent reviewer upholds Wellmark's denial of your exception request, the drug will not be covered, and this decision will not be considered an adverse benefit determination, and will not be eligible for further appeals. You may choose to purchase the drug at your own expense.

The Exception Request for Non-Formulary Prescription Drugs process is only available for FDA-approved prescription drugs that are not on the Wellmark Blue Rx Complete Drug List. It is not available for items that are specifically excluded under your benefits, such as cosmetic drugs, convenience packaging, non-FDA approved drugs, drugs not approved to be covered by Wellmark's P&T Committee, infused drugs, most over-the-counter medications, nutritional, vitamin and dietary supplements, or antigen therapy. The preceding list of excluded items is illustrative only and is not a complete list of items that are not eligible for the process.

11. Coordination of Benefits

Coordination of benefits applies when you have more than one plan, insurance policy, or group health plan that provides the same or similar benefits as this plan. Benefits payable under this plan, when combined with those paid under your other coverage, will not be more than 100 percent of either our payment arrangement amount or the other plan's payment arrangement amount.

The method we use to calculate the payment arrangement amount may be different from your other plan's method.

In some instances, our claim payment amount is based on a uniform payment per patient, called *capitation*. When you receive services payable by capitation and your other carrier has primary payment responsibility for covered services:

- We are not responsible for payment to your health care provider beyond the applicable capitation amount; and
- You are not responsible for copayment amounts that would apply if coverage under this medical benefits plan were the primary coverage.

Other Coverage

When you receive services, you must inform us that you have other coverage, and inform your health care provider about your other coverage. Other coverage includes any of the following:

- Group and nongroup insurance contracts and subscriber contracts.
- HMO contracts.
- Uninsured arrangements of group or group-type coverage.
- Group and nongroup coverage through closed panel plans.
- Group-type contracts.
- The medical care components of long-term contracts, such as skilled nursing care.

- Medicare or other governmental benefits (not including Medicaid).
- The medical benefits coverage of your auto insurance (whether issued on a fault or no-fault basis).

Coverage that is not subject to coordination of benefits includes the following:

- Hospital indemnity coverage or other fixed indemnity coverage.
- Accident-only coverage.
- Specified disease or specified accident coverage.
- Limited benefit health coverage, as defined by Iowa law.
- School accident-type coverage.
- Benefits for nonmedical components of long-term care policies.
- Medicare supplement policies.
- Medicaid policies.
- Coverage under other governmental plans, unless permitted by law.

You must cooperate with Wellmark and provide requested information about other coverage. Failure to provide information can result in a denied claim. We may get the facts we need from or give them to other organizations or persons for the purpose of applying the following rules and determining the benefits payable under this plan and other plans covering you. We need not tell, or get the consent of, any person to do this.

Your Network Provider will forward your coverage information to us. If you see an Out-of-Network Provider, you are responsible for informing us about your other coverage.

Claim Filing

If you know that your other coverage has primary responsibility for payment, after you receive services or obtain a covered prescription drug, a claim should be submitted to your other insurance carrier

first. If that claim is processed with an unpaid balance for benefits eligible under this group health plan, you or your provider should submit a claim to us and attach the other carrier's explanation of benefit payment within 180 days of the date of the other carrier's explanation of benefits. We may contact your provider or the other carrier for further information.

Rules of Coordination

We follow certain rules to determine which health plan or coverage pays first (as the primary plan) when other coverage provides the same or similar benefits as this group health plan. Here are some of those rules:

- The primary plan pays or provides benefits according to its terms of coverage and without regard to the benefits under any other plan. Except as provided below, a plan that does not contain a coordination of benefits provision that is consistent with applicable regulations is always primary unless the provisions of both plans state that the complying plan is primary.
- Coverage that is obtained by membership in a group and is designed to supplement a part of a basic package of benefits is excess to any other parts of the plan provided by the contract holder. (Examples of such supplementary coverage are major medical coverage that is superimposed over base plan hospital and surgical benefits and insurance-type coverage written in connection with a closed panel plan to provide Out-of-Network benefits.)

The following rules are to be applied in order. The first rule that applies to your situation is used to determine the primary plan.

- The coverage that you have as an employee, plan member, subscriber, policyholder, or retiree pays before coverage that you have as a spouse or dependent. However, if the person is a Medicare beneficiary and, as a result of

federal law, Medicare is secondary to the plan covering the person as a dependent and primary to the plan covering the person as other than a dependent (e.g., a retired employee), then the order of benefits between the two plans is reversed, so that the plan covering the person as the employee, plan member, subscriber, policyholder or retiree is the secondary plan and the other plan is the primary plan.

- The coverage that you have as the result of active employment (not laid off or retired) pays before coverage that you have as a laid-off or retired employee. The same would be true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other plan does not have this rule and, as a result, the plans do not agree on the order of benefits, this rule is ignored.
- If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another plan, the plan covering the person as an employee, plan member, subscriber, policyholder or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the primary plan and the COBRA or state or other federal continuation coverage is the secondary plan. If the other plan does not have this rule and, as a result, the plans do not agree on the order of benefits, this rule is ignored.
- The coverage with the earliest continuous effective date pays first if none of the rules above apply.
- Notwithstanding the preceding rules, when you use your Blue Rx Complete ID card, your Blue Rx Complete prescription drug benefits are primary for prescription drugs purchased at a pharmacy. Blue Rx Complete prescription drug benefits are not available when the pharmacy claim is paid by another plan.

- If the preceding rules do not determine the order of benefits and if the plans cannot agree on the order of benefits within 30 calendar days after the plans have received all information needed to pay the claim, the plans will pay the claim in equal shares and determine their relative liabilities following payment. However, we will not pay more than we would have paid had this plan been primary.

Dependent Children

To coordinate benefits for a dependent child, the following rules apply (unless there is a court decree stating otherwise):

- If the child is covered by both parents who are married (and not separated) or who are living together, whether or not they have been married, then the coverage of the parent whose birthday occurs first in a calendar year pays first. If both parents have the same birthday, the plan that has covered the parent the longest is the primary plan.
- For a child covered by separated or divorced parents or parents who are not living together, whether or not they have been married:
 - If a court decree states that one of the parents is responsible for the child’s health care expenses or coverage and the plan of that parent has actual knowledge of those terms, then that parent’s coverage pays first. If the parent with responsibility has no health care coverage for the dependent child’s health care expenses, but that parent’s spouse does, that parent’s spouse’s coverage pays first. This item does not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.
 - If a court decree states that both parents are responsible for the child’s health care expense or health care coverage or if a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or coverage of the dependent child, then the coverage of the parent whose birthday occurs first in a calendar year pays first. If both parents have the same birthday, the plan that has covered the parent the longest is the primary plan.
- If a court decree does not specify which parent has financial or insurance responsibility, then the coverage of the parent with custody pays first. The payment order for the child is as follows: custodial parent, spouse of custodial parent, other parent, spouse of other parent. A custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one-half of the calendar year excluding any temporary visitation.
- For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, as outlined previously in this *Dependent Children* section.
- For a dependent child who has coverage under either or both parents’ plans and also has his or her own coverage as a dependent under a spouse’s plan, the plan that covered the dependent for the longer period of time is the primary plan. If the dependent child’s coverage under the spouse’s plan began on the same date as the dependent child’s coverage under either or both parents’ plans, the order of benefits shall be determined, as applicable, as outlined in the first bullet of this *Dependent Children* section, to the dependent child’s parent or parents and the dependent’s spouse.
- If the preceding rules do not determine the order of benefits and if the plans

cannot agree on the order of benefits within 30 calendar days after the plans have received all information needed to pay the claim, the plans will pay the claim in equal shares and determine their relative liabilities following payment. However, we will not pay more than we would have paid had this plan been primary.

within 30 calendar days after the plans have received all information needed to pay the claim, the plans will pay the claim in equal shares and determine their relative liabilities following payment. However, we will not pay more than we would have paid had this plan been primary.

Coordination with Noncomplying Plans

If you have coverage with another plan that is excess or always secondary or that does not comply with the preceding rules of coordination, we may coordinate benefits on the following basis:

- If this is the primary plan, we will pay its benefits first.
- If this is the secondary plan, we will pay benefits first, but the amount of benefits will be determined as if this plan were secondary. Our payment will be limited to the amount we would have paid had this plan been primary.
- If the noncomplying plan does not provide information needed to determine benefits, we will assume that the benefits of the noncomplying plan are identical to this plan and will administer benefits accordingly. If we receive the necessary information within two years of payment of the claim, we will adjust payments accordingly.
- In the event that the noncomplying plan reduces its benefits so you receive less than you would have received if we had paid as the secondary plan and the noncomplying plan was primary, we will advance an amount equal to the difference. In no event will we advance more than we would have paid had this plan been primary, minus any amount previously paid. In consideration of the advance, we will be subrogated to all of your rights against the noncomplying plan. See *Subrogation*, page 90.
- If the preceding rules do not determine the order of benefits and if the plans cannot agree on the order of benefits

Effects on the Benefits of this Plan

In determining the amount to be paid for any claim, the secondary plan will calculate the benefits it would have paid in the absence of other coverage and apply the calculated amount to any allowable expense under its plan that is unpaid by the primary plan. The secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the primary plan, total benefits paid or provided by all plans for the claim do not exceed the total allowable expense for that claim. In addition, the secondary plan will credit to its applicable deductible any amounts it would have credited to its deductible in the absence of other coverage.

If a person is enrolled in two or more closed panel plans and if, for any reason including the provision of service by a non-panel provider, benefits are not payable by one closed panel plan, coordination of benefits will not apply between that plan and other closed panel plans.

Right of Recovery

If the amount of payments made by us is more than we should have paid under these coordination of benefits provisions, we may recover the excess from any of the persons to or for whom we paid, or from any other person or organization that may be responsible for the benefits or services provided for the covered person. The amount of payments made includes the reasonable cash value of any benefits provided in the form of services.

Plans That Provide Benefits as Services

A secondary plan that provides benefits in the form of services may recover the

reasonable cash value of the service from the primary plan, to the extent benefits for the services are covered by the primary plan and have not already been paid or provided by the primary plan.

Coordination with Medicare

Medicare is by law the secondary coverage to group health plans in a variety of situations.

The following provisions apply only if you have both Medicare and employer group health coverage and meet the specific Medicare Secondary Payer provisions for the applicable Medicare entitlement reason.

Medicare Part B Drugs

Drugs paid under Medicare Part B are covered under the medical benefits of this plan.

Working Aged

If you are a member of a group health plan of an employer with at least 20 employees for each working day for at least 20 calendar weeks in the current or preceding year, then in most situations Medicare is the secondary payer if the beneficiary is:

- Age 65 or older; and
- A current employee or spouse of a current employee covered by an employer group health plan.

Working Disabled

If you are a member of a group health plan of an employer with at least 100 full-time, part-time, or leased employees on at least 50 percent of regular business days during the preceding calendar year, then in most situations Medicare is the secondary payer if the beneficiary is:

- Under age 65;
- A recipient of Medicare disability benefits; and
- A current employee or a spouse or dependent of a current employee, covered by an employer group health plan.

End-Stage Renal Disease (ESRD)

The ESRD requirements apply to group health plans of all employers, regardless of the number of employees. Under these requirements, Medicare is the secondary payer during the first 30 months of Medicare eligibility if both of the following are true:

- The beneficiary is eligible for Medicare coverage as an ESRD patient; and
- The beneficiary is covered by an employer group health plan.

If the beneficiary is already covered by Medicare due to age or disability and the beneficiary becomes eligible for Medicare ESRD coverage, Medicare generally is the secondary payer during the first 30 months of ESRD eligibility. However, if the group health plan is secondary to Medicare (based on other Medicare secondary-payer requirements) at the time the beneficiary becomes eligible for ESRD, the group health plan remains secondary to Medicare.

This is only a general summary of the laws. For complete information, contact your employer or the Social Security Administration.

12. Appeals

Right of Appeal

You have the right to one full and fair review in the case of an adverse benefit determination that denies, reduces, or terminates benefits, or fails to provide payment in whole or in part. Adverse benefit determinations include a denied or reduced claim or an adverse benefit determination concerning a pre-service notification requirement. Pre-service notification requirements are:

- A precertification request.
- A notification of admission or services.
- A prior approval request.
- A prior authorization request for prescription drugs.

How to Request an Internal Appeal

You or your authorized representative, if you have designated one, may appeal an adverse benefit determination within 180 days from the date you are notified of our adverse benefit determination by submitting a written appeal. Appeal forms are available at our website, *Wellmark.com*. See *Authorized Representative*, page 87.

Medically Urgent Appeal

To appeal an adverse benefit determination involving a medically urgent situation, you may request an expedited appeal, either orally or in writing. Medically urgent generally means a situation in which your health may be in serious jeopardy or, in the opinion of your physician, you may experience severe pain that cannot be adequately controlled while you wait for a decision.

Non-Medically Urgent Appeal

To appeal an adverse benefit determination that is not medically urgent, you must make your request for a review in writing.

What to Include in Your Internal Appeal

You must submit all relevant information with your appeal, including the reason for your appeal. This includes written comments, documents, or other information in support of your appeal. You must also submit:

- Date of your request.
- Your name (please type or print), address, and if applicable, the name and address of your authorized representative.
- Member identification number.
- Claim number from your Explanation of Benefits, if applicable.
- Date of service in question.

For a prescription drug appeal, you also must submit:

- Name and phone number of the pharmacy.
- Name and phone number of the practitioner who wrote the prescription.
- A copy of the prescription.
- A brief description of your medical reason for needing the prescription.

If you have difficulty obtaining this information, ask your provider or pharmacist to assist you.

Where to Send Internal Appeal

Wellmark Health Plan of Iowa, Inc.
Special Inquiries
P.O. Box 9232, Station 5W189
Des Moines, IA 50306-9232

Review of Internal Appeal

Your request for an internal appeal will be reviewed only once. The review will take into account all information regarding the adverse benefit determination whether or not the information was presented or

available at the initial determination. Upon request, and free of charge, you will be provided reasonable access to and copies of all relevant records used in making the initial determination.

The review will not be conducted by the original decision makers or any of their subordinates. The review will be conducted without regard to the original decision. If a decision requires medical judgment, we will consult an appropriate medical expert who was not previously involved in the original decision and who has no conflict of interest in making the decision. If we deny your appeal, in whole or in part, you may request, in writing, the identity of the medical expert we consulted.

Decision on Internal Appeal

The decision on appeal is the final internal determination. Once a decision on internal appeal is reached, your right to internal appeal is exhausted.

Medically Urgent Appeal

For a medically urgent appeal, you will be notified (by telephone, e-mail, fax or another prompt method) of our decision as soon as possible, based on the medical situation, but no later than 72 hours after your expedited appeal request is received. If the decision is adverse, a written notification will be sent.

All Other Appeals

For all other appeals, you will be notified in writing of our decision. Most appeal requests will be determined within 30 days and all appeal requests will be determined within 60 days.

External Review

You have the right to request an external review of a final adverse determination involving a covered service when the determination involved:

- Medical necessity.
- Appropriateness of services or supplies, including health care setting, level of care, or effectiveness of treatment.

- Investigational or experimental services or supplies.
- Concurrent review or admission to a facility. See *Notification Requirements and Care Coordination*, page 47.

An adverse determination eligible for external review does not include a denial of coverage for a service or treatment specifically excluded under this plan.

The external review will be conducted by independent health care professionals who have no association with us and who have no conflict of interest with respect to the benefit determination.

Have you exhausted the appeal process?

Before you can request an external review, you must first exhaust the internal appeal process described earlier in this section. However, if you have not received a decision regarding the adverse benefit determination within 30 days following the date of your request for an appeal, you are considered to have exhausted the internal appeal process.

Requesting an external review. You or your authorized representative may request an external review through the Iowa Insurance Division by completing an External Review Request Form and submitting the form as described in this section. You may obtain this request form by calling the Customer Service number on your ID card, by visiting our website at *Wellmark.com*, by contacting the Iowa Insurance Division, or by visiting the Iowa Insurance Division's website at www.iid.iowa.gov.

You will be required to authorize the release of any medical records that may be required to be reviewed for the purpose of reaching a decision on your request for external review.

Requests must be filed in writing at the following address, no later than four months

after you receive notice of the final adverse benefit determination:

Iowa Insurance Division
 1963 Bell Avenue, Suite 100
 Des Moines, IA 50315
 Fax: 515-654-6500
 E-mail:
 iid.marketregulation@iid.iowa.gov

How the review works. Upon notification that an external review request has been filed, Wellmark will make a preliminary review of the request to determine whether the request may proceed to external review. Following that review, the Iowa Insurance Division will decide whether your request is eligible for an external review, and if it is, the Iowa Insurance Division will assign an independent review organization (IRO) to conduct the external review. You will be advised of the name of the IRO and will then have five business days to provide new information to the IRO. The IRO will make a decision within 45 days of the date the Iowa Insurance Division receives your request for an external review.

Need help? You may contact the Iowa Insurance Division at **877-955-1212** at any time for assistance with the external review process.

Expedited External Review

You do not need to exhaust the internal appeal process to request an external review of an adverse determination or a final adverse determination if you have a medical condition for which the time frame for completing an internal appeal or for completing a standard external review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function.

You may also have the right to request an expedited external review of a final adverse determination that concerns an admission, availability of care, concurrent review, or service for which you received emergency services, and you have not been discharged from a facility.

If our adverse benefit determination is that the service or treatment is investigational or experimental and your treating physician has certified in writing that delaying the service or treatment would render it significantly less effective, you may also have the right to request an expedited external review.

You or your authorized representative may submit an oral or written expedited external review request to the Iowa Insurance Division by contacting the Iowa Insurance Division at **877-955-1212**.

If the Insurance Division determines the request is eligible for an expedited external review, the Division will immediately assign an IRO to conduct the review and a decision will be made expeditiously, but in no event more than 72 hours after the IRO receives the request for an expedited external review.

Arbitration and Legal Action

You shall not start arbitration or legal action against us until you have exhausted the appeal procedure described in this section. See the *Arbitration and Legal Action* section and *Governing Law*, page 89, for important information about your arbitration and legal action rights after you have exhausted the appeal procedures in this section.

13. Arbitration and Legal Action

PLEASE READ THIS SECTION CAREFULLY

Mandatory Arbitration

You shall not start an action against us on any Claims (as defined below) unless you have first exhausted the appeal processes described in the *Appeals* section of this coverage manual.

Except as solely discussed below, this section provides that Claims must be resolved by binding mandatory arbitration. Arbitration replaces the right to go to court, have a jury trial or initiate or participate in a class action. In arbitration, disputes are resolved by an arbitrator, not a judge or a jury. Arbitration procedures are simpler and more limited than in court. To the extent not superseded by the laws of the United States, the group health plan will be construed in accordance with and governed by the laws of the state of Iowa.

Covered Claims

Except as solely stated below, you or we must arbitrate any claim, dispute or controversy arising out of or related to this coverage manual or any other document related to your health plan, including, but not limited to, member eligibility, benefits under your health plan or administration of your health plan (any and/or all of the foregoing called "Claims").

Except as stated below, all Claims are subject to mandatory arbitration, no matter what legal theory they are based, whether in law or equity, upon or what remedy (damages, or injunctive or declaratory relief) they seek, including Claims based on contract, tort (including intentional tort), fraud, agency, your or our negligence, statutory or regulatory provisions, or any other sources of law; counterclaims, cross-claims, third-party claims, interpleaders or otherwise; Claims made regarding past, present or future conduct; and Claims made

independently or with other claims. This also includes Claims made by or against anyone connected with us or you or claiming through us or you, or by someone making a claim through us or you, such as a covered family member, employee, agent, representative, or an affiliated or subsidiary company. For purposes of this *Arbitration and Legal Action* section, the words "we," "us," and "our" refer to Wellmark, Inc., and its subsidiaries and affiliates, the plan sponsor and/or the plan administrator, as well as their respective directors, officers, employees and agents.

No Class Arbitrations and Class Actions Waiver

YOU UNDERSTAND AND AGREE THAT YOU AND WE BOTH ARE VOLUNTARILY AND IRREVOCABLY WAIVING THE RIGHT TO PURSUE OR HAVE A DISPUTE RESOLVED AS A PLAINTIFF OR CLASS MEMBER IN ANY PURPORTED CLASS, COLLECTIVE OR REPRESENTATIVE PROCEEDING PENDING BETWEEN YOU AND US. YOU ARE AGREEING TO GIVE UP THE ABILITY TO PARTICIPATE IN CLASS ARBITRATIONS, CLASS ACTIONS AND ANY OTHER COLLECTIVE OR REPRESENTATIVE ACTIONS. Neither you nor we consent to the incorporation of the AAA Supplementary Rules for Class Arbitration into the rules governing the arbitration of Claims. The arbitrator has no authority to arbitrate any claim on a class or representative basis and may award relief only on an individual basis. Claims of two or more persons may not be combined in the same arbitration, unless both you and we agree to do so.

Claims Excluded from Mandatory Arbitration

- Small Claims – individual Claims filed in a small claims court are not subject to

arbitration, as long as the matter stays in small claims court.

- Claims Excluded By Applicable Law – federal or state law may exempt certain Claims from mandatory arbitration. **IF AN ARBITRATOR DETERMINES A PARTICULAR CLAIM IS EXCLUDED FROM ARBITRATION BY FEDERAL OR STATE LAW, CLAIMS EXCLUDED BY APPLICABLE LAW, LATER IN THIS SECTION, AND GOVERNING LAW, PAGE 89, WILL APPLY TO THE PARTIES AND SUCH PARTICULAR CLAIM.**

Arbitration Process Generally

- No demand for arbitration of a Claim because of a health benefit claim under this plan, or because of the alleged breach of this plan, shall be made more than two years after the end of the calendar year in which the services or supplies were provided.
- Arbitration shall be conducted by the American Arbitration Association (“AAA”) according to the Federal Arbitration Act (“FAA”) (to the exclusion of any state laws inconsistent therewith), this arbitration provision and the applicable AAA Consumer Arbitration Rules in effect when the Claim is filed (“AAA Rules”), except where those rules conflict with this arbitration provision. You can obtain copies of the AAA Rules at the AAA’s website (www.adr.org). You or we may choose to have a hearing, appear at any hearing by phone or other electronic means, and/or be represented by counsel. Any in-person hearing will be held in the same city as the U.S. District Court closest to your billing address.
- Either you or we may apply to a court for emergency, temporary or preliminary injunctive relief or an order in aid of arbitration (i) prior to the appointment of an arbitrator or (ii) after the arbitrator makes a final award and closes the arbitration. Once an arbitrator has been appointed until the arbitration is closed, emergency, temporary or preliminary injunctive relief may only be granted by the arbitrator. Either you or we may apply to a court for enforcement of any emergency, temporary or preliminary injunctive relief granted by the arbitrator.
- Arbitration may be compelled at any time by either party, even where there is a pending lawsuit in court, unless a trial has begun or a final judgment has been entered. The action of filing or serving a complaint, answers or counterclaim in no way waives the mandatory arbitration provisions of this agreement. To invoke arbitration, a party may file a motion to compel arbitration in a pending matter and/or commence arbitration by submitting the required AAA forms and requisite filing fees to the AAA.
- The arbitration shall be conducted by a single arbitrator in accordance with this arbitration provision and the AAA Rules, which may limit discovery. The arbitrator shall not apply any federal or state rules of civil procedure for discovery, but the arbitrator shall honor claims of privilege recognized at law and shall take reasonable steps to protect plan information and other confidential information of either party if requested to do so. The parties agree that the scope of discovery will be limited to non-privileged information that is relevant to the Claim, and consistent with the parties’ intent, the arbitrator shall ensure that allowed discovery is reasonable in scope, cost-effective and non-onerous to either party. The arbitrator shall apply the FAA and other applicable substantive law not inconsistent with the FAA, and may award damages or other relief under applicable law.
- The arbitrator shall make any award in writing and, if requested by you or us, may provide a brief written statement of the reasons for the award. An arbitration

award shall decide the rights and obligations only of the parties named in the arbitration and shall not have any bearing on any other person or dispute.

IF ARBITRATION IS INVOKED BY ANY PARTY WITH RESPECT TO A CLAIM, NEITHER YOU NOR WE WILL HAVE THE RIGHT TO LITIGATE THAT CLAIM IN COURT OR HAVE A JURY TRIAL ON THAT CLAIM, OR TO ENGAGE IN PREARBITRATION DISCOVERY EXCEPT AS PROVIDED FOR IN THE APPLICABLE ARBITRATION RULES. THE ARBITRATOR'S DECISION WILL BE FINAL AND BINDING. YOU UNDERSTAND THAT OTHER RIGHTS THAT YOU WOULD HAVE IF YOU WENT TO COURT MAY ALSO NOT BE AVAILABLE IN ARBITRATION.

Arbitration Fees and Other Costs

The AAA Rules determine what costs you and we will pay to the AAA in connection with the arbitration process. In most instances, your responsibility for filing, administrative and arbitrator fees to pursue a Claim in arbitration will not exceed \$200. However, if the arbitrator decides that either the substance of your claim or the remedy you asked for is frivolous or brought for an improper purpose, the arbitrator will use the AAA Rules to determine whether you or we are responsible for the filing, administrative and arbitrator fees.

You may wish to consult with or be represented by an attorney during the arbitration process. Each party is responsible for its own attorney's fees and other expenses, such as witness fees and expert witness costs.

Confidentiality

The arbitration proceedings and arbitration award shall be maintained by the parties as strictly confidential, except as is otherwise required by law, as is necessary to confirm,

vacate or enforce the award, and for disclosure in confidence to the parties' respective attorneys and tax advisors of a party who is an individual.

Questions of Arbitrability

You and we mutually agree that the arbitrator, and not a court, will decide in the first instance all questions of substantive arbitrability, including without limitation the validity of this Section, whether you and we are bound by it, and whether this Section applies to a particular Claim.

Claims Excluded By Applicable Law

If an arbitrator determines a particular Claim is excluded from arbitration by federal or state law, you and we agree that the following terms will apply to any legal or equitable action brought in court because of such Claim:

- You shall not bring any legal or equitable action against us because of a health benefit claim under this plan, or because of the alleged breach of this plan, more than two years after the end of the calendar year in which the services or supplies were provided.
- Any action brought because of a Claim under this plan will be litigated in the state or federal courts located in the state of Iowa and in no other.
- **YOU AND WE BOTH WAIVE ANY RIGHT TO A JURY TRIAL WITH RESPECT TO AND IN ANY CLAIM.**
- **FURTHER, YOU AND WE BOTH WAIVE ANY RIGHT TO SEEK OR RECOVER PUNITIVE OR EXEMPLARY DAMAGES WITH RESPECT TO ANY CLAIM.**

Survival and Severability of Terms

This *Arbitration and Legal Action* section will survive termination of the plan. If any portion of this provision is deemed invalid or unenforceable under any law or statute it will not invalidate the remaining portions of

this *Arbitration and Legal Action* section or the plan. To the extent a Claim qualifies for mandatory arbitration and there is a conflict or inconsistency between the AAA Rules and this *Arbitration and Legal Action* section, this *Arbitration and Legal Action* section will govern.

14. General Provisions

Contract

The conditions of your coverage are defined in your contract. Your contract includes:

- Any application you submitted to us or to your employer or group sponsor.
- Any agreement or group policy we have with your employer or group sponsor.
- Any application completed by your employer or group sponsor.
- This coverage manual and any amendments.

All of the statements made by you or your employer or group sponsor in any of these materials will be treated by us as representations, not warranties.

Interpreting this Coverage Manual

We will interpret the provisions of this coverage manual and determine the answer to all questions that arise under it. We have the administrative discretion to determine whether you meet our written eligibility requirements, or to interpret any other term in this coverage manual. If any benefit described in this coverage manual is subject to a determination of medical necessity, unless otherwise required by law, we will make that factual determination. Our interpretations and determinations are final and conclusive, subject to the appeal procedures outlined earlier in this coverage manual.

There are certain rules you must follow in order for us to properly administer your benefits. Different rules appear in different sections of your coverage manual. You should become familiar with the entire document.

Plan Year

The Plan Year has been designated and communicated to Wellmark by your group health plan's plan sponsor or plan

administrator as the twelve month period commencing on the effective date of your group health plan's annual renewal with Wellmark.

Authority to Terminate, Amend, or Modify

Your employer or group sponsor has the authority to terminate, amend, or modify the coverage described in this coverage manual at any time. Any amendment or modification will be in writing and will be as binding as this coverage manual. If your contract is terminated, you may not receive benefits.

Authorized Group Benefits Plan Changes

No agent, employee, or representative of ours is authorized to vary, add to, change, modify, waive, or alter any of the provisions described in this coverage manual. This coverage manual cannot be changed except by one of the following:

- Written amendment signed by an authorized officer and accepted by you or your employer or group sponsor.
- Our receipt of proper notification that an event has changed your spouse or dependent's eligibility for coverage. See *Coverage Changes and Termination*, page 63.

Member Participation

Information will be made available to members regarding matters such as wellness, general health education, and matters of policy and operation of Wellmark Health Plan of Iowa, Inc.

Authorized Representative

You may authorize another person to represent you and with whom you want us to communicate regarding specific claims or an appeal. This authorization must be in writing, signed by you, and include all the

information required in our Authorized Representative Form. This form is available at *Wellmark.com* or by calling the Customer Service number on your ID card.

In a medically urgent situation your treating health care practitioner may act as your authorized representative without completion of the Authorized Representative Form.

An assignment of benefits, release of information, or other similar form that you may sign at the request of your health care provider does not make your provider an authorized representative. You may authorize only one person as your representative at a time. You may revoke the authorized representative at any time.

Release of Information

By enrolling in this group health plan, you have agreed to release any necessary information requested about you so we can process claims for benefits.

You must allow any provider, facility, or their employee to give us information about a treatment or condition. If we do not receive the information requested, or if you withhold information, your benefits may be denied. If you fraudulently use your coverage or misrepresent or conceal material facts when providing information, then we may terminate your coverage under this group health plan.

Privacy of Information

Your employer or group sponsor is required to protect the privacy of your health information. It is required to request, use, or disclose your health information only as permitted or required by law. For example, your employer or group sponsor has contracted with Wellmark to administer this group health plan and Wellmark will use or disclose your health information for treatment, payment, and health care operations according to the standards and specifications of the federal privacy regulations.

Treatment

We may disclose your health information to a physician or other health care provider in order for such health care provider to provide treatment to you.

Payment

We may use and disclose your health information to pay for covered services from physicians, hospitals, and other providers, to determine your eligibility for benefits, to coordinate benefits, to determine medical necessity, to obtain payment from your employer or group sponsor, to issue explanations of benefits to the person enrolled in the group health plan in which you participate, and the like. We may disclose your health information to a health care provider or entity subject to the federal privacy rules so they can obtain payment or engage in these payment activities.

Health Care Operations

We may use and disclose your health information in connection with health care operations. Health care operations include, but are not limited to, determining payment and rates for your group health plan; quality assessment and improvement activities; reviewing the competence or qualifications of health care practitioners, evaluating provider performance, conducting training programs, accreditation, certification, licensing, or credentialing activities; medical review, legal services, and auditing, including fraud and abuse detection and compliance; business planning and development; and business management and general administrative activities.

Other Disclosures

Your employer or group sponsor or Wellmark is required to obtain your explicit authorization for any use or disclosure of your health information that is not permitted or required by law. For example, we may release claim payment information to a friend or family member to act on your behalf during a hospitalization if you submit an authorization to release information to that person. If you give us an authorization,

you may revoke it in writing at any time. Your revocation will not affect any use or disclosures permitted by your authorization while it was in effect.

Member Health Support Services

Wellmark may from time to time make available to you certain health support services (such as disease management), for a fee or for no fee. Wellmark may offer financial and other incentives to you to use such services. As a part of the provision of these services, Wellmark may:

- Use your personal health information (including, but not limited to, substance abuse, mental health, and HIV/AIDS information); and
- Disclose such information to your health care providers and Wellmark's health support service vendors, for purposes of providing such services to you.

Wellmark will use and disclose information according to the terms of our Privacy Practices Notice, which is available upon request or at *Wellmark.com*.

Value Added or Innovative Benefits

Wellmark may, from time to time, make available to you certain value added or innovative benefits for a fee or for no fee. Examples include Blue365[®], identity theft protections, and discounts on alternative/preventive therapies, fitness, exercise and diet assistance, and elective procedures as well as resources to help you make more informed health decisions. Wellmark may also provide rewards or incentives under this plan if you participate in certain voluntary wellness activities or programs that encourage healthy behaviors. Your employer is responsible for any income and employment tax withholding, depositing and reporting obligations that may apply to the value of such rewards and incentives.

Value-Based Programs

Value-based programs involve local health care organizations that are held accountable for the quality and cost of care delivered to a defined population. Value-based programs can include accountable care organizations (ACOs), patient centered medical homes (PCMHs), and other programs developed by Wellmark, the Blue Cross Blue Shield Association, or other Blue Cross Blue Shield health plans ("Blue Plans"). Wellmark and Blue Plans have entered into collaborative arrangements with value-based programs under which the health care providers participating in them are eligible for financial incentives relating to quality and cost-effective care of Wellmark and/or Blue Plan members. If your physician, hospital, or other health care provider participates in the Wellmark ACO program or other value-based program, Wellmark may make available to such health care providers your health care information, including claims information, for purposes of helping support their delivery of health care services to you.

Nonassignment

Except as required by law, benefits for covered services under this group health plan are for your personal benefit and cannot be transferred or assigned to anyone else without our consent. Whether made before or after services are provided, you are prohibited from assigning any claim. You are further prohibited from assigning any cause of action arising out of or relating to this group health plan. Any attempt to assign this group health plan, even if assignment includes the provider's rights to receive payment, will be null and void. Nothing contained in this group health plan shall be construed to make the health plan or Wellmark liable to any third party to whom a member may be liable for medical care, treatment, or services.

Governing Law

To the extent not superseded by the laws of the United States, the group health plan will

be construed in accordance with and governed by the laws of the state of Iowa.

Medicaid Enrollment and Payments to Medicaid

Assignment of Rights

This group health plan will provide payment of benefits for covered services to you, your beneficiary, or any other person who has been legally assigned the right to receive such benefits under requirements established pursuant to Title XIX of the Social Security Act (Medicaid).

Enrollment Without Regard to Medicaid

Your receipt or eligibility for medical assistance under Title XIX of the Social Security Act (Medicaid) will not affect your enrollment as a participant or beneficiary of this group health plan, nor will it affect our determination of any benefits paid to you.

Acquisition by States of Rights of Third Parties

If payment has been made by Medicaid and Wellmark has a legal obligation to provide benefits for those services, Wellmark will make payment of those benefits in accordance with any state law under which a state acquires the right to such payments.

Medicaid Reimbursement

When a Network Provider submits a claim to a state Medicaid program for a covered service and Wellmark reimburses the state Medicaid program for the service, Wellmark's total payment for the service will be limited to the amount paid to the state Medicaid program. No additional payments will be made to the provider or to you.

Subrogation

For purposes of this "Subrogation" section, "third party" includes, but is not limited to, any of the following:

- The responsible person or that person's insurer;
- Uninsured motorist coverage;

- Underinsured motorist coverage;
- Personal umbrella coverage;
- Other insurance coverage including, but not limited to, homeowner's, motor vehicle, or medical payments insurance; and
- Any other payment from a source intended to compensate you for injuries resulting from an accident or alleged negligence.

Right of Subrogation

If you or your legal representative have a claim to recover money from a third party and this claim relates to an illness or injury for which this group health plan provides benefits, we, on behalf of your employer or group sponsor, will be subrogated to you and your legal representative's rights to recover from the third party as a condition to your receipt of benefits.

Right of Reimbursement

If you have an illness or injury as a result of the act of a third party or arising out of obligations you have under a contract and you or your legal representative files a claim under this group health plan, as a condition of receipt of benefits, you or your legal representative must reimburse us for all benefits paid for the illness or injury from money received from the third party or its insurer, or under the contract, to the extent of the amount paid by this group health plan on the claim.

Once you receive benefits under this group health plan arising from an illness or injury, we will assume any legal rights you have to collect compensation, damages, or any other payment related to the illness or injury from any third party.

You agree to recognize our rights under this group health plan to subrogation and reimbursement. These rights provide us with a priority over any money paid by a third party to you relative to the amount paid by this group health plan, including priority over any claim for nonmedical charges, or other costs and expenses. We will assume all rights of recovery, to the

extent of payment made under this group health plan, regardless of whether payment is made before or after settlement of a third party claim, and regardless of whether you have received full or complete compensation for an illness or injury.

Procedures for Subrogation and Reimbursement

You or your legal representative must do whatever we request with respect to the exercise of our subrogation and reimbursement rights, and you agree to do nothing to prejudice those rights. In addition, at the time of making a claim for benefits, you or your legal representative must inform us in writing if you have an illness or injury caused by a third party or arising out of obligations you have under a contract. You or your legal representative must provide the following information, by registered mail, as soon as reasonably practicable of such illness or injury to us as a condition to receipt of benefits:

- The name, address, and telephone number of the third party that in any way caused the illness or injury or is a party to the contract, and of the attorney representing the third party;
- The name, address and telephone number of the third party's insurer and any insurer of you;
- The name, address and telephone number of your attorney with respect to the third party's act;
- Prior to the meeting, the date, time and location of any meeting between the third party or his attorney and you, or your attorney;
- All terms of any settlement offer made by the third party or his insurer or your insurer;
- All information discovered by you or your attorney concerning the insurance coverage of the third party;
- The amount and location of any money that is recovered by you from the third party or his insurer or your insurer, and the date that the money was received;

- Prior to settlement, all information related to any oral or written settlement agreement between you and the third party or his insurer or your insurer;
- All information regarding any legal action that has been brought on your behalf against the third party or his insurer; and
- All other information requested by us.

You also agree to all of the following:

- You will immediately let us know about any potential claims or rights of recovery related to the illness or injury.
- You will furnish any information and assistance that we determine we will need to enforce our rights under this group health plan.
- You will do nothing to prejudice our rights and interests including, but not limited to, signing any release or waiver (or otherwise releasing) our rights, without obtaining our written permission.
- You will not compromise, settle, surrender, or release any claim or right of recovery described above, without obtaining our written permission.
- If payment is received from the other party or parties, you must reimburse us to the extent of benefit payments made under this group health plan.
- In the event you or your attorney receive any funds in compensation for your illness or injury, you or your attorney will hold those funds (up to and including the amount of benefits paid under this group health plan in connection with the illness or injury) in trust for the benefit of this group health plan as trustee(s) for us until the extent of our right to reimbursement or subrogation has been resolved.
- In the event you invoke your rights of recovery against a third-party related to

the illness or injury, you will not seek an advancement of costs or fees from us.

- The amount of our subrogation interest shall be paid first from any funds recovered on your behalf from any source, without regard to whether you have been made whole or fully compensated for your losses, and the “make whole” rule is specifically rejected and inapplicable under this group health plan.
- We will not be liable for payment of any share of attorneys’ fees or other expenses incurred in obtaining any recovery, except as expressly agreed in writing, and the “common fund” rule is specifically rejected and inapplicable under this group health plan.

It is further agreed that in the event that you fail to take the necessary legal action to recover from the responsible party, we shall have the option to do so and may proceed in its name or your name against the responsible party and shall be entitled to the recovery of the amount of benefits paid under this group health plan and shall be entitled to recover its expenses, including reasonable attorney fees and costs, incurred for such recovery.

In the event we deem it necessary to institute legal action against you if you fail to repay us as required in this group health plan, you shall be liable for the amount of such payments made by us as well as all of our costs of collection, including reasonable attorney fees and costs.

You hereby authorize the deduction of any excess benefit received or benefits that should not have been paid, from any present or future compensation payments.

You and your covered family member(s) must notify us if you have the potential right to receive payment from someone else. You must cooperate with us to ensure that our rights to subrogation are protected.

Our right of subrogation and reimbursement under this group health plan applies to all rights of recovery, and not

only to your right to compensation for medical expenses. A settlement or judgment structured in any manner not to include medical expenses, or an action brought by you or on your behalf which fails to state a claim for recovery of medical expenses, shall not defeat our rights of subrogation and reimbursement if there is any recovery on your claim.

We reserve the right to offset any amounts owed to us against any future claim payments.

Workers’ Compensation

If you have received benefits under this group health plan for an injury or condition that is the subject or basis of a workers’ compensation claim (whether litigated or not), we are entitled to reimbursement to the extent benefits are paid under this plan in the event that your claim is accepted or adjudged to be covered under workers’ compensation.

Furthermore, we are entitled to reimbursement from you to the full extent of benefits paid out of any proceeds you receive from any workers’ compensation claim, regardless of whether you have been made whole or fully compensated for your losses, regardless of whether the proceeds represent a compromise or disputed settlement, and regardless of any characterization of the settlement proceeds by the parties to the settlement. We will not be liable for any attorney’s fees or other expenses incurred in obtaining any proceeds for any workers’ compensation claim.

We utilize industry standard methods to identify claims that may be work-related. This may result in initial payment of some claims that are work-related. We reserve the right to seek reimbursement of any such claim or to waive reimbursement of any claim, at our discretion.

Payment in Error

If for any reason we make payment in error, we may recover the amount we paid.

If we determine we did not make full payment, Wellmark will make the correct payment without interest.

Glossary

The definitions in this section are terms that are used in various sections of this coverage manual. A term that appears in only one section is defined in that section.

Accidental Injury. An injury, independent of disease or bodily infirmity or any other cause, that happens by chance and requires immediate medical attention.

Admission. Formal acceptance as a patient to a hospital or other covered health care facility for a health condition.

BlueCard Program. The Blue Cross Blue Shield Association program that permits members of any Blue Cross or Blue Shield Plan to have access to emergency care or accidental injury services similar to those that members have in the Wellmark Blue HMO network.

Compounded Drugs. Compounded prescription drugs are produced by combining, mixing, or altering ingredients by a pharmacist to create an alternate strength or dosage form tailored to the specialized medical needs of an individual patient when an FDA-approved drug is unavailable or a licensed health care provider decides that an FDA-approved drug is not appropriate for a patient's medical needs.

Creditable Coverage. Any of the following categories of coverage:

- Group health plan (including government and church plans).
- Health insurance coverage (including group, individual, and short-term limited duration coverage).

- Medicare (Part A or B of Title XVIII of the Social Security Act).
- Medicaid (Title XIX of the Social Security Act).
- Medical care for members and certain former members of the uniformed services, and for their dependents (Chapter 55 of Title 10, United States Code).

Illness or Injury. Any bodily disorder, bodily injury, disease, or mental health condition, including pregnancy and complications of pregnancy.

Inpatient. Services received, or a person receiving services, while admitted to a health care facility for at least an overnight stay.

Medically Urgent. A situation where a longer, non-urgent response time could seriously jeopardize the life or health of the plan member seeking services or, in the opinion of a physician with knowledge of the member's medical condition, would subject the member to severe pain that cannot be managed without the services in question.

Medicare. The federal government health insurance program established under Title XVIII of the Social Security Act for people age 65 and older and for individuals of any age entitled to monthly disability benefits under Social Security or the Railroad Retirement Program. Participating Pharmacy. A pharmacy that participates with the network used by your prescription drug benefits. Pharmacies that do not contract with our pharmacy benefits manager are considered Out-of-Network Providers.

Some specialty drugs may be taken orally, but others may require administration by injection or inhalation.

Spouse. A man or woman lawfully married to a covered member.
