**REPORT REQUIRED BY THE GAO:**

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance  
and Other Matters Based on an Audit of Financial Statements Performed  
in Accordance with *Government Auditing Standards* ..... 49 – 50

## INDEPENDENT AUDITORS' REPORT

1810 E Schneidmiller Ave. Ste. 310  
Post Falls, Idaho 83854  
208-777-1099 (phone) 208-773-5108 (fax)

## INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and City Council  
City of Hayden  
Hayden, ID 83835

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Hayden as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the City of Hayden's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Hayden, as of September 30, 2019, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the required supplementary information, as noted in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Hayden's basic financial statements. The combining and individual non-major fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 25, 2020 on our consideration of City of Hayden's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Hayden's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Hayden's internal control over financial reporting and compliance.

**City of Hayden, Idaho**  
**Reconciliation of the Statement of Revenues, Expenditures, and Changes in**  
**Fund Balances of Governmental Funds to the Statement of Activities**  
**Year Ended June 30, 2019**

Amounts reported for governmental activities in the statement of activities are different because:

|  |                     |
|--|---------------------|
| Net Change in Fund Balances - total governmental funds   | \$ 800,995          |
| <p>Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their estimated useful lives and reported as depreciation expenses. This is the amount by which capital outlays exceeded depreciation expense in the current period.</p>   |                     |
| Capital Outlay   | 1,188,918           |
| Depreciation   | (2,860,660)         |
| <p>Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.</p>  |                     |
| Difference between revenue earned on property taxes on the modified accrual basis versus revenue on property taxes on the full accrual basis   | (48,633)            |
| Difference between revenue earned on special assessments on the modified accrual basis versus revenue on property taxes on the full accrual basis  | (4,056)             |
| <p>The net effect of various miscellaneous transactions involving capital assets (i.e., sales and donations) is to increase net assets.</p>  |                     |
| Donated Assets   | 100,000             |
| <p>The issuance of long-term debt (e.g., bonds, leased) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.</p> |                     |
| Debt principal payments considered as an expenditure   | 289,478             |
| Change in accrued interest expenses  | (601)               |
| <p>Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.</p>   |                     |
| (Increase)/ Decrease in Compensated Absence Liability  |                     |
| Change in compensated absences   | (7,037)             |
| <p>The net pension effect related to the pension expense recognized for the year.</p>  |                     |
| Current year PERSI contributions   | 195,393             |
| PERSI pension plan expenses  | (191,840)           |
| Change in net position of governmental activities  | <u>\$ (538,043)</u> |

**City of Hayden**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**September 30, 2019**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Reporting Entity**

The City's combined financial statements include the accounts of all City operations. The criteria for including organizations as component units within the City's reporting entity, as set forth in Section 2100 of the Governmental Accounting Standards Board's (GASB) Codification of Government Accounting and Financial Reporting Standards, include whether:

- ✓ the organization is legally separate (can sue and be sued in their own name)
- ✓ the City holds the corporate powers of the organization
- ✓ the City appoints a voting majority of the organization's board
- ✓ the City is able to impose its will on the organization
- ✓ the organization has the potential to impose a financial benefit/burden on the City
- ✓ there is fiscal dependency by the organization on the City

The financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting standards.

The City of Hayden (the City) is an incorporated City of the State of Idaho. The City operates under a Mayor/Council form of government. The City has oversight responsibility and control over all activities related to the City's functions. The City is not included in any other governmental "reporting entity" as defined in GASB pronouncements, since the public elects the City council members. The City provides a wide range of municipal service. Sewer and sewer expansion services are provided by the City and are accounted for as proprietary enterprise funds.

The accompanying financial statements include all aspects controlled by the City Council of the City of Hayden. A reporting entity consists of the primary government; organizations for which the primary government is financial accountable and other organizations for which the nature and significance of the relationship are such at exclusion would cause the reporting entity's financial statements to be misleading.

Under Idaho Code, in September 2005, the Hayden City Council passed an ordinance which created the Hayden Urban Renewal Agency (the Agency), a legally separate entity from the City. The Agency was established to promote urban development and improvement in blighted areas in and around the City. A board of five directors, which are appointed by the Mayor and approved by the City Council, governs the Agency. The City Council has the ability to appoint, hire, reassign, or dismiss those persons having responsibility for the day-to-day operations of the Agency. These powers of the City meet the criteria set forth in GASB No. 61 for having financial accountability for the Agency. Based on the above, the Agency has been discretely presented in the accompanying financial statements of the City as a component unit. Separate statements for the Agency may be obtained from City Hall.

Under Idaho Code, the Agency has the authority to issue bonds. Any bonds issued by the Agency are payable solely from the proceeds of tax increment financing, and are not a debt of the City. The City Council is not responsible for approving the Agency budget or funding any annual deficits. The Agency controls its disbursements independent of the City Council.

**Payments between the City and Component Units**

Resource flows (except those that affect the statement of net position, such as loans and repayments) between a primary government and its discretely presented component units are reported as external transactions – that is, as revenues and expenses.

**City of Hayden**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**September 30, 2019**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

The Agency operates on the same fiscal year as the City. Complete financial statements of the Agency can be obtained directly from:

Hayden Urban Renewal Agency  
8930 North Government Way  
Hayden, ID 83835

**Basis of Presentation, Government-Wide Statements and Fund Financial Statements**

*Government-wide Statements:* The statement of net position and the statement of activities display information about the primary government (the City) and its component units. These statements include the financial activities of the overall government and its component units, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or part by fees charged to external parties.

The statement of activities presents a comparison between direct and program revenues for the business-type activities of the City and for each function of the City's and its component units' governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees, fines, and charges by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

*Fund Financial Statements:* The fund financial statements provide information about the City's funds, including its fiduciary funds and blended component units. Separate statements for each fund category—*governmental, proprietary, and fiduciary* are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

**The City reports the following major governmental funds:**

*General Fund* – This is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

*Special Revenue Fund – Impact Fees Circulation* - Developmental impact fees are charged on new construction. The revenue generated from these fees will be used for capital improvements for Streets.

*Capital Projects Fund* – Used to account for City capital projects.

**The City reports the following major enterprise fund:**

*Sewer Fund* – used to account for operations that are financed and operated in a manner similar to private business enterprises where the costs (expenses, including capitalized infrastructure and depreciation) of providing sewer operation and maintenance services to the general public on a continuing basis are financed through user charges.

**City of Hayden**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**September 30, 2019**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Additionally, the government reports the following non-major fund types:**

*Special Revenue Fund – Honeysuckle Boat Launch* – Accounts for the accumulation of resources to be used for repairs and maintenance on the Honeysuckle boat launch.

*Special Revenue Fund – Council Media Center* – Accounts for the accumulation of resources to be used to purchase and maintain equipment for televising council meetings.

*Special Revenue Fund – Impact Fees Parks* - Developmental impact fees are charged on new construction. The revenue generated from these fees will be used for Parks expenses.

*Special Revenue Fund – Impact Fees Law Enforcement* – The City has not charged a law enforcement impact fee since June 30, 2016. It is the City's plan to use the fees already collected on law enforcement expenses.

*Debt Service Fund - LID #2004-1* – Accounts for the accumulation of resources and payment of special assessment bond principal and interest from special assessment levies.

**Measurement Focus, Basis of Accounting**

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the types of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied.

Revenue from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Property taxes, sales taxes, franchise taxes, licenses, and interest are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

**City of Hayden**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**September 30, 2019**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Assets, Liabilities, Deferred Inflows of Resources and Net Position/Fund Balance**

**Cash and Cash Equivalents**

The City pools all individual fund cash balances in bank accounts. Cash in excess of current requirements is invested in various interest-bearing securities and disclosed as part of the City's investments.

For purposes of the Statement of Cash Flows, the City defines cash and cash equivalents as all cash and highly liquid investments with an original maturity of three months or less (both restricted and unrestricted). In addition, the City considers all unrestricted investments held in the pooled accounts of the City to be cash equivalents, as the City is able to access the funds at any time.

**Receivables**

All trade and property tax receivables are shown net of an allowance for uncollectibles. Allowance for uncollectibles for the governmental funds was -0- and proprietary funds was \$41,252 as of September 30, 2019.

Receivables for State Highway User's Tax, State Liquor, and State Revenue Sharing are recorded as revenue in the general fund.

The City records enterprise fund charges when earned, not when collected.

**Due To and From Other Funds and Advances To and From Other Funds**

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of inter-fund loans) or "advances to/from other funds" (i.e., the non-current portion of inter-fund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

**Inventories and Prepaid Items**

All inventories are valued at cost using the average cost method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

**Capital Assets**

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated fixed assets are recorded at their estimated fair value at the date of donation. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 at an estimated historical cost if purchased or constructed. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects when constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. Land and construction in progress are not depreciated.

**City of Hayden**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**September 30, 2019**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

The other property, plant and equipment of the primary government are depreciated using the straight-line method over the following estimated useful lives:

| <u>Asset Class</u>         | <u>Estimated Useful Lives</u> |
|----------------------------|-------------------------------|
| Buildings and improvements | 30                            |
| Infrastructure             | 40-50                         |
| Equipment                  | 5-25                          |

Because the City is a Phase 3 government (governments with total annual revenues of less than \$10 million), the City is encouraged but not required to report major infrastructure assets retroactively prior to October 1, 2003. The City has made the decision to not record infrastructure assets retroactively.

In December 2007, The City contracted with an independent appraisal firm to perform a complete inventory of fixed assets. When original costs were not available, assets were valued at an estimated historical cost. The City continues to update this inventory.

**Accrued Liabilities and Long-term Obligations**

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements.

In general, payables and accrued liabilities that will be paid from governmental funds are reported on the governmental fund financial statements regardless of whether they will be liquidated with current resources. However, claims and judgments and the non-current portion of capital leases, which will be paid from governmental funds, are reported as a liability in the fund financial statements only to the extent that they will be paid with current, expendable, available financial resources.

In general, payments made within 60 days after year end are considered to have been made with current available financial resources. Bonds and other long-term obligations that will be paid from governmental funds are not recognized as a liability in the fund financial statements until due.

**Compensated Absences**

The City reports compensated absences in accordance with the provisions of GASB Statement No. 16, "Accounting for Compensated Absences." Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the City will compensate the employees for the benefits through paid time off or some other means. The City records a liability for accumulated unused vacation time when earned for all employees who qualify.

**Deferred Outflows / Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City does have items that qualify for reporting in this category, note 8 outlines the outflows of resources associated with the PERSI base pension plan.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

**City of Hayden**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**September 30, 2019**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

The City has one type of these items, which arise under the government-wide accrual basis of accounting that qualifies for reporting in this category and one item, which arises only under a modified accrual basis of accounting. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources; property taxes and special assessments. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

The other item (reported in the government-wide statements) is an amount related to the pension base plan. See note 8 for details on the pension plan. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

**Fund Equity**

Governmental fund equity is classified as fund balance. Fund balance is further classified as non-spendable, restricted, committed, assigned, or unassigned.

When both restricted and unrestricted fund balances are available for use, it is the City's policy to use restricted fund balance first, then unrestricted fund balance. Furthermore, committed fund balances are reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those restricted fund balance classifications can be used.

**Fund Balance Flow Assumptions**

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

**Net Position Flow Assumptions**

Net position represents the difference between assets and liabilities. Net investment in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

**Program Revenues**

Amounts reported as program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

**City of Hayden**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**September 30, 2019**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Property Tax Revenues**

Property taxes are levied each November based on the assessed value of property as listed on the previous September tax rolls. Assessed values are an approximation of market value. The county assessor establishes assessed values. Property tax payments are due in one-half installments every December and June.

Property tax becomes a lien on the property when it is levied. State statute sets maximum property tax rates from the various funds of the City of Hayden. For the general fund, the City cannot levy more than 103% of the prior year levy rate. For other funds, the 3% increase is not applicable but is limited by statute.

**Proprietary Funds Operating and Non-Operating Revenues and Expenses**

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers for sales and service. The enterprise funds also recognize as operating revenue the portion of capitalization fees intended to recover the cost of connecting new customers to the system. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

**Contributed Capital**

Contributed capital represents donations by developers, grants restricted for capital construction, and assets whose construction was financed by special assessments. Capitalization fees may be used only for expansion of the systems, improvement or expansion of the present plant, or the construction of additional electric, water and wastewater facilities. When the cash received for capitalization fees is spent, the assets purchased are recorded as plant and equipment.

**Pensions**

For purposes of measuring the net pension liability and pension expense, information about the fiduciary net position of the Public Employee Retirement System of Idaho Base Plan (Base Plan) and additions to/deductions from Base Plan's fiduciary net position have been determined on the same basis as they are reported by the Base Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**NOTE 2 – DEPOSITS AND INVESTMENT BALANCES**

**General**

State statutes authorize the City's investments. The City of Hayden is authorized to invest in demand deposits, savings accounts, U.S. Government obligations and its agencies, obligations of Idaho and its agencies, fully collateralized repurchase agreements, prime domestic commercial paper, prime domestic bankers acceptances, bonds, debentures or notes of any corporation organized, controlled and operating within the U.S. which have at their purchase an "A" rating or higher, government pool and money market funds consisting of any of these securities listed. No violations of these categories have occurred.

**City of Hayden**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**September 30, 2019**

**NOTE 2 – DEPOSITS AND INVESTMENT BALANCES (CONTINUED)**

**Custodial Credit Risk**

Custodial credit risk is the risk that, in the event of a bank failure, the Agency’s deposits may not be returned to it. The Agency does not have a deposit policy for custodial credit risk as it deposits funds in financial institutions that are members of the U.S. Federal Deposit Insurance Corporation (FDIC) and has never experienced such a loss. As of September 30, 2019, the Agency’s deposits were exposed to custodial credit risk as follows:

As of September 30, 2019, the City’s deposits and investments were not exposed to custodial credit risk.

*Deposits without exposure to custodial credit risk:*

*Deposits*

|  |              |
|--|--------------|
| Amount insured by FDIC or other agencies | \$ 1,061,221 |
|--|--------------|

*Investments*

|  |           |
|--|-----------|
| Amounts registered in the name of the City                           | 3,455,442 |
| Total deposits/investments without exposure to custodial credit risk | 4,516,663 |

*Deposits with exposure to custodial credit risk:*

|   |               |
|---|---------------|
| Amount collateralized with securities held in trust, but not in the City's name | 9,419,036     |
| Total bank balance (deposits) and investments                                   | \$ 13,935,699 |

*The carrying amount is displayed as follows in the financial statements:*

|   |               |
|---|---------------|
| <i>Statement of net position</i>                              |               |
| Cash and cash equivalents                                     | \$ 5,927,658  |
| Investments   | 3,453,663     |
| Restricted cash and cash equivalents                          | 4,161,415     |
|   | \$ 13,542,736 |
| Statement of fiduciary net position-cash and cash equivalents | \$ 1,068      |
| Statement of fiduciary net position-investments               | \$ 53,019     |

**Credit Risk**

Credit risk is the risk that a debtor will not fulfill its obligations. All of the above securities registered in the City’s name carry a rating of AAA from Moody’s and Standard and Poor’s. The Idaho State Investment Pool does not have an established credit rating, but invests in entities with a minimum credit rating of “A” as stipulated by Idaho code.

Investments in 2a7-like pools are valued based upon the value of pool shares. The City invests in one 2a7-like pool, the Idaho State Investment Pool. The advisory board of the Idaho State Investment Pool is composed of members appointed pursuant to the requirements of the Public Funds Investment Act. The State Investment Pool is duly chartered and administered by the State Treasurer’s Office and consists of US Treasury bills and notes, collateralized certificates of deposit and repurchase agreements. The pool does not include any involuntary participants.

The balances that the City has in the State Investment Pool are carried at its fair market value of \$9,419,036. The City’s portion of the State Investment Pool had an unrealized gain of \$31,916 as of September 30, 2019. This unrealized gain has been recorded in the City’s books. The unrealized gain was based on a fair market value adjustment factor of 1.0034 that was calculated by the State of Idaho’s Treasurer’s Office.

The City considers funds held in the Idaho State Investment Pool to be cash equivalents, as the City is able to liquidate their accounts at any time.

**City of Hayden**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**September 30, 2019**

**NOTE 2 – DEPOSITS AND INVESTMENT BALANCES (CONTINUED)**

GASB Statement No. 40 requires the City to assign risk categories for its investments, except those in which securities are not used as evidence of the investment. Credit risk is the risk that an issuer of a debt type investment will not fulfill its obligation to the holder of the investment. The City's exposure to credit risk is not available.

The City does not have a policy for interest rate risk or concentration of credit risk, but does manage the portfolio to preserve the principal value. Additionally, the City carries an insurance policy, which guarantees that at a minimum, the City's initial investment will be returned. Since all of the City's cash needs cannot be anticipated, the above securities are traded in active secondary or resale markets.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Concentration of credit risk as defined by GASB exists when more than 5% of an investment portfolio is allocated to one security. As of September 30, 2019, the City had the following investments (and associated maturities) in its internal investment portfolio:

| <b>Investment</b>                      | <b>Maturity Date</b> | <b>Cusip #</b> | <b>Fair Value</b>  | <b>Less than 2 years</b> | <b>2-5 Years</b>    | <b>6 - 10 Years</b> | <b>10 Years or More</b> |
|--|----------------------|----------------|--------------------|--------------------------|---------------------|---------------------|-------------------------|
| <b>U.S. Agencies</b>                   |                      |                |                    |                          |                     |                     |                         |
| Federal Home Loan Mortgage Corp        | 11/25/2024           | 3134G9LC9      | \$ 410,037         | \$ -                     | \$ 410,037          | \$ -                | \$ -                    |
| Federal Home Loan Banks                | 4/28/2026            | 3130A7UE3      | 394,439            | -                        | -                   | 394,439             | -                       |
| Federal Home Loan Banks                | 7/27/2026            | 3130A8SX2      | 298,359            | -                        | -                   | 298,359             | -                       |
| Federal Home Loan Banks                | 4/18/2023            | 3130A7R98      | 405,004            | -                        | 405,004             | -                   | -                       |
| Federal Fam Credit Banks               | 8/25/2028            | 3133EHWF6      | 744,758            | -                        | -                   | 744,758             | -                       |
| Federal Fam Credit Banks               | 3/3/2027             | 3133EKG26      | 400,140            | -                        | -                   | 400,140             | -                       |
| Federal Fam Credit Banks               | 6/11/2029            | 3133EKPW0      | 407,013            | -                        | -                   | 407,013             | -                       |
| Federal Home Loan Banks Quarterly Call | 10/27/2027           | 3130ACJE5      | 94,750             | -                        | -                   | 94,750              | -                       |
| Federal Home Loan Banks CPN-Quarterly  | 7/25/2025            | 3130A8RV7      | 299,163            | -                        | 299,163             | -                   | -                       |
|  |                      |                | <u>\$3,453,663</u> | <u>\$ -</u>              | <u>\$ 1,114,204</u> | <u>\$ 2,339,459</u> | <u>\$ -</u>             |

**Restricted cash and cash equivalents**

The note payable to the Idaho Department of Rural Development requires a minimum of \$30,000 to be maintained in a separate bank account. The restricted cash and cash equivalents within the 2004-1 LID fund amount of \$264,985 represents the deposits the City has set aside to comply with this requirement.

Impact fees are restricted by statute for future capital improvements. Cash in these accounts are presented as restricted, total amounts restricted for impact fee accounts amount to \$3,545,614.

**NOTE 3 – RECEIVABLES**

Receivables in the Government-wide Financial Statements consist of the following:

Governmental Activities Receivables:

|                                |                     |
|--------------------------------|---------------------|
| Other receivables              | \$ 34,313           |
| Property tax receivables       | 17,599              |
| Grant receivable               | 61,117              |
| Franchise fees receivable      | 57,513              |
| State receivables              | 517,779             |
| Special assessment receivables | 324,261             |
|                                | <u>\$ 1,012,582</u> |

**City of Hayden**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**September 30, 2019**

**NOTE 3 – RECEIVABLES (CONTINUED)**

|                                      |                   |
|--------------------------------------|-------------------|
| Business-type Receivables:           |                   |
| Sewer fund receivables               | \$ 644,645        |
| Less allowance for doubtful accounts | <u>(41,252)</u>   |
|                                      | <u>\$ 603,393</u> |

**NOTE 4– CAPITAL ASSETS**

The changes in capital assets during fiscal year 2019 were as follows:

|  | <b>Restated<br/>Balance<br/>09/30/18</b> | <b>Increases</b>      | <b>Decreases</b> | <b>Transfers</b> | <b>Balance<br/>09/30/19</b> |
|--|--|-----------------------|------------------|------------------|-----------------------------|
| Governmental activities:                           |  |                       |                  |                  |                             |
| Capital assets, not being depreciated:             |  |                       |                  |                  |                             |

**DEQ Loan**

The City was the recipient of a loan program through the Department of Environmental Quality and the State of Idaho. Repayment terms are 20 years at 2.0% interest with semi-annual payments.

A reserve fund equal to one year's payment of principal, fees and interest is required to be established. The City has ten years to establish the reserve, setting aside 10% of one year's payment into the reserve fund each year. This requirement began in fiscal year ending September 30, 2017.

Presented below is a summary of debt service requirement to maturity by years:

| <u>Fiscal Year ending September 30</u> | <u>Principal</u>    | <u>Interest</u>     | <u>Total</u>        |
|--|---------------------|---------------------|---------------------|
| 2020                                   | \$ 342,430          | \$ 135,972          | \$ 478,402          |
| 2021                                   | 349,680             | 128,722             | 478,402             |
| 2022                                   | 356,709             | 121,693             | 478,402             |

| 2030-2034                              | 142,209           | 64,241            | 206,450           |
| 2035-2039                              | 175,109           | 31,341            | 206,450           |
| 2040-2041                              | 39,511            | 1,679             | 41,190            |
|  | <u>\$ 566,111</u> | <u>\$ 300,879</u> | <u>\$ 866,990</u> |

**Capital Leases**

The City entered into equipment leases using governmental funds. These leases qualify as capital leases because ownership of the asset transfers to the City at the end of the lease. The leases carry interest at 2.8%, and require annual principal payments. The leases are secured by the equipment, the cost of which is \$323,092. As of September 30, 2019, current year amortization of the leased assets totaled \$32,310 and is included in depreciation expense on the financial statements. The total accumulated depreciation is \$193,860. The leases were repaid in October of 2019.

Future minimum lease payments are as follows:

| <u>Fiscal Year ending September 30</u> |   |    |                |
|--|---|----|----------------|
| 2020                                   | Minimum lease payments                  | \$ | 233,042        |
|  | Less amount representing interest       |    | <u>(542)</u>   |
|  | Present value of minimum lease payments | \$ | <u>232,500</u> |

**NOTES TO THE FINANCIAL STATEMENTS**  
**September 30, 2019**

**NOTE 6 – FUND BALANCE CLASSIFICATIONS**

The City has adopted GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. This Statement establishes criteria for classifying governmental fund balances into specifically defined classifications. Classifications are hierarchical and are based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the funds may be spent. Application of the Statement requires the City to classify and report amounts in the appropriate fund balance classifications. The City's accounting and finance policies are used to interpret the nature and/or requirements of the funds and their corresponding assignment of non-spendable, restricted, committed, assigned, or unassigned.

***The City reports the following classifications:***

Non-spendable – Amounts that cannot be spent either because they are not in a spendable form or because they are legally or contractually required to be maintained intact.

Restricted Fund Balance — Restricted fund balances are restricted when constraints placed on the use of resources are either: (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation. Restrictions are placed on fund balances when legally enforceable legislation establishes a specific purpose for the funds. Legal enforceability means that the City can be compelled by an external party (e.g., citizens, public interest groups, the judiciary) to use resources created by enabling legislation only for the purposes specified by the legislation.

Committed Fund Balance — Committed fund balances are amounts that can only be used for specific purposes as a result of constraints imposed by the City Council. Amounts in the committed fund balance classification may be used for other purposes with appropriate due process by the City Council. Committed fund balances differ from restricted balances because the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.

Assigned Fund Balance – Assigned fund balances are amounts that are constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed. Assigned fund balances do not have to be made by the City Council, they are more easily imposed and removed and they may be assigned for specific purposes even after the City's year end.

Unassigned Fund Balance – All amounts not included in other spendable classifications.

**NOTE 7 – RISK MANAGEMENT**

The City faces a number of risks of loss including damage to and loss of property and contents, professional liability, i.e. errors and omissions, and health insurance costs of employees. The City contracts with an insurance company for property insurance for property insurance and general liability insurance.

The City's workman's compensation coverage is provided by the Idaho State Insurance Fund.

**City of Hayden**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**September 30, 2019**

**NOTE 8 – DEFINED BENEFIT PENSION PLAN**

**PERSI BASE PLAN**

**Plan Description**

The City of Hayden contributes to the Base Plan which is a cost-sharing multiple-employer defined benefit pension plan administered by Public Employee Retirement System of Idaho (PERSI or System) that covers substantially all employees of the State of Idaho, its agencies and various participating political subdivisions. The cost to administer the plan is financed through the contributions and investment earnings of the plan. PERSI issues a publicly available financial report that includes financial statements and the required supplementary information for PERSI. That report may be obtained on the PERSI website at [www.persi.idaho.gov](http://www.persi.idaho.gov).

Responsibility for administration of the Base Plan is assigned to the Board comprised of five members appointed by the Governor and confirmed by the Idaho Senate. State law requires that two members of the Board be active Base Plan members with at least ten years of service and three members who are Idaho citizens not members of the Base Plan except by reason of having served on the Board.

**Pension Benefits**

The Base Plan provides retirement, disability, death and survivor benefits of eligible members or beneficiaries. Benefits are based on members' years of service, age, and highest average salary. Members become fully vested in their retirement benefits with five years of credited service (5 months for elected or appointed officials). Members are eligible for retirement benefits upon attainment of the ages specified for their employment classification. The annual service retirement allowance for each month of credited service is 2.0% (2.3% for police/firefighters) of the average monthly salary for the highest consecutive 42 months.

The benefit payments for the Base Plan are calculated using a benefit formula adopted by the Idaho Legislature. The Base Plan is required to provide a 1% minimum cost of living increase per year provided The Consumer Price Index increases 1% or more. The PERSI Board has the authority to provide higher cost of living increases to a maximum of the Consumer Price Index movement or 6%, whichever is less; however, any amount above the 1% minimum is subject to review by the Idaho Legislature.

**Member and Employer Contributions**

Member and employer contributions paid to the Base Plan are set by statute and are established as a percent of covered compensation. Contribution rates are determined by the PERSI Board within limitations, as defined by state law. The Board may make periodic changes to employer and employee contribution rates (expressed as percentages of annual covered payroll) that are adequate to accumulate sufficient assets to pay benefits when due.

The contribution rates for employees are set by statute at 60% of the employer rate for general employees and 72% for police and firefighters. As of June 30, 2019, it was 6.79% for general employees and 8.36% for police and firefighters. Beginning July 1, 2019, it was 7.16% for general employees and 8.77% for police and firefighters. The employer contribution as a percent of covered payroll is set by the Retirement Board and was 11.32% for general employees and 11.66% for police and firefighters, as of June 30, 2019 and 11.94% for general employees and 12.28% for police and firefighters beginning July 1, 2019. The City's contributions were \$195,461 for the year ended September 30, 2019.

**City of Hayden**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**September 30, 2019**

**NOTE 8 – DEFINED BENEFIT PENSION PLAN (CONTINUED)**

**Pension Liabilities, Pension Expense (Revenue), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At September 30, 2019, the City reported a liability for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's share of contributions in the Base Plan pension plan relative to the total contributions of all participating PERSI Base Plan employers. At June 30, 2019, the City's proportion was .0508388 percent.

For the year ended September 30, 2019, the City recognized pension expense of \$206,185. At September 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|  | Deferred<br>Outflows<br>of Resources | Deferred<br>Inflows<br>of Resources |
|--|--------------------------------------|-------------------------------------|
| Differences between expected and actual experience   | \$ 53,932                            | \$ 68,393                           |
| Changes in assumptions or other inputs   | 32,280                               | -                                   |
| Net difference between projected and actual earnings on pension plan investments   | -                                    | 197,695                             |
| Changes in the City's proportion and differences between the City's contributions and the City's proportionate contributions | 13,233                               | 21,240                              |
| City's contributions subsequent to the measurement date  | 66,469                               | -                                   |
| Total  | \$ 165,914                           | \$ 287,328                          |

\$66,469 reported as deferred outflows of resources related to pensions resulting from City's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending September 30, 2020.

The average of the expected remaining service lives of all employees that are provided with pensions through the System (active and inactive employees) determined at July 1, 2017 the beginning of the measurement period ended June 30, 2018 is 4.8 and 4.8 for the measurement period June 30, 2019.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense (revenue) as follows:

| Year ended June 30: |           |
|---------------------|-----------|
| 2020                | (28,683)  |
| 2021                | (84,080)  |
| 2022                | (38,164)  |
| 2023                | (20,942)  |
| 2024                | -         |
|                     | (171,869) |

**City of Hayden**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**September 30, 2019**

**NOTE 8 – DEFINED BENEFIT PENSION PLAN (CONTINUED)**

**Actuarial Assumptions**

Valuations are based on actuarial assumptions, the benefit formulas, and employee groups. Level percentages of payroll normal costs are determined using the Entry Age Normal Cost Method. Under the Entry Age Normal Cost Method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated as a level percentage of each year's earnings of the individual between entry age and assumed exit age. The Base Plan amortizes any unfunded actuarial accrued liability based on a level percentage of payroll. The maximum amortization period for the Base Plan permitted under Section 59-1322, Idaho Code, is 25 years.

The total pension liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

|                                   |       |
|-----------------------------------|-------|
| Inflation                         | 3.00% |
| Salary increases**                | 3.75% |
| Salary inflation                  | 3.75% |
| Investment rate of return*        | 7.05% |
| Cost-of-living (COLA) adjustments | 1.00% |

\*net of pension plan investment expense

\*\*there is an individual additional component of assumed salary grown (on top of the 3.75%) that varies for each individual member based on the years of service.

Mortality rates were based on the RP - 2000 combined table for healthy males or females as appropriate with the following offsets:

- Set back 3 years for teachers
- No offset for male fire and police
- Forward one year for female fire and police
- Set back one year for all general employees and all beneficiaries

An experience study was performed for the period July 1, 2007 through June 30, 2013 which reviewed all economic and demographic assumptions other than mortality. Mortality and all economic assumptions were studied in 2014 for the period from July 1, 2009 through June 30, 2013. The Total Pension Liability as of June 30, 2019 is based on the results of an actuarial valuation date of July 1, 2019.

The long-term expected rate of return on pension plan investments was determined using the building block approach and a forward-looking model in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Even though history provides a valuable perspective for setting the investment return assumption, the System relies primarily on an approach which builds upon the latest capital market assumptions. Specifically, the System uses consultants, investment managers and trustees to develop capital market assumptions in analyzing the System's asset allocation. The assumptions and the System's formal policy for asset allocation are shown below. The formal asset allocation policy is somewhat more conservative than the current allocation of System's assets.

**City of Hayden**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**September 30, 2019**

**NOTE 8 – DEFINED BENEFIT PENSION PLAN (CONTINUED)**

**Actuarial Assumptions (continued)**

The best-estimate range for the long-term expected rate of return is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. The capital market assumptions are as of January 1, 2018.

| <u>Asset Class</u>  | <u>Target<br/>Allocation</u> | <u>Long-Term<br/>Expected<br/>Nominal<br/>Rate of<br/>Return<br/>(Arithmetic)</u> | <u>Long-Term<br/>Expected<br/>Real Rate of<br/>Return<br/>(Arithmetic)</u> |

**City of Hayden**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**September 30, 2019**

**NOTE 8 – DEFINED BENEFIT PENSION PLAN (CONTINUED)**

**Discount Rate**

The discount rate used to measure the total pension liability was 7.05%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate. Based on these assumptions, the pension plans' net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The long-term expected rate of return was determined net of pension plan investment expense but without reduction for pension plan administrative expense.

**Sensitivity of the City's proportionate share of the net pension liability to changes in the discount rate**

The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.05 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.05 percent) or 1-percentage-point higher (8.05 percent) than the current rate:

|   | <b>1% Decrease</b> | <b>Current</b>       | <b>1% Increase</b> |
|---|--------------------|----------------------|--------------------|
|   | <b>(6.05%)</b>     | <b>Discount Rate</b> | <b>(8.05%)</b>     |
|   |                    | <b>(7.05%)</b>       |                    |
| City's proportionate share of the net pension liability (asset) |                    |                      |                    |
| Total Plan  | \$ 1,752,762       | \$ 580,311           | \$ (389,269)       |

**Pension plan fiduciary net position**

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERSI financial report.

PERSI issues a publicly available financial report that includes financial statements and the required supplementary information for PERSI. That report may be obtained on the PERSI website at [www.persi.idaho.gov](http://www.persi.idaho.gov).

**NOTE 9 – INTER-FUND TRANSFERS**

Individual fund inter-fund transfers at September 30, 2019 were as follows:

|                       | <b>Transfers in</b> | <b>Transfers out</b> |
|-----------------------|---------------------|----------------------|
| General fund          | \$ -                | \$ 551,750           |
| Capital projects fund | 551,750             | -                    |
|                       | \$ 551,750          | \$ 551,750           |

The principle purpose for the transfer of funds from the general fund to the capital projects fund, was to account for capital projects of the City in a separate fund from the general fund.

**City of Hayden**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**September 30, 2019**

**NOTE 10 – DEFERRED COMPENSATION PLAN**

The City of Hayden had a deferred compensation plan adopted under the provisions of Internal Revenue Code Section 457 (Deferred Compensation Plans with Respect to Service for State and Local Governments), which employees were able to participate in.

This plan is now closed and there is one prior employee that has funds remaining in this account.

The deferred compensation plan is administered by a financial advisor unrelated to the City. Under the terms of an IRC Section 457 deferred compensation plan, all deferred compensation and income attributable to the investment of the deferred compensation amounts held by the financial institution, until paid or made available to the employees or beneficiaries, are the property of the City, subject only to the claims of the City's general creditors. In addition, the participants in the plan have rights equal to those of the general creditors of the City, and each participant's rights are equal to his or her share of the fair market value of the plan assets. The City believes that it is unlikely that plan assets will be needed to satisfy any claims of general creditors. It is the opinion of the City's legal counsel that the City has no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor. The deferred compensation plan assets are reported at market value in an agency fund.

**NOTE 11 – COMMITMENTS AND CONTINGENCIES**

Intergovernmental Grants – The City has received several federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to request for reimbursements to grantor agencies for expenditures disallowed under the terms of the grant. Based upon prior experience, City management believes such disallowances, if any, will be immaterial.

Litigation - The City is party to legal claims arising in the ordinary course of its business. In management's opinion, the City has adequate legal defenses or insurance coverage relative to these actions. Management does not believe any actions will materially affect the City's operations or financial position.

Judgement - In April 2017, a judgment was entered in a lawsuit against the City that arose from a challenge to the City's Wastewater Capacity Fee. The District Court of the First Judicial District of the State of Idaho entered a judgement of \$729,404 on April 12, 2017, with additional attorney fees awarded of \$243,110. The City appealed that decision to the Idaho Supreme Court and on December 28, 2018, the Supreme Court vacated the above judgement and award of attorney fees and remanded the case back to the District Court to consider evidence on whether the 2007 Cap Fee follows Idaho law. The parties entered into mediation and reached a settlement that was approved by the Court on September 24, 2019. The agreement included a payment by the City of \$350,000 to the Plaintiffs for settlement of all claims with no admission of wrongdoing or liability by either party.

Wastewater Treatment Plant Upgrade and Expansion

By a Joint Powers Agreement between the City, the Hayden Lake Sewer District and Kootenai County Airport, the Hayden Area Regional Sewer Board (HARSB or the Board) was created. HARSB was formed to construct and operate the sewage collection and treatment system. The sewer treatment system serves the County Airport, Hayden Lake Sewer District, and the City of Hayden. The City, District, and County each appoint representatives to the Board of Directors of HARSB.

HARSB was originally organized to perform administrative, billing, maintenance, etc., of the system. Expenses paid by HARSB are reimbursed by the entities when they are billed. Individual audited financial statements are available from each entity.

**City of Hayden**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**September 30, 2019**

**NOTE 11 – COMMITMENTS AND CONTINGENCIES (CONTINUED)**

The Board has been engaged in an ongoing matter with the IDAHO Department of Environmental Quality (IDEQ) regarding obtaining a renewed 401 Certification and resulting NPDES permit. The IDEQ has mandated significantly more stringent requirements related to the allowable Total Maximum Daily Load (TMDL) that the Board may discharge into the Spokane River. Noncompliance with these water quality standards would result in substantial and unsustainable fines imposed by regulators, and would have a detrimental impact on the Board's finances and its ability to provide wastewater treatment services to its constituents.

In order to meet the revised TMDL limits as set forth by regulators and avoid such unsustainable financial penalties, the Board began to move forward with major wastewater treatment plant improvement and expansion plans in fiscal 2013, with construction starting in fiscal 2014. Accordingly, in November of 2012, the Board adopted a Facility Master Plan, which has served as a roadmap to bring the Board into compliance with the cleaner water quality standards mandated by the new permit. The final permit was issued in early fiscal 2015 and contained specific measurable compliance milestones over a 10-year period that the Board must meet with respect to water quality standards as set forth in the permit.

The Board's ability to successfully meet these requirements and avoid potential fines is dependent upon the Joint Powers Board members' ability to obtain the financing to pay for the necessary plant improvements as well as its ability to manage the phases of the upgrade and expansion project to completion in an effective and efficient manner so as to timely meet the agreed-upon compliance milestones.

In addition to the regulatory upgrades as discussed above, certain components of the existing treatment facility are in need of replacement due to obsolescence, wear, safety, overload and operating beyond the design life. A third component of the Facility Master Plan consists of expansion of existing capabilities to meet anticipated future needs due to growth.

Wastewater Treatment Plant Upgrade and Expansion Construction Commitments

The Board has completed Phase 1 of the Facility Master Plan. The total costs incurred on Phase 1 were \$13,178,453. The City's portion, which was financed by a loan through the Idaho Department of Environmental Quality, was \$7,852,936.

Phase 2 of the Plan, which will complete the current draft permit regulatory and facility replacement requirements, is estimated to cost \$18,878,000. Of this amount, the City will be responsible for \$9,478,000. The City has obtained a loan through the Idaho Department of Environmental Quality for this amount. Construction will begin in 2021 and is scheduled to be completed by 2022.

Wastewater Treatment Plant Upgrade and Expansion Financing of the Facility Master Plan

Each member of the Joint Powers Board is responsible for financing its share of the replacement and regulatory upgrade portion of the construction project. For Phase 2, each member's share of the costs was determined based upon the proportionate share of committed ER's as of January 1, 2013, with all uncommitted ER's assigned to the City. The expansion portion of the costs will be paid by HARSB, as agreed upon between HARSB & the City.

Wastewater Treatment Plant Upgrade and Expansion Accounting Treatment

HARSB is responsible for paying construction costs as incurred, and subsequently invoices the members of the Joint Powers Board for their respective allocated share of the costs. The amounts contributed by the Joint Powers Board members are being accounted for as a non-operating contribution of capital to HARSB.

**City of Hayden**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**September 30, 2019**

**NOTE 12 – PRIOR PERIOD ADJUSTMENT**

During the fiscal year ended September 30, 2019, the City discovered a financial statement error that caused the overstatement of the September 30, 2018 net position in the financial statements for the sewer fund, in the amount \$972,514. The error occurred due to the removal of the liability for lawsuit, which was included in the financial statements twice. The City’s accounting records were correct.

The following summarizes the prior period adjustment referred to above:

|  |                     |
|--|---------------------|
| Net Position balance at September 30, 2018, as previously reported | \$ 5,688,916        |
| Prior period adjustment  | <u>(972,514)</u>    |
| Net position balance at September 30, 2018, as restated            | <u>\$ 4,716,402</u> |

During the fiscal year ended September 30, 2019, the City discovered a financial statement error that caused the overstatement of the September 30, 2018 net position and capital asserts of the governmental activities, in the amount \$67,650. The error related to an overstatement of capital assets. Additionally, there was an understatement of net position and an overstatement of long-term liabilities, in the amount of \$44,765.

The following summarizes the prior period adjustment referred to above:

|  |                      |
|--|----------------------|
| Net Position balance at September 30, 2018, as previously reported | \$ 39,230,655        |
| Capital asset overstatement  | (67,650)             |
| Capital lease overstatement  | <u>44,765</u>        |
| Net position balance at September 30, 2018, as restated            | <u>\$ 39,207,770</u> |

**NOTE 13 – SUBSEQUENT EVENT**

The City has evaluated its September 30, 2019 financial statements for subsequent events through the date the financial statements were issued. As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which may negatively impact the City’s operations and cash flows. The potential impact to the City is unknown at this time.

**NOTE 14 – COMPONENT UNIT DISCLOSURES**

As disclosed in Note 1, Hayden Urban Renewal Agency meets the criteria for discrete presentation in the City’s financial statements as a component unit. The following paragraphs describe significant transactions between the two entities and provide relevant disclosures related to the Agency.

**Cash and Investments**

**General**

State statutes authorize the Agency’s investments and deposits. The Agency is authorized to invest in demand deposits, savings accounts, U.S. Government obligations and its agencies, obligations of Idaho and its agencies, fully collateralized repurchase agreements, prime domestic commercial paper, prime domestic bankers acceptances, bonds, debentures or notes of any corporation organized, controlled and operating within the U.S. which have at their purchase an “A” rating or higher, government pool and money market funds consisting of any of these securities listed. No violations of these categories have occurred during the year.

**City of Hayden**

**Cash and Investments (continued)**

**Custodial Credit Risk**

Custodial credit risk is the risk that, in the event of a bank failure, the Agency’s deposits may not be returned to it. The Agency does not have a deposit policy for custodial credit risk as it deposits funds in financial institutions that are members of the U.S. Federal Deposit Insurance Corporation (FDIC) and has never experienced such a loss. As of September 30, 2019, the Agency’s deposits were exposed to custodial credit risk as follows:

|   |              |
|---|--------------|
| <i>Deposits without exposure to custodial credit risk:</i>                        |              |
| Amount insured by FDIC or other agencies  | \$ 151,533   |
| <i>Deposits with exposure to custodial credit risk:</i>                           |              |
| Amount collateralized with securities held in trust, but not in the Agency's name | 3,089,965    |
| Total bank balance (deposits)   | \$ 3,241,498 |

**Fair value**

The Agency’s investments in 2a-7-like pools are valued based upon the value of pool shares. The Agency invests in one 2a-7-like pool, the Idaho State Investment Pool. The advisory board of the Idaho State Investment Pool is composed of members appointed pursuant to the requirements of the Public Funds Investment Act. The State Investment Pool is duly chartered and administered by the State Treasurer’s office and consists of US Treasury bills and notes, collateralized certificates of deposit and repurchase agreements. The pool does not include any involuntary participants.

The balances that the Agency has in the State Investment Pool are carried at its cost of \$3,089,965. The Agency’s portion of the State Investment Pool had an unrealized gain of \$10,506 at September 30, 2019, which has been recorded and recognized in the financial statements.

The Agency considers funds held in the State Investment Pool to be cash equivalents, as the Agency is able to liquidate their account at any time.

**Credit risk**

The Idaho State Investment Pool does not have an established credit rating but invests in entities with a minimum credit rating of “A” as stipulated by Idaho code. The Agency does not have a formal policy for credit risk. Financial information on the investment pool can be obtained by contacting the Idaho State Treasurer.

**Capital Assets**

The following is a summary of fixed asset activity for the year ended September 30, 2019:

|      | Balance<br>09/30/18 | Increases | Decreases | Adjustments<br>& Transfers | Balance<br>09/30/19 |
|------|---------------------|-----------|-----------|----------------------------|---------------------|
| Land | \$ 1,010,120        | \$ -      | \$ -      | \$ -                       | \$ 1,010,120        |

**City of Hayden**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**September 30, 2019**

**NOTE 14– COMPONENT UNIT DISCLOSURES (CONTINUED)**

**Transactions with Primary Government**

Prior to August of the fiscal year ending September 30, 2017, the Hayden Urban Renewal Agency made monthly payments of \$4,167 (\$50,000 annually) to the City of Hayden pursuant to a contract to provide administrative services for the Hayden Urban Renewal Agency. Effective August of the fiscal year ending September 30, 2017, the contract was modified such that the amounts paid would be based on actual hours worked by support staff instead of a fixed amount. In total, the amounts paid to the City of Hayden for administrative services totaled \$17,718 for the fiscal year ending September 30, 2019, included in general government expenditures.

**Commitments & Contingencies**

On December 14, 2016, a limited Recourse Promissory Note was entered into between the Agency and Hayden Village, LLC, an Idaho limited liability company, and New Frontiers Investments, LLC in the amount of \$411,875 at 0.00% simple interest per annum. The note is scheduled to be paid in semi-annual payments at 75% of the tax revenue allocation proceeds from the private development known as the New Frontiers Property. Payments will continue until paid in full or by December 31, 2030.

**Risk Management**

The Agency is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees and natural disasters. The Agency contracts with an insurance company for property insurance (including boiler and machinery) and general liability insurance.

An outside insurance company protects professional liability with a \$2,000,000 liability and a \$3,000,000 umbrella. Errors and omissions liability have a \$2,000,000 liability with \$2,000,000 in the aggregate annually per insured. Additionally, crime, boiler and machinery insurance are maintained. Automobile liability has a \$2,000,000 single limit of liability.

**Assigned Fund Balance**

The Agency has designated 5% of current tax assessments collected to be used for the arts. As of September 30, 2019, the Agency has \$44,816 remaining to be used for the arts.

**Redevelopment Projects**

Expenditures for redevelopment projects for Hayden Urban Renewal Agency for the fiscal year ended September 30, 2019 related to projects on North Government Way, Hayden Avenue and East Orchard Avenue.

\* Budget was not amended

*See accompanying notes to the financial statements  
and independent auditors' report*

**City of Hayden**  
**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**  
**September 30, 2019**

**STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

**Budgetary Data**

Budgets are adopted on a basis consistent with generally accepted accounting principles. An annual budget is adopted for the general fund. Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed as an extension of formal budgetary integration in the general fund.

This is in conformance with Idaho State Statutes, which require that appropriations lapse at the end of a fiscal year and are not available to be carried forward to be used in addition to the succeeding year's appropriation. The budget was not amended in the current fiscal year.

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to September 1, the administrator and directors, the mayor, and the City Council prepare a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted at the City hall to obtain taxpayer comments.
3. Prior to October 1, the budget is legally enacted through passage of an ordinance.
4. The City Council by following the same budgetary procedures used to adopt the original budget may amend it to a greater amount if additional revenue will accrue to the City as a result of increases in state or federal grants or allocations, as a result of an increase in revenues from any source other than ad valorem tax revenues or as a result of an increase in enterprise funds to finance the operation and maintenance of governmental facilities and services which are entirely or predominantly self-supporting by user charges.
5. Budgets are prepared on the modified accrual basis of accounting.
6. Formal budgetary integration is employed as a management control device during the year for the general fund, special revenue funds, debt service funds and capital project funds.

Lapsing of Appropriations – At the close of each year, all unspent appropriations revert to the respective funds from which they were appropriated and become subject to future appropriation.

The City properly prepared and published its budget for the year, as required by US generally accepted accounting principles and Idaho Code 33-2713A.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Honorable Mayor and City Council  
City of Hayden  
Hayden, ID 83835

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Hayden, Idaho, as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the City of Hayden's basic financial statements and have issued our report thereon dated June 25, 2020.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Hayden's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Hayden's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Hayden's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Hayden's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
