1. ARTICLE ONE: MISCELLANEOUS

- A. Definitions: The following terms as used in this Agreement shall mean:
1. Supervisor - The elected Supervisor of Independence Township or other designated official appointed by the Township Board. The purpose of this definition is to provide the distinction between the Township Supervisor and a departmental authority. In the absence of the Supervisor, all references to this term shall mean (in order) the Township Clerk, Township Treasurer, and most senior elected Township Trustee.
 2. Employee - Individual working full-time for pay in the Independence Township Fire Department.
 3. He - Means, as appropriate, either "he" or "she."
 4. Staff Officer – Individual working in the following positions; EMS Coordinator, Staff Lieutenant, Staff Captain, and Fire Marshal.
- B. Agreement copies: Copies of this Agreement shall be distributed by the Township to all members of the bargaining unit, plus three (3) extra copies for the Union's file no later than thirty (30) days after the ratification of this Agreement. The Township shall provide each new full-time employee with a copy of the current Agreement.
- C. Upon ratification, an electronic version of this Agreement shall be made available on the official Township of Independence website.
- D. The original contract copy and letters of understanding will be maintained in the Supervisor's Office. All letters of understanding will follow a number sequence beginning with the year, example 2015-001.
- E. All previously signed Agreements and Letters of Understanding shall be considered void upon ratification of this Agreement.

2. ARTICLE TWO: MANAGEMENT RIGHTS

It is expressly agreed that all rights which ordinarily vest in and have been exercised by the Township Board, except those which are clearly and expressly relinquished herein by the Township Board, shall continue to vest in and be exercised exclusively by the Board without prior negotiations with the Union, either as to the taking of action under such rights or with respect to the consequence of such action during the term of this Agreement. Such rights shall include, by way of illustration and not by way of limitation, the right:

- A. To the exclusive management and administrative control of the Township and its properties, facilities, equipment and the activities of its employees during employee working hours;
- B. To hire all employees and to determine their qualifications;
- C. To determine the services, supplies and equipment necessary to continue its operations and to determine all methods and schedules and standards of operation; the means, methods and processes of carrying on the work or changes therein; the institution of new and/or improved methods or changes therein;
- D. To adopt reasonable rules and regulations, determine the size of the management organization, its function, authority, amount of supervision and table of organization, provided that the Township Board or any of its management shall not abridge any rights from employees as specifically provided for in this Agreement;
- E. To determine the policy affecting the selection and training of employees providing that said selection shall be based upon lawful criteria;
- F. To take such actions as are required in emergencies;
- G. To contract with outside sources for services beyond the resources of the department, including but not limited to, dispatch services.

The above are not to be interpreted as abridging or conflicting with any specific provision of this Agreement. Nothing in this Agreement shall be construed to limit the powers and responsibilities conferred upon the Township Board and its members thereof under the laws or Constitution of the State of Michigan.

The listing of specific management rights in this Agreement is not intended to be, or shall it be restrictive of, or waiver of, any rights of management not listed and specifically surrendered herein.

3. ARTICLE THREE: MAINTENANCE OF CONDITIONS

- A. Wages, hours and conditions of employment in effect at the execution of this Agreement shall be maintained during the term of this Agreement, except for changes permitted under Article Two and not in conflict with any other specific provision of this Agreement. No employee shall suffer a reduction in benefits as a consequence of the interpretation and application of this Agreement.

- B. This Agreement shall supersede any departmental rules and regulations inconsistent herewith not mandated by law. Insofar as any provisions of this Agreement shall conflict with any ordinance or resolution of the Township, appropriate Township amendatory or other action shall be taken to render such ordinance or resolution compatible with this Agreement.

4. ARTICLE FOUR: SAVINGS CLAUSE

- A. If any provision of this Agreement, or any application of the Agreement to any employee covered under this Agreement, shall be found contrary to law, then such provision or application shall not be deemed valid and subsisting except to the extent permitted by law, but all other provisions or applications shall continue in full force and effect.

- B. A special conference shall be held within ten (10) days with the employee affected by this provision to discuss the provision in question that may be invalid.

5. ARTICLE FIVE: RECOGNITION, OTHER AGREEMENTS & ORGANIZATIONS

- A. Subject to and in accordance with all applicable provisions of Act 336 of the Public Acts of Michigan, 1947, as amended, the Township does hereby recognize the Union as the exclusive representative for purposes of collective bargaining in respect to rates of pay, wages, hours of employment and other conditions of employment for the term of this Agreement with those employees of the Township in the bargaining unit described below.
- B. The members of the unit represented by the Union include all full-time, full-paid employees of the Independence Township Fire Department except for those employees in clerical positions within the Department, and the Chief and (2) non-union Command Officers thereof.
- C. In no event shall the Township employ more than one Chief, and (2) two full-time non-union Command Officers. These positions are not intended to replace full-time personnel in the operations division. As a result, these Command Officers shall not be scheduled to work 24-hour shifts in the operations division. This shall not preclude these Command Officers from responding to emergencies, or temporarily serving in the operations divisions in the event vacancies in the Operations Division are not filled pursuant to the Overtime Policy.
- D. The Township shall not enter into any agreements with its employees individually, or collectively, or with any other organization which in any way conflicts with the provisions hereof.
- E. Employees may belong to other organizations, but not as a condition of employment with the Township, nor may such other organizations represent any employee with respect to wages, hours, or conditions of employment, or in derogation of the exclusive bargaining agency of this Union.
- F. The Township recognizes that members of the Union are members of the following organizations: Local 2629, Michigan Professional Fire Fighters Union, and the International Association of Fire Fighters.

- G. Part-time firefighters employed by the Township shall not be scheduled for more than 36 hours per week in the operations division. The Union recognizes the Township's ability to use part-time firefighters to supplement staffing in the operations division. The Township agrees that on any day a part-time employee is scheduled to work, there will be a minimum of (7) seven full-time personnel working in the operations division, or on approved leave, or on department business.

- H. In no event shall this contract prohibit or interfere with the Township on-call or part-time programs. On-call and part-time personnel may be used to cover overtime within the Fire Department, provided that all full-time employees have been provided the opportunity by reasonable efforts, as provided in the overtime policy, to perform such overtime. All full-time fire personnel shall be considered of superior rank to all on-call personnel, regardless of rank.

- I. The Township agrees that the part-time personnel are in no way intended to permanently replace full-time personnel.

- J. The Township shall add the Union President as a person of contact to MERS for the purposes of accessing information. The Union agrees that it has no authority to make changes to any MERS plans or incur fees without the authorization and participation of the Township.

6. ARTICLE SIX: PROMOTION OF PRODUCTIVITY AND EFFICIENCY

The Union recognizes the responsibilities imposed upon it as exclusive bargaining agent of the employees of the bargaining unit and undertakes that the employees within the bargaining unit will individually and collectively use their best efforts to maintain the productivity and efficiency of the Fire Department. The Township undertakes that, acting in accordance with all applicable laws in applying its best management judgment, it shall strive to promote and encourage a high level of productivity and efficiency within the Fire Department.

7. ARTICLE SEVEN: NO STRIKE - NO LOCKOUT

- A. The Union officers or staff will not cause, authorize or encourage its members to cause, nor will any members of the bargaining unit take part in any strike, including any sympathy strike, sit-down, stay-in, or slowdown, or any curtailment of work, unauthorized absence from work, or interference with the operations of the Township during the term of this Agreement.
- B. In the event of a work stoppage, or other curtailment, the Union officers shall, as soon as possible (in any event within four (4) hours, notify the involved employees that they are in violation of this Agreement and to immediately cease the offending conduct.
- C. The Township shall have the right to discipline, up to and including discharge, any employee who participates in, or gives leadership to, any activity prohibited by this Article. No arbitrator shall have the power to modify this right.
- D. The Township agrees not to lock out the employees covered by this Agreement.

8. ARTICLE EIGHT: DUES DEDUCTION

- A. The Township will deduct from the pay of each employee covered by this Agreement current Union membership dues, provided that at the time of such deduction there is in the possession of the Township a current signed authorization by the employee in a form acceptable to the Township and shall continue to make such deduction until the Township receives written instructions to the contrary from said employee, according to the terms of "E" below in this Article.
- B. The Township will deduct, from every pay, current member-ship dues from the pay of employees authorizing same.
- C. The Township will deduct from the pay of employees in any month only the Union dues becoming due in such month.

- D. All sums deducted by the Township shall be remitted to the Treasurer of the Union not later than the last day of the month in which the deductions have been made. In the event the Union requests the Township to change the present membership dues deduction of any member, except as provided in Section "E", such request shall be effective only if the Union gives the Township thirty (30) days' notice of specific changes.
- E. Employees having signed, or having previously signed dues authorization cards, may only revoke the authorization upon thirty (30) days written prior notice to the Township and only once in any calendar year. Any employee who does revoke his dues authorization card may not reinstate it for a period of one year from the date of its revocation. In cases when a deduction is made which duplicates a payment that an employee already has made to the Union, or in any other situation in which a refund is demanded, said refunds are not the responsibility of the Township.
- F. The Township shall not be liable for any errors or losses in the administration of this Article. However, the Township will correct any errors properly brought to its attention. The Township shall not be liable for the remittance or payment of any sum other than that constituting actual dues deductions made from the wages earned by the employees as authorized in writing. Furthermore, the Union shall protect, indemnify and save the Township harmless against any and all claims, demands, costs, suits, and any other forms of liability that may arise out of, or by reason of, action taken or not taken by the Township for the purpose of complying with this Article.
- G. Agency Shop: To the extent that the laws of the State of Michigan permit, it is agreed that:
1. Employees covered by the Agreement at the time this Agreement becomes effective and who are members of the Union at that time shall be required, as a condition of continued employment, to continue membership in the Union for the duration of the Agreement, or pay a service charge equal to the regular amount of the dues. The deductions shall begin the month the employee signs the authorization card, if there is adequate time to make the deduction. No dues or service charge shall be made retroactive.
 2. Full-time employees (except probationary) hired, re-hired, reinstated or transferred into the bargaining unit after the effective date of this Agreement shall be required, as a condition of continued employment, to become members of the Union for the

duration of this Agreement, or pay a service charge equal to the regular monthly dues, on or before the date of the second pay day of the calendar month following the probationary period.

3. Exceptions to this Article shall be:
 - a. Regular part-time employees and temporary employees;
 - b. Probationary employees.
4. The Union, in requesting the dismissal of an employee, will notify the Township when an employee is in arrears of either his service fee or Union dues for over sixty (60) days. The Township will notify the employee, and send a copy to the Union, that he is subject to dismissal upon receiving the Union notice. The Township will discharge the employee thirty (30) days after receipt of the notice, if the employee has not complied with Article Eight. The Union will also give to the Township a monthly listing of employees who have paid directly to the Union, if any.
5. If a bargaining unit employee has tendered directly to the Union his membership dues or the service charge, or has a written authorization in effect requiring the deduction of dues or service charge, the employee shall not, under any circumstances, risk the loss of job because of a lack of good standing in the Union. The Union cannot cause the discharge of an employee who has resigned from or been expelled by the Union for any reason other than his failure to tender the dues or service charge to the Union, either directly or after revocation of his authorization.

H. In the event of a violation of the no strike clause by action of the Union, this Article shall be immediately terminated and discontinued for the duration of the contract. However, should any employee walk off the job or engage in a work stoppage, the employee will be considered to be a voluntary quit and such action shall not be considered a violation of the no strike clause for the purpose of this Paragraph only.

9. ARTICLE NINE: SENIORITY LISTS

- A. The seniority list will show the names, dates of hire, and employee numbers of all employees entitled to seniority by classification. Grievances against this list shall be governed by procedure set forth in Article Sixteen.

- B. The Township will maintain the seniority list, and in the event of change, will provide the Union with an updated copy or otherwise upon the request of the Union.
- C. The seniority list as of the date of this contract appears herein as Appendix A.

10. ARTICLE TEN: UNION BULLETIN BOARDS

The Township will provide bulletin board space in each fire station and Fire Department Headquarters which may be used by the Union for posting notices of the following types:

- 1. Notices of Union recreational and social events;
- 2. Notices of Union elections;
- 3. Notices of results of Union elections;
- 4. Notices of Union meetings; and
- 5. Union Correspondence.

11. ARTICLE ELEVEN: LOSS OF SENIORITY

An employee shall lose his seniority for the following reasons only:

- 1. He resigns or retires.
- 2. He is discharged and the discharge is not reversed through the grievance procedure set forth in this Agreement.
- 3. He is absent for two (2) consecutive working days without notifying the Fire Chief, his shift officer, or in their absence, the Supervisor. After such absence, the Supervisor will send written notification by certified mail to the employee at his last known address that he has lost his seniority and his employment is terminated.
- 4. He does not return to work when recalled from layoff, as set forth in Article Fourteen.
- 5. He fails to return from a leave of absence on the next scheduled work day after the scheduled ending date of such leave (unless prior to that date the leave has been extended), or from a sick leave covered by Worker's Compensation or disability plans of the Township, on the date certified by his doctor for his return or his next scheduled work day, whichever is later.
- 6. Upon the expiration of recall rights as defined in this Agreement.

12. ARTICLE TWELVE: DISCHARGE AND DISCIPLINE

- A. No employees, except probationary employees, shall be disciplined or discharged without just cause. The parties subscribe to the concept and use of progressive discipline whenever possible. Nothing in this section, however, shall prevent the Employer from appropriately disciplining an employee should circumstances warrant.
- B. Notice of Discharge or Discipline: The Township agrees promptly upon the discharge or discipline of a seniority employee to notify in writing a union representative who represents the employee discharged or disciplined. The parties agree that the purpose of progressive discipline is to provide an employee a reasonable opportunity to correct his employment behavior short of discharge.
- C. The discharged or disciplined employee will be allowed to discuss his discharge or discipline with a union representative and the Township will make available an area where he may do so before he is required to leave the property of the Township. Upon request, the Township Supervisor or the Supervisor's designated representative will discuss the discharge or discipline with the employee and the union representative.
- D. Appeal of Discharge or Discipline: Should the discharged or disciplined employee consider the action to be improper, a complaint shall be presented in writing through the union representative to the Supervisor within ten (10) calendar days after receiving notice of discharge or discipline. The Supervisor shall respond in writing to a union representative within ten (10) calendar days after receiving such written complaint. If the decision is not satisfactory to the Union, the matter shall be referred to the grievance procedure at Level 2. Failure to present the complaint in writing, within ten (10) calendar days, shall be construed as acceptance by the employee of the Supervisor's action.
- E. Use of Past Record: In imposing any sanction on a current charge, the Township will not take into account any prior infraction which occurred more than two (2) years previously nor impose sanctions on an employee for deliberate errors or mistakes on his employment application after two (2) years from his date of hire, except for bonding requirements.

- F. Any award of back wages shall be limited to the base pay plus any lost holiday pay, if applicable, that the employee would have otherwise earned, less any compensation that he received from any source during the period of the back pay calculation. Compensation earned during the back pay period shall not include the average sum earned from any source during the preceding twelve (12) months, if during the back pay period the employee continues to work for such employer. For the purposes of calculation of back wages, it shall be the employee's obligation to document all income received during the back pay period and during the preceding twelve (12) month period.
- G. All disciplinary actions shall be void unless imposed within ninety (90) calendar days of the occurrence of the alleged violation or within ninety (90) calendar days after the Township reasonably should have known of the occurrence of the alleged violation.

13. ARTICLE THIRTEEN: LAYOFF

- A. A layoff is a reduction in the working force based upon decrease in work, or a lack of funds.
- B. The Township shall give (30) thirty calendar days notification in the event of such layoff.
- C. Employees will be laid off in inverse order of date of hire.
- D. Seniority employees promoted to an officer classification shall acquire a date of promotion for layoff purposes as the date the employee was promoted into that particular position. In case of duplicate dates of promotion within the particular position, total department seniority shall control.
- E. Affected employees shall have the right to bump based upon total Department seniority, into another classification, provided that the employee has more seniority than someone within that classification, and provided that the employee previously performed that position. The employee, who loses their position due to bumping, will be allowed the same bumping rights provided herein. However, if there is no position available that the employee has previously performed, the employee will then be placed on layoff.
- F. For the purposes of calculation of benefits, seniority shall not accumulate during layoffs.

- G. After three (3) continuous years of layoff, recall rights shall no longer exist.

14. ARTICLE FOURTEEN: RECALL PROCEDURE

- A. When the work force is increased after a layoff, the employee(s) will be recalled according to seniority in reverse order of layoff.
- B. Notice of recall shall be sent to the employee at his last known address by registered or certified mail. The Township will also attempt to contact the recalled employee by electronic means including email, cell phone, and/or text message. It is the employee's responsibility to keep the Township informed of any change in his address and other pertinent contact information.
- C. The employee shall notify the Fire Chief of his intention to return orally and in writing as soon as possible, but no later than three (3) calendar days after receipt of the recall notice or five (5) calendar days after the date of mailing of such notice. If the employee fails to report for work within seven (7) calendar days from the date of mailing of the notice of recall or fails to notify the Fire Chief of his intention to return to work within three (3) calendar days as indicated above, he shall be considered a voluntary quit. The Township Supervisor may make exceptions if it was not feasible for the employee to return to work within the time prescribed or to provide notice of intention and the employee provides written evidence of the basis for the exception.

15. ARTICLE FIFTEEN: SENIORITY - PROBATIONARY EMPLOYEES

- A. New hires to the Fire Department or persons rehired after having quit or having otherwise lost their seniority shall serve a probationary period of one (1) year in the classification to which the employee is assigned upon hire or rehire. Seniority status shall not apply during the probationary period. The probationary period may be extended by the Fire Chief if the evaluation of the employee is inconclusive at the end of the normal one (1) year probationary period. In the event of such extension, the employee and the Union shall be notified in writing of the reasons for such extension.

- B. Benefits which would otherwise be provided to employees at the end of the probationary period shall be provided to employees at the end of the sixth month of employment.
- C. At the Fire Chief's discretion, probationary employees are eligible to earn overtime in emergency situations, pursuant to Article Thirty-Five.
- D. In the event duplicate seniority dates result from this process for employees hired after January 1, 2006, seniority shall be based on the employee's position on the hiring eligibility list.
- E. The Union shall represent probationary employees for the purpose of collective bargaining in respect to rates of pay, wages, hours of employment and other conditions of employment as set forth in Article Five of this Agreement. The Union agrees that it may not grieve the discharge or discipline of a probationary employee.
- F. Seniority shall not be affected by the race, sex, marital status or dependents of the employee. Seniority shall also not be affected by the authorized use of leave time, unless otherwise specified in this Agreement.
- G. Probationary employees shall receive holiday pay, food allowance, bereavement leave and sick leave during their probationary period, and shall accumulate seniority from their date of hire, provided the employees successfully complete their probationary period. Probationary employees shall be entitled to one (1) Annual Leave day and disability insurance after ninety (90) calendar days of employment. Employees shall be entitled to annual leave upon completion of one-year of service. Health insurance and life insurance coverage shall begin as soon as eligible pursuant to the Township's Agreement with the carrier. A chart of these benefits and their effective dates is provided as Appendix B to this Agreement.

At the Fire Chief's discretion, probationary employees shall be permitted to request and accept trade time to cover their shift or any portion of their shift.

16. ARTICLE SIXTEEN: GRIEVANCE PROCEDURE

- A. Purpose: The purpose of this procedure is to secure, at the lowest possible administrative level, solutions to the disagreements which may, from time to time, arise affecting the interpretation and application of this Agreement. Both parties agree that these proceedings shall be as informal and confidential as is possible.
- B. Definition: A "grievance" is a complaint by a member of the bargaining unit, claiming a violation of specific articles of this Agreement or a complaint involving its interpretation or application. The grievance shall not apply to any matter which is prescribed by law or State regulation. No management prerogative, as prescribed by law or this Agreement, shall be made the subject of a grievance. If a grievance arises, there shall be no stoppage of work because of such grievance.
- C. Procedure: The number of days indicated at each step shall be considered as a maximum, and every effort will be made to expedite the process. The time limits specified may, however, may be extended by mutual agreement in writing.
- D. The grievance procedure provided in this Agreement shall be the sole and exclusive means of presenting and resolving grievances.
1. Step One - Department Level: An employee with a grievance shall, within ten (10) calendar days of the event giving rise to it, or his having knowledge of such event, and accompanied by a union representative, present the grievance and the factual basis for it to the Fire Chief in an informal conference. In the event the grievance is not resolved by this informal conference, the grievant may reduce the grievance to writing, on suitable forms, and present it to the Fire Chief at the conclusion of the informal conference. The Fire Chief, within seven (7) calendar days after receipt of the written grievance, shall give his answer in writing to the employee.
 2. Step Two - Supervisor Level: If the grievance is not resolved at Step One, the grievance shall be submitted in writing by the steward to the Supervisor within ten (10) calendar days after the Fire Chief's written answer in Step One. A meeting between the Supervisor and/or another representative of the Township and two representatives of the Union will be arranged to discuss the grievance. This meeting will take place within fourteen (14) calendar days after the Supervisor receives the grievance. Within

ten (10) calendar days after this meeting, a written decision by the Supervisor shall be given to the union representative.

3. Step Three - Arbitration:
 - a. If the grievance is not settled at Step Two, the Union may, within twenty one (21) calendar days after the written decision at Step Two, advance the matter to arbitration. The parties agree to meet within fourteen (14) calendar days to select a mutually agreed upon arbitrator. In the event an arbitrator cannot be mutually agreed upon, the Union may submit the matter to the Michigan Employment Relations Commission in accordance with its rules.
 - b. The arbitrator so selected will hear the matter promptly and will issue his decision according to the rules of the Michigan Employment Relations Commission. The arbitrator's decision will be in writing and will set forth his findings of facts, reasoning and conclusions of the issue submitted.
 - c. The power of the arbitrator stems from this Agreement and his function is to interpret and apply this Agreement and to pass upon alleged violations thereof.
 - i. The arbitrator shall have no power to add to, subtract from, disregard, alter, or modify any of the terms of this Agreement.
 - ii. The arbitrator shall have no power to establish salary structures or change any salary.
 - iii. The arbitrator shall have no authority except to pass upon alleged violations of the express provisions of this Agreement, and to determine disputes involving the application or interpretation of the express provisions of this Agreement. The arbitrator shall construe this Agreement in a manner which does not interfere with the exercise of the Township's rights and responsibilities except to the extent that such rights and responsibilities may be expressly limited by the terms of the Agreement.
 - iv. The decision of the arbitrator shall be final and binding on the Union, its members, the employee or employees involved, and the Township, if such decision is within his authority.
 - v. The arbitrator shall not render any decision which would require or permit an action in violation of Michigan law.
 - vi. The arbitrator's fees and expenses shall be shared equally by the Township and the Union. The expenses and compensation of any witnesses or

participant in the arbitration shall be paid by the party calling such witnesses or requesting such participation.

- E. In the event that the Township refuses or fails to answer a grievance within the time limits set forth in this Article, the grievance shall advance automatically to the next highest step of the grievance procedure, unless withdrawn by the Union.
- F. Nothing contained herein shall preclude the grievant from being present during the hearings, upon request of either party.
- G. A grievance may be withdrawn and, if so withdrawn, all financial liability shall be canceled. Where one or more grievances involve a similar issue, the Township and Union may agree to process one of the grievances to conclusion with all similar grievances decided on the basis of the disposition of the representative case.

17. ARTICLE SEVENTEEN: SAFETY

- A. The Township shall endeavor to provide all necessary equipment in good working order to ensure the maximum safety to the employees.
- B. It shall be the duty of any employee of the fire department to report any health or safety concerns/risks to the shift commander. The shift commander shall promptly investigate such concerns/risks, and if possible, rectify same as soon as possible. If the safety concern raised by an employee is of a significant nature, it should be incumbent upon the three shift captains to investigate the situation and come up with a resolution to resolving the safety concern. Once that analysis is completed, said recommendation shall be presented to the Fire Chief for final review and determination.

18. ARTICLE EIGHTEEN: PROMOTIONS

- A. New full-time fire department employees shall be hired as firefighter/paramedics. Firefighters shall be promoted to the rank of engineer after completion of 2 years of department seniority.

1. The rank of firefighter is an entry level position that is subordinate to the rank of engineer. It is not intended to indicate that a member of the department is precluded from driving or operating any department apparatus.
 2. Promotions above the rank of engineer shall be determined by a combination of experience, qualifications, competitive testing, and ranking by a promotion review board, seniority, and overall ability as determined by the fire chief.

E. TESTING PROCEDURES

Testing of Employees:

Testing shall be conducted in a manner to ensure the highest degree of accuracy and reliability and using techniques, equipment, and laboratory facilities, which have been approved by the U.S. Department of Health and Human Services (DHHS). An initial drug screen will be conducted on each urine specimen. For those that are positive, a confirmation test will be performed. An initial alcohol test will be administered; if the alcohol concentration level is higher than 0.020 BAC, a confirmation test will be performed.

All tests will be arranged through a clinic designated by the Township.

- a. A substance test will be administered as part of the medical examination.
- b. Probationary New Hire shall be discharged under the following circumstances:
 - i. Refusal to submit to a required substance test; or
 - ii. Positive test indicating conduct prohibited by this policy.

2. All Non-Probationary Employees

The Township Supervisor or Fire Chief shall authorize testing for the presence of controlled substances and/or alcohol in the following situations:

- a. Before reinstatement to active status following any disciplinary leave without pay or suspension that was related to alcohol, or illegal drug use or possession; or conviction related to alcohol use or illegal drugs possession;

- d. When an employee has been arrested on or off duty for possession, sale, delivery or use of an illegal drug.

3. Random Testing Process

Random drug and alcohol tests shall be unscheduled, and the occurrence of such tests shall be reasonably spread throughout the year. Monthly testing rates shall not exceed ten (10%) percent of the total number of full-time fire department employees covered by this agreement.

- a. The selection of employees for random testing shall be determined by an objective blind-draw method using the last four (4) digits of the employee's social security number. The pool of employees to be selected from shall include only on-duty employees.
- b. Employees who have been selected through the random process shall be notified through the on-duty shift commander and shall report as soon as possible to the testing site.

- c. The testing site to be used shall be mutually agreed upon in advance between the Township and the Union.
4. Test Procedures

 - iii. There will be no acceptance of independent drug or alcohol testing results.

E. CHALLENGES- EMPLOYEE REQUIRED TESTING

An employee who questions the results of a required drug test may request that an additional test be conducted. This test must be conducted at a different testing DHHS certified laboratory. The test must be conducted on the split sample that was provided by the employee at the same time as the original sample. All costs for such testing are paid by the employee unless the result of the split sample test invalidates the result of the original test. The method of collecting, storing and testing the split sample will be consistent with the procedures set forth by the DHHS. Any request for a test of a split sample must be made by the employee to the Township Supervisor or Fire Chief within seventy-two (72) hours of when they originally received notice of the positive result. Request after seventy-two (72) hours will only be accepted if the delay was due to documented facts that were beyond the control of the employee.

- Opiates

If the test indicates an amount equal to or greater than the DHHS cut-off level, the result shall be called positive. This list is based on the current Federal Highway Administration regulations (FHWA). Any changes to the FHWA regulations that result in a change in the type of drugs to be tested, or the level used to indicate a positive result, are hereby incorporated in the Independence Township Fire Department Policy.

2. After Employee is tested:
 - a. The employee will remain off duty, with pay, pending the results of the testing.
 - b. The employee must communicate with his/her supervisor daily to receive return to work date.
