BOARD OF COMMISSIONERS

MARCH 8, 1971

AN ORDINANCE TO PROVIDE FOR THE ACQUISITION AND CONSTRUCTION OF IMPROVEMENTS TO THE MISSAUKEE COUNTY PARK IN THE CITY OF LAKE CITY: TO PROVIDE FOR THE ISSUANCE OF REVENUE BONDS TO PAY THE COST THEREOF UNDER THE PROVISIONS OF ACT 94, PUBLIC ACTS OF MICHIGAN, 1933, AS AMENDED: PROVIDING FOR THE FIXING, COLLECTION, SEGREGATION AND DISPOSITION OF THE REVENUES OF THE MISSAUKEE COUNTY PARK AND PAYMENT OF SAID BONDS OUT OF THE REVENUES THEREOF: AND CREATING A STATUTORY LIEN ON SAID REVENUES.

THE COUNTY OF MISSAUKEE ORDAINS:

Section 1. It is hereby determined to be necessary, for the public health, safety and welfare of the County of Missaukee, to acquire and construct certain improvements to the Missaukee County Park in Lake City, together with necessary equipment, appurtenances and attachments.

Section 2. The cost of said acquisition and construction has been estimated to be Sixty Thousand (\$60,000.00) Dollars, including the payment of incidental expenses as specified in Section 3 of this Ordinance, which estimate of cost is hereby approved and confirmed, and the period of usefulness of said Park is estimated to be not less than forty (40) years. The said costs will be financed by the revenue bonds issued pursuant to this Ordinance.

Section 3. To pay the cost of acquiring and constructing said improvements, including the payment of legal, financial and other expenses incident thereto and incident to the issuance and sale of the bonds, it is hereby determined that the County of Missaukee shall borrow the sum of Sixty Thousand (\$60,000.00) Dollars and that revenue bonds be issued therefore pursuant to the provisions of Act 94, Public Acts of Michigan, 1933, as amended, which bonds are referred to in this Ordinance as "the bonds."

Whenever the words "the Park" are referred to in this Ordinance, they shall be understood to mean the complete Missaukee County Park in the City of Lake City, including all real estate, buildings and equipment and all other facilities used or useful in its operation, as well as all appurtenances and attachments thereto, and including all extensions and improvements thereto, which may hereafter be acquired.

Whenever the words "revenues" and net revenues" are used in this Ordinance, they shall be understood to have the meanings as defined in Section 3, Act 94, Public Acts of Michigan, 1933, as amended.

Section 4. Said bonds shall be designated PARK REVENUE BONDS and shall be not general obligations of the County of Missaukee but revenue bonds payable solely out of the net revenues of the Park after provision has been made for the payment of expenses of administration, operation and maintenance, and shall consist of sixty (60) bonds of the denominations of \$1,000.00 each, dated as of June 1. 1971, numbered in direct order of maturity from 1 upwards and maturing, without option of prior redemption, as follows:

- \$11,000.00 October 1, 1976:
- \$12,000.00 October 1. 1977.

Said bonds shall bear interest at a rate or rates not exceeding seven and one-half per cent (7-1/2%) per annum, payable on April 1, 1972, and semi-annually thereafter on October 1st and April 1st of each year, both principal and interest to be payable in lawful money of the United States of America in a band or trust company to be designated by the purchases of the bonds.

Said bonds may be registered as to principal only in the manner and with the effect set forth on the face thereof, as hereafter provided.

Said bonds shall be signed by the Chairman of the County Board of Commissioners and countersigned by the County Clerk and shall have the corporate seal of the County impressed thereon, and shall have interest coupons attached bearing the facsimile signatures of said Chairman and County Clerk. After execution, said bonds shall be held by the County Treasurer pending delivery to the purchases thereof.

Section 5. Said bonds and the attached coupons shall not be a general obligation or indebtedness of the County of Missaukee, but shall be payable solely from the net revenues derived from the operation of the Park and to secure such payment, there is hereby created a statutory first lien upon the whole of the net revenues of said Park to continue until the payment in full of the principal and interest on said bonds.

Section 6. The holder or holders of said bonds or coupons representing in the aggregate not less than twenty per cent (20%) of the entire issue than outstanding may, either at law or in equity, by suit, action, mandamus or other proceedings, protect and enforce the statutory first lien upon the revenues of said Park, and may, but suit, action, mandamus or other proceedings, enforce and compel performance of all duties of the officers of the County of Missaukee, including the fixing of sufficient rates, the collection of revenues, the proper segregation of the revenues of the Park and the proper application

thereof: Provided, however, that the statutory lien upon said revenues shall not be construed as to compel the sale of the Park.

If there be any default in the payment of the principal of or interest upon any of said bonds, and court having jurisdiction in any proper action may appoint a receiver to administer and operate said Park on behalf of the county and under the direction of said court, and by and with the approval of said court to perform all of the duties of the officials of said County, more particularly set forth herein and in Act 94, Public Acts of Michigan, 1933, as amended.

The holder or holders of any such bonds or any coupons there from shall have all other rights and remedies given by said Act 94, Public Acts of Michigan, 1933, as amended, for the collection and enforcement of said bonds and the security therefore.

Section 7. The construction, alteration, repair and management of the Park shall be under the general supervision and control of the county Board of Commissioners and shall be operated by the Missaukee County Road Commission under the County Commission's direction. Said Road Commission may employ such persons or persons in such capacity or capacities as it deems advisable to carry on the efficient management and operation of the Park, and may make such rules, orders and regulations as it deems advisable and necessary to assure the efficient management and operation of the Park.

Section 10. The rates hereby fixed are estimated to be sufficient to provide for the payment of the expenses of administration and operation and such expenses for maintenance of the said Park as are necessary to preserve the same in good repair and working order; to provide for the payment of the interest upon and the principal of all the bonds as and when the same become due and payable, and the creation of the reserve therefore required by this Ordinance: and to provide for such other expenditures and funds for said Park as this Ordinance may require. Such rates shall be fixed and revised from time to time as may be necessary to produce these amounts; and it is hereby covenanted and agreed at all times to fix and maintain such rates for services furnished by the Park as shall be sufficient to provide for the foregoing.

Section 11. The Park shall be operated on the basis of an operating year commencing on January 1st and ending on the 31st day of December next following.

Section 12. From and after the effective date of this Ordinance, all funds on hand not otherwise earmarked and all revenues of the Park shall be set aside as collected and deposited in a separate depository account in the First National Bank of Lake City, of Lake City, Michigan, a bank duly qualified to do business in Michigan, in an account to be designated PARK RECEIVING FUND (hereinafter, for brevity, referred to as the "Receiving Fund"), and said revenues so deposited are pledged for the purpose of the following funds and shall be transferred from the Receiving Fund periodically, in the manner and at the times hereinafter specified.

(A) OPERATION AND MAINTENANCE FUND.

Out of the revenues in the Receiving fund there shall be first set aside quarterly, commencing on the effective date of this Ordinance, into a separate depository account, designated OPERATION AND MAINTENANCE FUND, a sum sufficient to provide for the payment of the next quarter's current expenses of administration and operation of the Park and such current expenses for the maintenance thereof as may be necessary to preserve the same in good repair and working order.

The County Commission, prior to the commencement of each operating year, shall adopt a budget covering the foregoing expenses for each year, and such total expenses shall not exceed the total amount specified in said budget, except by a vote of two-thirds (2/3) of the members of the County Commission.

(B) BOND AND INTEREST REDEMPTION FUND

There shall next be established and maintained a separate depository account, designated as the BOND AND INTEREST REDEMPTION FUND, the moneys on deposit therein from time to time to be used solely for the purpose of paying the principal of and interest upon the bonds hereby authorized. The moneys in the bond and Interest Redemption Fund (including the Bond Reserve Account hereinafter established) shall be kept on deposit with the bank or trust company where the principal and interest on the bonds herein authorized are currently payable.

Out of the revenues remaining in the Receiving Fund, after provision has been made for expenses of operation and maintenance of the Park there shall next be set aside quarterly in the bond and Interest Redemption Fund a sum proportionately sufficient to provide for the payment of the principal of and interest upon all outstanding bonds payable from the revenues of the Park as and when the same become due and payable. Commencing April 1, 1971, the amount so set aside for interest during the second and third quarters of the respective operating year shall not be less than one-half (1/2) of the total amount of interest maturing on the following October 1st and during the fourth and first quarters of the respective operating years not less than one-half (1/2) of the total amount of interest maturing on the following April 1st. The amount so set aside for principal during each quarter, commencing October 1, 1971, shall be not less than one-quarter (1/4) of the amount of principal maturing on October 1st of the following operating year. If there shall be any deficiency in the amount previously required to be set aside, then the amount of such deficiency shall be added to the current requirements.

There is hereby established in the Bond and Interest Redemption Fund a separate account, to be known as the BOND RESERVE ACCOUNT, into which account there shall be set aside each quarter, after provision has been made for the Operation and Maintenance Fund and current requirements of the Bond and Interest Redemption Fund, the sum of \$4,300.00 in each of the operating years commencing January 1, 1971, 1972 and 1973, so that the said Bond Reserve Account shall at the close of the operating year commencing January 1, 1973 total \$12,900.00. The money in said Bond Reserve Account shall be used solely for the payment of the principal and interest on said bonds as to which there would otherwise be default. If at any time it shall be necessary to use moneys in the Bond Reserve Account for such payment, then the moneys so used shall be replaced from the net revenues first received thereafter which are not required by this Ordinance to be used for operation and maintenance or for current principal and interest requirements.

No further payments need be made into the Bond and Interest Redemption fund after enough of the bonds have been retired so that the amount then held in said fund (including the Bond Reserve Account) is equal to the entire amount of principal and interest which will be payable at the time of maturity of all the bonds then remaining outstanding.

(C) REPLACEMENT FUND

There shall next be established and maintained a separate depository account, designated REPLACEMENT FUND, which shall be used solely for the purpose of making major repairs and replacements to the Park, if needed. There shall be set aside into said fund each quarter, after provision has been made for the Operation and Maintenance Fund and the Bond and Interest Redemption Fund (including the Bond Reserve Account), the sum of \$1,000.00 in each of the operating years commencing January 1, 1971, 1972 and 1973, so that said Replacement Fund shall at the close of the operating year commencing January 1, 1973 total \$3,000.00. If at any time it shall be necessary to sue moneys in said fund for such purpose, the moneys so used shall be replaced from the net revenues in the Receiving Fund, which are not required by this Ordinance to be used for the

Operation and Maintenance Fund or the Bond and Interest Redemption Fund (including the Bond Reserve Account).

(D) IMPROVEMENT AND EXPANSION FUND

There shall next be established and maintained an Improvement and Expansion fund for the purpose of making improvements, extensions and enlargements to the Park. There shall be deposited into said fund each quarter, after providing for all of the foregoing requirements, such sum as the County Commission shall determine.

(E) SURPLUS MONEYS

Moneys remaining in the Receiving Fund at the end of any operating year, after full satisfaction of the requirements of the foregoing funds, may, at the option of the County Commission, be transferred to the Bond and Interest Redemption fund and used for the purpose of calling bonds for redemption, in the manner herein specified, or transferred to the Improvement and Expansion Fund or used for any other lawful purpose of calling bonds for redemption, in the manner herein specified, or transferred to the Improvement and Expansion Fund or used for any other lawful purpose connected with the Park: Provided, however, that if there should be any deficit in the Operation and Maintenance Fund, Bond and Interest Redemption Fund (including the Bond Reserve Account), or the Replacement Fund on account of default in setting aside therein the amounts hereinbefore required, then transfers shall be made from the moneys remaining in the Receiving Fund at the end of any operating year to such funds, in the priority and order named, to the extent of such deficits.

(F) BANK ACCOUNTS

Moneys in the several funds and accounts established pursuant to this Ordinance, except moneys in the Bond and Interest Redemption fund (including the Bond Reserve Account) and moneys derived from the proceeds of sale of the bonds, may be kept in one bank account, in which event the moneys in said bank account shall be allocated on the books and records of the county to the funds and accounts herein established, in the manner and at the times as provided in this Ordinance.

Section 13. In the event the moneys in the Receiving Fund are insufficient to provide for the current requirements of the Operation and Maintenance fund or the Bond and Interest Redemption fund, any moneys and/or securities in other funds of the Park shall be transferred, first, to the Operation and Maintenance fund, and second, to the Bond and Interest Redemption Fund, to the extent of any deficit therein.

Section 14. Moneys in any fund or account established by the provisions of this Ordinance, including moneys derived from the proceeds of sale of the bonds, may be invested in obligations of the United States of America, in the manner and subject to the limitations provided in Act 94, Public Acts of Michigan, 1933, as amended. In the event such investments are made, the securities representing the same shall be kept on deposit with the bank or trust company having on deposit the fund or funds from which such purchase was made. Income received from such investments shall be credited to the fund from which such investments were made.

Section 15. Said bonds shall be sold and the proceeds applied in accordance with the provisions of Act 94, Public Acts of Michigan, 1933, as amended.

Section 16. The proceeds of the sale of the bonds herein authorized to be issued shall be deposited in the First National Bank of Lake City, Lake City, Michigan, a bank insured by the Federal Deposit Insurance Corporation. From the proceeds of sale of the bonds there shall be immediately transferred to the Bond and Interest Redemption Fund the accrued interest, and premium, if any, received on sale and delivery of the bonds. The balance of such proceeds shall be applied solely in payment of the cost of the public improvements hereinbefore described and any engineering, legal and other expenses incident thereto and to the financing thereof. Payment for construction, either on account or otherwise, shall not be made unless the registered engineer in charge of such work shall file with the County Commission a signed statement to the effect that the work has been completed in accordance with the plans and specifications therefore; that it was done pursuant to an in accordance with the contract therefore and that such work is entirely satisfactory.

Any unexpended balance of the proceeds of sale remaining after completion of the public improvements herein authorized, may, in the discretion of the County Commission and to the extent of fifteen per cent (15%) of the amount of the bonds authorized by this Ordinance, be used for further improvements, enlargements and extensions to the Park, provided that at the time of such expenditures such use be approved by the Municipal Finance Commission. Any remaining balance after such expenditure shall be paid into the Bond and Interest Redemption Fund and shall be used for the redemption of callable bonds, or, prior to the first call date only, purchasing bonds on the open market at not more than the fair market value thereof and at a price in any event not exceeding the first call price.

Section 17. The County of Missaukee covenants and agrees with the successive holders of the bonds and coupons that so long as any of the bonds remain outstanding and unpaid as to either principal or interest –

(a) The County of Missaukee will maintain the Park in good repair and working order and will operate the same efficiently and will faithfully and punctually perform all duties with reference to the Park required by the Constitution and laws of the State of Michigan, including the making and collecting of sufficient rates for revenue-producing services and facilities furnished by the Park and the segregation and application of the revenues of the Park, in the manner provided in this Ordinance.

(b) The County Commission will cause to be maintained and kept proper books of record and account, separate from all other records and accounts of the County, in which shall be made full and current entire of all transactions relating to the Park. Not later than sixty (60) days after the close of each operating year the County commission will cause to be prepared, on forms furnished by the Municipal Finance Commission if such forms are available, a statement, in reasonable detail, sworn to by its Chief Accounting Officer, showing the cash income and disbursements of the Park during each operat-

ing year, the assets and liabilities of the Park at the beginning and close of the fiscal year, and such other information as is necessary to enable any taxpayer of the County, user of the Park, or any holder or owner of the bonds, or anyone acting in their interest, to be fully informed as to all matters pertaining to the financial operation of the Park during such year. A certified copy of such statement shall be filed within seventy-five (75) days after the close of each operating year with the Municipal Finance Commission and a copy sent to the manager of the account purchasing the bonds. Such statement and books of record and account shall at all reasonable times be open to inspection by any taxpayer of the County, user of the Park, or holders of any bonds, or anyone acting in their behalf. The County Commission will also cause an annual audit of such books of record and account for the preceding operating year to be made each year by a recognized independent certified public accountant, and will mail a copy of such audit to the manager of the syndicate or account purchasing the bonds. Such audit shall be completed and so made available not later than three (3) months after the close of each operating year, at the County's option, and may be furnished in substitution for the statements mentioned above.

(c) The County will maintain and carry, for the benefit of the holders of the bonds, insurance on all physical properties of the Park, of the kinds and in the amounts normally carried by municipalities engaged in the operation of similar parks. All moneys received for losses under any such insurance policies shall be applied solely to the replacement and restoration of the property damaged or destroyed, and to the extent not so used, shall be used for the purpose of calling bonds.

(d) The County will not sell, lease or dispose of the Park, or any substantial part thereof, until all of the bonds have been paid in full, both as to principal and interest. The County further will cause the operation of the Park to be carried on as economically as possible, will cause to be made to the Park all repairs and replacements necessary to keep the same in good repair and working order, and will not do, or suffer to be done, any act which would affect the Park in such a way as to impair or affect unfavorably the security of the bonds. The County will not grant any franchise that will result in the operation of a competing park.

Section 18. The right is reserved, in accordance with the provisions of Act 94, Public Acts of Michigan, 1933, as amended, to issue additional bonds payable from the revenues of the Park, which shall be of equal standing with the bonds herein authorized, but only for the following purposes:

(a) To complete the acquisition or construction of the public improvements herein referred to: Provided that such bonds shall not be authorized unless a proper officer or engineer of the County shall execute a certificate evidencing the fact that additional funds are needed to complete said acquisition or construction. If such certificate shall be so executed and filed with the County Clerk, it shall be the duty of the County Commission to provide for and issue additional revenue bonds in the amount stated in said certificate to be necessary to complete said acquisition or construction.

(b) For subsequent extensions and improvements to the Park: Provided that no such additional bonds shall be issued unless the net revenues for the last preceding completed operating year of the Park, when supplemented by the net revenues estimated to accrue from increased or additional rates imposed at or prior to the time of authorization of the additional bonds and /or when supplemented by the net revenues estimated to accrue from the said extension and improvements to be built, in whole or in part, from the proceeds of sale of said additional bond, shall be equal to at least one hundred fifty per cent (150%) of the largest annual principal and interest requirements thereafter maturing on the bonds herein authorized, or any then previously issued bonds of equal standing with the bonds herein authorized, and on such additional bonds then being issued. For the purpose of determining net revenues under the above requirements, if the County shall raise or add to the rates at or prior to the time of authorizing such additional bonds, then the net revenues of the Park for the last preceding operating year shall be augmented to an amount reflecting the effect of such increase or addition had the rates during such years been at the higher level. In addition, the said net revenues for the last preceding operating year shall be increased by an amount to reflect the increase in net revenues estimated to accrue from the said extensions and improvements. Prior to the issuance of any additional bonds pursuant to this paragraph, there shall be filed with the County Clerk a statement showing the net revenues for the last preceding completed operating year, the net additional or augmented revenues reflecting the application of the increased of additional rates and from the additions and extensions to be acquired and constructed, if any, and the annual principal and interest requirements on all outstanding bonds payable from revenues of the Park and the bonds proposed to be issued. Said statement shall be executed by a proper officer designated by the County. Permission of the Municipal Finance Commission (or such other State body having jurisdiction over the issuance of municipal bonds) to issue such additional bonds shall constitute a conclusive presumption of the existence of conditions permitting the issuance thereof.

Except as herein authorized, no additional bonds having equal standing with the bonds of this issue shall be authorized or issued.
