TABERNACLE TOWNSHIP COMMITTEE EXECUTIVE SESSION
MAY 24, 2021

RESOLUTION – CS 05-242021 – EXECUTIVE SESSION – Litigation/Legalities regarding Cannabis

The Committee, Mr. Burns, Mr. Cramer, and the Municipal Clerk entered executive session at 8:20 p.m. Mr. Burns reported that the executive session is in compliance with the law. He discussed the OPRA request of Fran Brooks. She is requesting personal email addresses. They are the Committee’s private ones, except if they are discussing business. Mr. Burns advised the Committee to only use the township email address to discuss business. If anyone uses their private email address for business, they need to forward same to the Clerk. Committeeman Sunbury asked if Brooks sends to their private email, what should they do, to which Mr. Burns advised they can ignore it or respond that no public business is to be discussed on their personal email account. Mayor Brown advised that she does not open any email. Ms. McGinnis asked if this included someone asking about trash, to which Mr. Burns responded it does and should be forwarded to the Township.
Mr. Burns advised the Committee that that the Cannabis ordinance is good. He wanted to make sure that the entire committee does not want any cannabis in the Township. Mr. Burns had some reservations concerning the Brigantine ordinance concerning the smoking of cannabis, smoking, vaping, chewing tobacco. Mr. Barton advised that Brigantine does not allow cannabis in the public right of way, walking down the street. Mr. Sunbury agreed that it should be banned in public places, except the right of ways as it would be impossible to enforce. Mr. Burns will have three separate ordinances on cannabis ready for the workshop.
