WYLIE

Lessons in leadership

Wylie Mayor Eric Hogue welcomed members of Teri Harrington's Wylie High School Student Leadership class Feb. 3 and shared his perspective on what it takes to be a leader. Hogue said he represents the legislative portion of the city's government and therefore the people. He said he is the mayor 24/7 and is willing to speak with citizens whenever he encounters them in the community. He also discussed some of his duties, such as being Wylie's proponent at the annual shopping center conference in Las Vegas, where he and other city officials pursue new businesses for Wylie.
